

Dr. Kenrick C. Fraser, DM, PfMP, PMP

Turn your strategy into progress you can see.

I help CEOs, COOs, and transformation leaders align strategic intent, investments, governance, and delivery into an execution engine that reduces value leakage.

WHAT LEADERS CAN ACHIEVE WITH ME

Align strategic intent. Build the portfolio roadmap.
Sequence execution. Reduce value leakage.

From advance planning through value realization, I connect priorities, decisions, resources, and handoffs so the enterprise can move as one.

HOW I CAN HELP

Strategic intent and investment alignment

Translate intent into investment criteria and measurable outcomes; challenge work misaligned with enterprise priorities.

Portfolio architecture

Build portfolio roadmaps, sequence initiatives, and map dependencies; align funding and capacity with priorities.

Adaptive and tiered governance

Establish decision rights, escalation thresholds, and proportionate oversight to reduce decision delays and address risk.

PMO Modernization and execution leadership

Modernize PMO practices, reporting, and tools; coordinate resources, handoffs, and change to reduce value leakage.

AI governance and value

Connect workflows, adoption, ownership, and released capacity to measurable business outcomes.

SIGNATURE ENGAGEMENTS

90-Day PMO Modernization - Strengthen governance and activate a practical modernization roadmap.

AI Program Integrity Review (10 Days) - Assess readiness, governance, adoption, and intended value.

Portfolio Architecture Sprint (30 Days) - Build a strategy-aligned roadmap with sequencing, dependencies, and capacity tradeoffs.

LEADERSHIP THAT CONNECTS THE ENTERPRISE

PMO discipline and enterprise change management, executive decision communication, and cross-industry experience - focused on practical, measurable improvement.

Let's identify the fastest path to value.

Share your priority and current stage - I'll recommend the right starting point.
