The name C2V incorporates our initiative to maintain a Customer Centric Vision. We prioritize customers and restore personal connections in the safety industry, countering consolidated players and a lack of customer care.

C2V carries another significance as it reunites Craft and Varma, inspired by their shared passion to tackle the industry's impersonal nature. Our second venture aims to create a company dedicated to restoring a personal touch in customer interactions

CORE VALUES

Accountability

We take ownership of our responsibilities and deliver results that instill confidence in our customers and team members, creating a culture of reliability and trust.

Innovation

We continuously seek creative, forward-thinking solutions that enhance our products and services for the benefit of our customers.

Collaboration

C2V flourishes through open communication & teamwork. We collaborate closely with customers and employees to co-create solutions that meet unique needs, exceed expectations and achieve mutual success.

Empathy

Empathy drives our day-to-day operations, ensuring that we prioritize understanding the needs and perspectives of both our customers and team members.

Excellence

We set high standards, continuously improve our offerings, and go above and beyond to provide exceptional products and services to our valued customers.

X-SLASH CUT RESISTANT GLOVES

C2V's X-Slash gloves are made from 13 gauge, engineered high performance polyethylene (HPPE), these gloves provide ANSI A6 cut resistance and come in multiple palm coatings. ANSI Abrasion level 5 resistance, ANSI Puncture level 4.

ANSI/ISEA 105

DESCRIPTION

- The X-Slash series helps you get a grip on your toughest jobs. We use an engineered HPPE shell to offer better protection against cuts (ANSI Cut Level A6), punctures, and abrasion. We offer this hand protection in 4 different styles. The gloves also includes touchscreen friendly fingertips and all are Sanitized, for when the scrolling gets tough and the job gets dirty.

APPLICATIONS

- Handling Metal Sheets
- Handling Sharp/Rough Parts
- Cutting Glass Sheets
- Structural Components
- Press Shop Operators

INDUSTRIES

- Automotive
- Chemical
- Machinery
- Metal Fabrication
- General Industry

FEATURES/BENEFITS

- ANSI A6 Cut Resistance
- ANSI Abrasion 5
- ANSI Puncture 4
- Heavy duty, Engineered HPPE Shell
- Convenient Touchscreen Fingertips
- Sanitized®

OMNI X 1132G

C2V's OMNI X 1132G premium cut resistant gloves. 18 gauge high performance C-TRON shell contains no glass or steel. Sandy Foam Nitrile palm for superior grip. ANSI A5 cut resistance, ANSI Abrasion level 5 resistance, ANSI Puncture level 3.

ANSI/ISEA 105

DESCRIPTION

- The OMNI-X 1132G combines cut resistance, and dexterity in one glove. The 18-gauge C-TRON shell provides ANSI A5 cut resistance without the use of steel or glass. The black nitrile palm coating has a sandy finish to give your hands maximum abrasion and puncture resistance, all while helping to secure your grip in harsh, oily, or wet environments. These gloves are great for working with sharp or jagged materials. And, if the protective qualities aren't enough, we've also given the 1132G touchscreen capabilities and an anti-microbial finish. ANSI Abrasion level 5 resistance, ANSI Puncture level 3 resistance.

APPLICATIONS

- Sharp Parts Handling
- Glass Cutting
- Sheet Metal Handling
- Loading/Unloading
- Press Injection Molding

INDUSTRIES

- Construction
- Automotive
- Metal Fabrication
- Machinery/Equipment
- General Purpose

FEATURES/BENEFITS

- ANSI/ISEA-105 A5 Cut Resistance
- ANSI/ISEA 105 Abrasion 5
- ANSI /ISEA 105 Puncture 3
- Lightweight, highly dexterous and comfortable for all day wear.
- Touchscreen Fingertips
- Sanitized®
- Unit of Sale - 1 Pair
- Case Pack - 144 Pair
- Sizes Available - S - 2XL

OMNI X

OMNI X 1134G

C2V's OMNI X 1134G premium cut resistant gloves. 18 gauge high performance C-TRON shell contains no glass or steel. Water Flash, Micro-Foam Nitrile palm for superior grip. ANSI A5 cut resistance, ANSI Abrasion level 5 resistance, ANSI Puncture level 3.

ANSI/ISEA 105

■ DESCRIPTION

- The OMNI-X 1134G combines cut resistance, and dexterity in one glove. The 18-gauge C-TRON shell provides ANSI A5 cut resistance without the use of steel or glass. The black nitrile micro foam palm coating provides maximum abrasion and puncture resistance, all while helping to secure your grip in harsh, oily, or wet environments. These gloves are great for working with sharp or jagged materials. And, if the protective qualities aren't enough, we've also given the 1134G touchscreen capabilities and an anti-microbial treatment. ANSI Abrasion level 5 resistance, ANSI Puncture level 3 resistance

■ APPLICATIONS

- Waste Handling/Recycling
- Material Handling
- Glass Handling
- Woodworking

■ INDUSTRIES

- Construction
- Sanitation
- Fishing Industries
- Recycling

■ FEATURES/BENEFITS

- ANSI/ISEA-105 A5 Cut Resistance
- ANSI/ISEA 105 Abrasion 5
- ANSI /ISEA 105 Puncture 3
- Lightweight, highly dexterous and comfortable for all day wear.
- Touchscreen Fingertips
- Sanitized®
- Unit of Sale - 1Pair
- Case Pack - 144 Pair
- Sizes Available - S - 2XL

OMNI X

OMNI X 1135G

C2V's OMNI X premium cut resistant gloves Made from 18 gauge engineered HPPE shell contains no glass or steel. Sandy Foam Nitrile palm for superior grip. ANSI A9 cut resistance, ANSI Abrasion level 6 resistance, ANSI Puncture Level 4.

ANSI/ISEA 105

■ DESCRIPTION

- The Omni-Xtreme 1135G combines top level cut protection, dexterity and affordability to create the ultimate in hand protection. The 18-gauge Engineered HPPE shell provides ANSI A9 cut resistance. The black sandy nitrile palm coating helps you secure your grip in dry or wet/oily environments. These gloves are great for working with sharp or jagged materials. If the protective qualities aren't enough, we've also given the 1135G touchscreen capabilities. ANSI Abrasion level 5 resistance, ANSI Puncture level 4 resistance. Like the name implies, this glove covers it all.

■ APPLICATIONS

- Sharp Parts Handling
- Glass Cutting
- Sheet Metal Handling
- Loading/Unloading
- Press Injection Molding

■ INDUSTRIES

- Construction
- Automotive
- Metal Fabrication
- Machinery/Equipment
- Hardcore Work!

■ FEATURES/BENEFITS

- ANSI/ISEA-105 A9 Cut Resistance
- ANSI/ISEA 105 Abrasion 6
- ANSI /ISEA 105 Puncture 4
- Hi cut, abrasion and puncture while offering a comfortable all-day wear.
- Touchscreen
- Unit of Sale - 1 Pair
- Case Pack - 144 Pair
- Sizes Available - S - 2XL

OMNI Xtreme

X-SLASH 1140G

X-SLASH 1140G, Yellow, 10-Gauge Engineered Aramid Shell, Blue Crinkle Finish Latex Palm Coating, ANSI Cut A5

ANSI/ISEA 105

DESCRIPTION

- The X-Slash 1140G provides a unique combination of visibility, gripping power, and ANSI A5 cut resistance. The yellow 10-gauge Engineered Aramid shell helps you see your hands and protects them against abrasions and punctures, while the blue crinkle latex palm coating helps you get a grip in wet conditions.

APPLICATIONS

- Waste Handling/Recycling
- Material Handling
- Glass Handling
- Woodworking

INDUSTRIES

- Construction
- Sanitation
- Fishing Industries
- Recycling

FEATURES/BENEFITS

- ANSI/ISEA-105 A5 Cut Resistance
- ANSI/ISEA 105 Abrasion 4
- ANSI /ISEA 105 Puncture 4
- CE/EN 407:3030, 6.3 & EN ISO 12127-1:2016 - Contact Level 2 Heat Resistance (482° for 15 seconds).
- Unit of Sale - 1 Dozen
- Case Pack - 6 Dozen
- Sizes Available - S - XL

X-SLASH PREMIUM GOATSKIN DRIVERS-NON IMPACT

C2V's X-SLASH Premium Goatskin Drivers, Cut & Sewn Liners are sewn into the glove to provide cut protection, longevity, dexterity and durability. These gloves are made for hardcore work.

X-SLASH & SMASH

C2V's X-SLASH & SMASH series offers a variety of options to help protect your hands from lacerations and back of hand injuries. Included on this page are ANSI Cut A2, Level 2 Impact options.

X-SLASH & SMASH 3200G

ANSI/ISEA 105

ANSI / ISEA 138

DESCRIPTION

- The X-Smash 3200G is designed for tough & dirty jobs. The breathable and lightweight 13-gauge polyester shell comes in hi-visibility lime green to increase awareness on the job, while the black nitrile palm coating with padded palm has a sandy finish for extra abrasion resistance and gripping power in harsh, oily, or wet environments. The TPR layer on the back of the hand and fingers provides ANSI 2 impact protection that flexes with your hand's natural movement. ANSI A2 cut level protection, ANSI Abrasion level 4 resistance, ANSI Puncture level 2 resistance.

APPLICATIONS / INDUSTRIES

- Oil & Gas
- Turning Wrenches
- Loading & Hauling
- Maintenance & Repair

X-SLASH & SMASH 3202G

ANSI/ISEA 105

ANSI / ISEA 138

DESCRIPTION

- The X-Smash 3202G combines impact resistance and cut resistance in a form-fitting product. The breathable spandex back comes in hi-visibility lime green to increase awareness on the job with a traditional favorite corded canvas palm. The TPR layer on the back of the hand and fingers provides ANSI 2 impact protection that flexes with your hand's natural movement. With ANSI A2 cut resistance and reinforcements at the thumb saddle, the X-Smash 3202G can play full-time wingman for dirty jobs. ANSI Abrasion level 3 resistance.

APPLICATIONS / INDUSTRIES

- Oil & Gas
- Petrochemical
- Oil Environments
- Materials Handling

X-SLASH & SMASH 3301G

C2V's X-SLASH & SMASH 3301G X-SLASH & SMASH, Salt/Pepper 13 Gauge Engineered HPPE Shell, Black Sandy Foam Nitrile Palm, Velcro Closure, ANSI Cut Level A6, Impact Level 2.

ANSI/ISEA 105

ANSI / ISEA 138

DESCRIPTION

- The X-Slash & Smash 3301G combines impact protection with cut resistance and a lightweight, secure fit. Our 13-gauge alloy HPPE knit provides ANSI A6 cut protection while maintaining breathability. Additional TPR layers provide ANSI 2 impact protection where it matters most, while the black sandy nitrile palm coating protects your hands against abrasions, snags, and punctures. A reinforced thumb saddle and hook-and-loop closure at the wrist ensure a durable, secure fit. The 3301G also has touch-capable fingertips, so you can swipe right without taking them off.

APPLICATIONS

- Unloading/Stacking Pipe
- General Pumping Work
- Scaffolding
- Running Tools into Wellbore
- Most Rugged Environments

INDUSTRIES

- Oil & Gas
- Construction
- Mining
- Manufacturing
- Automotive

FEATURES/BENEFITS

- ANSI/ISEA-105 A6 Cut Resistance
- ANSI/ISEA 105 Abrasion 6
- ANSI / ISEA 105 Puncture 4
- ANSI/ISEA 138 Impact 2
- Built for durability and heavy duty work.
- Velcro Closure at the wrist.
- Touchscreen Fingertips
- Sanitized®
- Unit of Sale - 1 Pair
- Case Pack - 48 Pair
- Sizes Available - S - 2XL

X-SLASH & SMASH 3302G

C2V's X-SLASH & SMASH 3302G X-SLASH & SMASH, Salt/Pepper 13 Gauge Engineered HPPE Shell, Red Sandy Foam Nitrile Palm, Knitwrist, ANSI Cut Level A6, Impact Level 2.

ANSI/ISEA 105

ANSI / ISEA 138

DESCRIPTION

- The X-Slash & Smash 3302G combines impact protection with cut resistance and a lightweight, secure fit. Our 13-gauge alloy HPPE knit provides ANSI A6 cut protection while maintaining breathability. Additional TPR layers provide ANSI 2 impact protection where it matters most, while the red sandy nitrile palm coating adds an extra layer of visibility while protecting your hands against abrasions, snags, and punctures. A reinforced thumb saddle and elastic knit wrist ensure durability and easy removal. But you won't need to take these off to answer the phone – the 3302G also has touch-capable fingertips.

APPLICATIONS

- Unloading/Stacking Pipe
- General Pumping Work
- Scaffolding
- Running Tools into Wellbore
- Most Rugged Environments

INDUSTRIES

- Oil & Gas
- Construction
- Mining

OMNI X+ 3312G

OMNI-X+ 3312G. Premium 18-gauge C-TRON Shell, No Glass & No Steel, Black Sandy Foam Nitrile Palm, Nitrile Thumb Reinforcement, Knitwrist, ANSI Cut A5, ANSI Level 2 Impact

ANSI/ISEA 105

ANSI / ISEA 138

DESCRIPTION

- The OMNI-X+ 3312G combines impact protection with cut resistance and a lightweight, secure fit. Our 18-gauge C-TRON shell contains no glass or steel while offering ANSI A5 cut protection. The back of hand pattern offers maximum coverage without compromising dexterity or comfort and provides ANSI 2 impact protection. The form fitting, black sandy nitrile palm coating with a nitrile reinforced thumb, protects your hands against abrasions, snags, and punctures. The 3312G also has touch-capable fingertips, so you can swipe right without taking them off. Knitwrist cuff keeps debris out and provides a comfortable, secure fit. Sanitized®

APPLICATIONS

- Machine Maintenance
- Small Parts Handling
- Framing/Demolition
- Material Handling
- Hot/Intense Work Conditions

- Automotive

FEATURES/BENEFITS

- ANSI/ISEA-105 A5 Cut Resistance
- ANSI/ISEA 105 Abrasion 5
- ANSI / ISEA 105 Puncture 3
- ANSI/ISEA 138 Impact 2
- Most comfortable, dexterous cut and impact resistant glove on the market.
- Knitwrist.
- Touchscreen
- Sanitized®
- Unit of Sale - 1 Pair
- Case Pack - 72 Pair
- Sizes Available - S - 3XL

OMNI X+

OMNI X+ 3313G

OMNI-X+ 3313G. Premium 18-gauge C-TRON Shell, No Glass & No Steel, Red Sandy Foam Nitrile Palm, Nitrile Reinforced Thumb, Velcro Closure at the wrist, ANSI Cut A5, ANSI Level 2 Impact

ANSI/ISEA 105

ANSI / ISEA 138

DESCRIPTION

- The OMNI-X 3313G provides a secure, comfortable, lightweight all-day wear. Made from our 18-gauge C-TRON shell contains no glass or steel and provides ANSI A5 protection. The back of hand pattern offers maximum coverage without compromising dexterity or comfort and provides ANSI 2 impact protection. The flexible red sandy foam nitrile palm with reinforced thumb saddle provides durability and visibility in the field. The 3313G also has touchscreen fingertips so you can swip right without taking them off. It also features a velcro closure at the wrist for a secure, no slip wear. Sanitized®.

OMNI X+

X-SLASH & SMASH PREMIUM GOATSKIN

X-SLASH & SMASH, Premium Goatskin Drivers are offered with Engineered HPPE, Engineered Para Aramid and Engineered HPPE with Thinsulate Liners. All versions come with Keystone Thumb and ANSI Level 2 Impact Protection.

DESCRIPTION

- The X-Slash & Smash Premium Goatskin line are the ultimate work-horse gloves. With ANSI A6 and A7 cut protection options, ANSI Level 2 impact protection, and a comfortable goatskin construction, these gloves are perfect for demanding tasks. The goatskin leather provides excellent tactile sensitivity, dexterity and comfort. The ergonomic keystone thumb reduces fatigue, promoting better performance.

APPLICATIONS

- Rodbusting
- Steel Work
- Machine Operation
- Ironworker
- Masonry

C2V 3203G

ANSI/ISEA 105

- The X-Smash 3203G brings impact resistance to the party. The lime green spandex back provides lightweight visibility, while the corded canvas palm is great for general use in dry situations. The foam metacarpal padding protects your precious knuckles and fingers from moderate impacts, and the reinforced thumb saddle and palm side will keep these gloves job-ready for a while.

- ANSI/ISEA 105 Cut A2
- ANSI/ISEA 105 Abrasion 3
- Corded Canvas Palm
- Unit of Sale - 1 Pair

THE OMNI FLX ADVANTAGE

- Its lightweight, 15-Gauge Nylon/Spandex shell provides best in class comfort & breathability without sacrificing durability for all day wear.
- Micro-Foam Nitrile coating provides superior grip, durability, dexterity and tactile sensitivity.
- Silicone Free
- Offered in multiple configurations (Palm Coated, Vend Packed, Nitrile Dots, 3/4 Back Coated and Fully Coated).
- Convenient Touchscreen Fingertips.
- Sanitized® - Anti-Microbial treatment keeps the gloves cleaner before, during and after use.
- OEKO-TEX® Standard 100 Certified - globally recognized label for textiles - that have been tested for harmful substances. This certification ensures that every component of the product has been tested and found free from harmful levels of over 1,000 substances.
- If a product is OEKO-TEX® Standard 100 Certified, it means it is safe for human use and meets high safety standards, making it a reliable choice for consumers concerned about product safety.

HI-VIZ RAINWEAR

X-CRASH 8R30G3J

X-CRASH 8R03G3J is a high-performance and lightweight 150 Denier PU Coated Hi-Vis Oxford, Rain Jacket. Designed to keep wearers comfortable in rainy conditions. Cape Vented back allows air circulation for a cooler wear. Elastic Wrists inside the cuffs make for a snug fit while keeping water out. The snap button, storm flap closure makes it easy to don and doff while offering maximum rain protection. It is an ANSI/ISEA 107-2020, Type R, Class 3 rated rain jacket, providing enhanced visibility and safety. Features two vertical 2" heat-transferred, stretchable reflective stripes, a 360° 2" horizontal stripe, and 2ea 2" stripes on both arms ensuring maximum visibility from all angles. A badge holding, clear pocket is on the left chest and it comes with 2 lower, outside pockets for additional dry storage.

X-CRASH 8R10GEP

X-CRASH 8R10GEP is a high-performance and lightweight 150 Denier PU Coated Hi-Vis Oxford, Rain Pant. Designed to keep wearers comfortable in rainy conditions. It is an ANSI/ISEA 107-2020, Class E rated rain pant, providing enhanced visibility and safety. Features two 2" heat-transferred, stretchable reflective stripes on both legs.
