EXPERIENCE

- 2024 – Present **UI/WEB DESIGNER & FRAMER DEVELOPER**
GENZIO · WEB3 DIGITAL AGENCY
- Design and build client websites end-to-end in Framer, from concept to launch, including custom React and Three.js code components
 - Deliver client brand materials: landing pages, proposal decks, brand guidelines and marketing assets
 - Create social media content and visual assets for the agency's channels
- 2022 – 2024 **UI/UX DESIGNER**
LIMON İSTANBUL
- Designed e-commerce websites for agency clients — product listings, product detail pages and checkout flows focused on conversion
 - Delivered full UI in Figma, from wireframes to high-fidelity screens and responsive layouts
 - Worked closely with developers to ensure faithful implementation across desktop and mobile
- 2021 **UI/UX DESIGNER**
BERANET
- Designed user interfaces and interactive prototypes in Figma for web products

EDUCATION

- 2017 – 2019 **İSTANBUL KÜLTÜR UNIVERSITY**
TOURISM & HOTEL MANAGEMENT
- Associate degree

ABOUT ME

UI/Web Designer with 4+ years of experience designing and building production websites. I combine visual design in Figma and Photoshop with hands-on implementation in Framer, including custom React and WebGL code components. Based in Spain, working with international clients across web3, fintech and SaaS.
