# Website Revamp

Showcasing AI Excellence with  
Modern Design and Enhanced UX

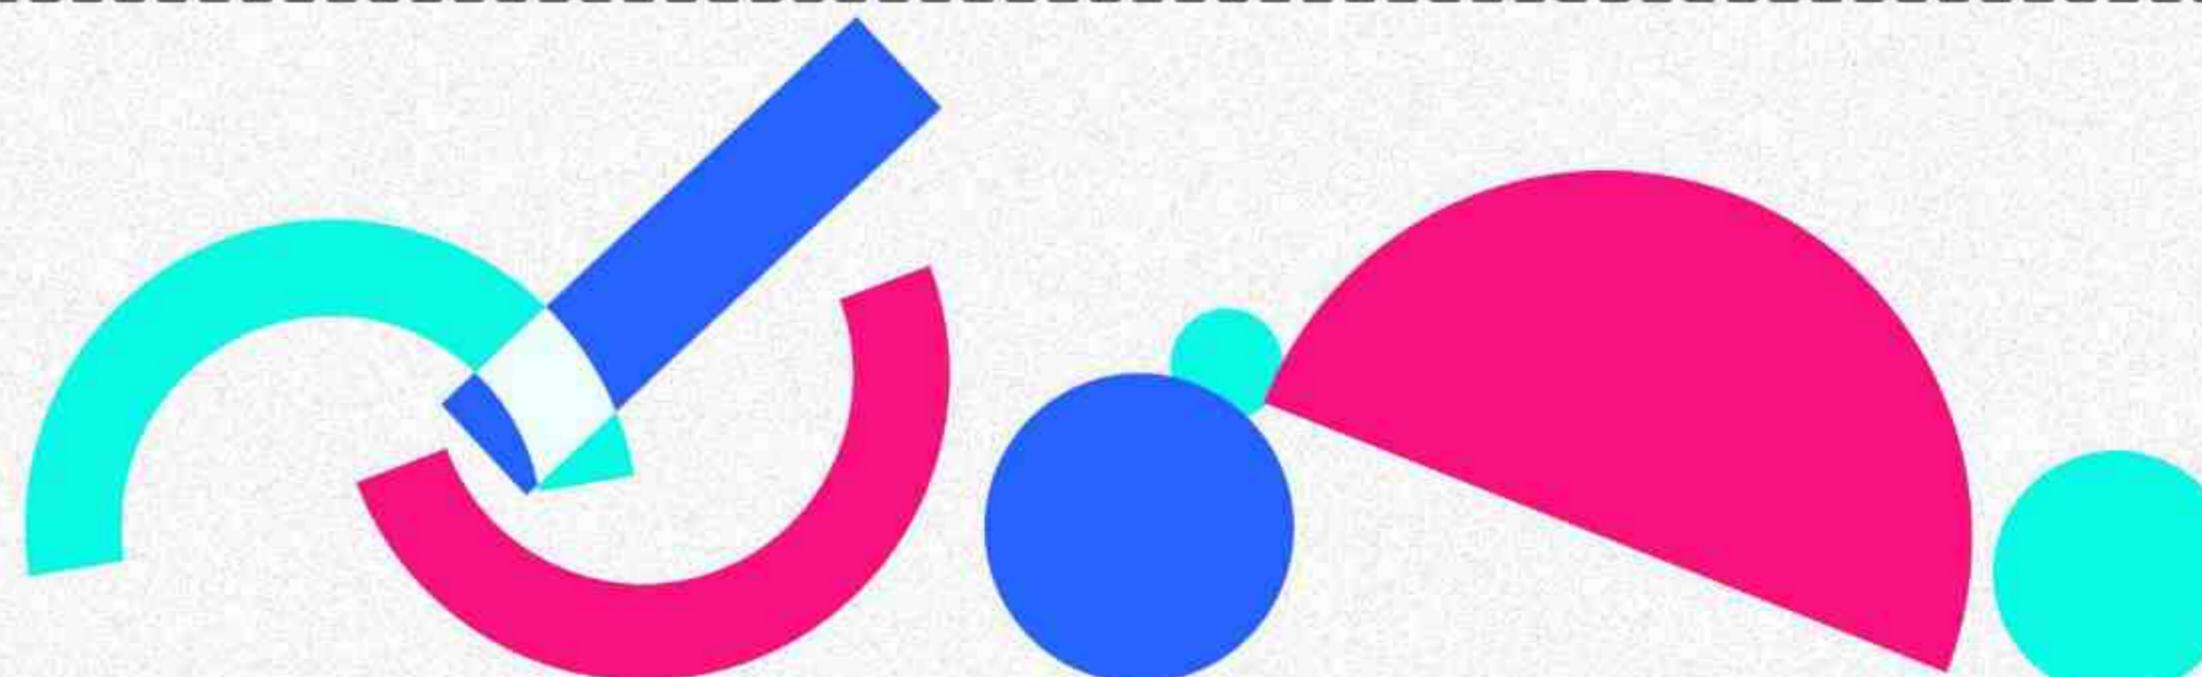

datumBRAIN

## Problem Statement

The website had encountered several design challenges, including an incomplete logo, header font displayed in lower case, the absence of an introductory hero section, a lack of design hierarchy in the tech-stack, an unaligned testimonial section, insufficient color contrast causing eye strain, repetition of the Tech-Stack mention on the same page, inconsistent design styles across sections, the absence of a sales funnel, reliance solely on email for connecting with the company, and an incomplete footer. Addressing these issues was crucial to enhancing the overall user experience and visual coherence of the website.

## Solution

The website underwent significant enhancements, including refining the header and logo, introducing a sales funnel, enriching the hero section, showcasing a client list, optimizing color contrast, reorganizing the "About" section, infusing personal CEO messages, aligning the tech stack visually, integrating the company vision and slogan, refining testimonial hierarchy, introducing a user-friendly form, and optimizing the footer. These improvements collectively enhance user experience, brand connection, and overall website usability.

The screenshot shows the homepage of the Datum Brain website. At the top, there's a navigation bar with links for Home, About, Reviews, Contact, and Blog. To the right of the navigation are buttons for 'Hire us', 'Contact Sales', and a language switcher set to EN. The main header features a large, bold, orange and black text 'future begins, when we innovate' with a yellow swoosh graphic. Below the header is a section titled 'Incredible User Experiences and Custom Software Systems' with a 'Get a quote' button. A large, abstract yellow and grey graphic is positioned on the right side. The middle section contains a grid of logos for various clients like Ardent Growth, Examity, PSL, Payday, Polymer, Dukstra, Beerlicious, cdmon, TongHub, Functionize, Enviro, MuscleUp, and MARS. The bottom section has a dark background with white text and icons representing different services: Data Engineering (key icon), Data Extraction/ETL (file icon), Data Visualization (chart icon), Data Mining & Management (database icon), Desktop Software Development (monitor icon), and Machine Learning (book icon).

Datum Brain is a cutting edge endeavor that specifically caters to the latest technologies. We have centered our skills and done extensive work in the following three disciplines.

Data Engineering	Data Extraction/ETL
Data Mining and Management	Data Visualization
Desktop Software Development	Machine Learning
Mobile Development	On-Demand Software Systems
Web Development	

**A word from our CEO**

Datum Brain is a visionary company that holds firm ground in technology and science. The ideology is to help businesses grow and flourish in digital domain by providing them competitive engineering solutions. We are committed to grow as a team and deliver services which are distinguished in international market.

Fahad Siddiqui  
Founder and CEO

**We work with latest Tech-Stack**

Our extensive research and development along with hands on experience on the latest innovations grants you a solution that is perfectly fit for your use case. We have mastered the art of writing serverless applications.

Serverless applications

GoLang

Python

AWS tech-stack

The image is a composite of several software interface snippets. At the top left is a navigation bar with 'Home', 'About', 'Services', 'Contact', 'Blog', and 'Client Area'. The main title 'Why choose Datum Brain?' is centered above a grid of four boxes. Each box contains a yellow circular icon with a symbol (Strong Engineering Solutions, Efficient Performance, Pursuit of Success) and descriptive text. To the right of the grid is a small 3D wireframe model of a factory or industrial facility. Below this section is another grid with two columns: 'Our Vision' and 'Our Approach'. The 'Our Vision' column includes a large yellow 'A' icon. The 'Our Approach' column includes a large yellow 'B' icon. A central text block discusses the company's focus on quality and commitment. At the bottom, a large yellow banner states "'Give best with no delays' is our mantra" with a checkmark icon. The bottom portion of the image shows a detailed view of a software's 'Display' feature, displaying a Gantt chart with tasks like 'Design', 'Prototyping', 'Development', and 'Testing' across multiple columns. Other visible sections include 'Typography' with font samples, 'Color' with a color palette, 'Size' with font size options, and 'Font' with a list of fonts. On the far left, there's a sidebar with 'Dashboard', 'File Structure', 'Notification', 'Communication', and 'Customer Management'.

The image is a screenshot of the DatumBrain website. At the top, there's a navigation bar with links like Home, About, Services, Contact, Blog, and Careers. A yellow 'Start Free Trial' button is prominent. The main title 'Who we are' is centered above a brief description: 'DatumBrain is a cutting-edge endeavor that specifically caters to the latest technologies. We have curated our skills and does extensive work in the following disciplines.' Below this, there's a grid of nine service icons with labels: Data Engineering, Data Extraction/ETL, Data Visualization, Data Mining & Management, Desktop Software Development, Machine Learning, Mobile Development, On-Demand Software Systems, and Web Development. To the left of the center content is a large portrait of two people: a man with a beard in a suit and a woman wearing a white hijab. To the right is a section titled 'A word from our CEO' featuring a quote from Fahad Siddiqui, the founder and CEO. Further down, another section titled 'We work with latest Tech-Stack' is shown, along with a summary of their research and development focus and a detailed diagram of their technology stack.

The image is a collage of five screenshots from a UI design system, likely Figma, illustrating a modern, flat design style. The components shown include:

- Buttons:** A grid of buttons in various states (Primary, Secondary, Success, Danger, Warning, Info, Dark, Light) and sizes (Small, Medium, Large).
- Theme Colors:** A palette titled "Theme Colors" featuring a primary color (yellow), secondary colors (dark grey, green, red, orange, blue), and light/dark shades.
- Form Input Font:** A palette for input fonts, listing various typefaces like Lato, Roboto, and Open Sans, along with their weights (normal, bold, italic, bold italic).
- Navbar:** A screenshot of a dark-themed navigation bar with a yellow header section containing the word "Navbar".
- Navbar With Logo:** A screenshot of a dark-themed navigation bar with a yellow header section containing a logo and the word "Navbar".

The overall aesthetic is clean, with a focus on typography and color consistency across different parts of the application.

# Examity (Desktop Application)

**examity**  
BETTER TEST INTEGRITY.

Flexible and secure online  
proctoring for you and  
your test-takers

## Introduction

Examity is an online proctoring application, designed to provide a flexible and secure testing environment for both you and your test-takers. Examity understands the challenges of remote testing and the importance of maintaining a high level of security and integrity.

## Target Audience

- Educational Institutes
- Businesses / Organizations
- Individual test takers

## Requirements

To provide a user-friendly platform that maintains a high level of security and integrity during remote testing

## Objective

Our first step was to thoroughly understand the client's needs and requirements. Through interviews with educators and administrators, we were able to identify the key pain points of their current testing process, including concerns around cheating, test security, and exam monitoring.

With these insights in mind, we designed an online proctoring solution that provided flexibility and security. Our team developed a user-friendly platform that enables to conduct exams remotely, while maintaining a high level of oversight and monitoring.

The screenshot displays the VRS Dashboard interface. At the top, there are three tabs: 'Last 5 hours' (selected), 'Last 24 hours', and 'Custom Range'. On the right, there is a user profile icon.

The screenshot displays a complex interface for managing multiple video test sessions. On the left, a sidebar titled "System Health & Stream Stats" shows the status of various components: Network (OK), Processor (OK), and Memory (OK). Below this are sections for "Test-taker 1" through "Test-taker 8", each with a thumbnail, name, and a green "Stream" button. The main area consists of three large video feeds arranged horizontally. Each feed includes a "Stream" button and a "Stop" button. The feeds are labeled "Test-taker 1", "Test-taker 2", and "Test-taker 3". To the right of the feeds is a vertical sidebar with a user profile for "Silvia K." and a list of "Test Sessions" from "Test-taker-1" to "Test-taker-8". A search bar and a "grid" checkbox are also present.

The screenshot displays the Examity software interface. At the top, there's a navigation bar with links for Home, Rooms, Features, System Check, and a user profile for 'Holly Siviat'. The main content area shows a video call with a participant named Ceci. To the left, there's a 'Course Hero' integration window displaying a course page for 'User Interface Design'. Below the video call, there's a 'System Health' section with a table showing the status of various services like Network, CPU, RAM, and Disk. To the right, there's a 'Stream Stats' section with a table showing data for different streams. A large orange button at the bottom right says 'Dynamic Q&A Record View'.

A screenshot of a mobile application displaying the results of a network speed test. The background shows a woman sitting on a couch. A white overlay box contains the following text:

**Testing completed**

Successfully assessed your network quality

**2.8 mbps**

Calculated bandwidth

Media Region: AP-South-1

**CONTINUE**

Test Taker Cam

The text "2.8 mbps" is highlighted in orange.

The screenshot displays a digital assessment interface. On the left, there's a sidebar with icons for home, documents, and a plus sign, followed by a section titled "Composition Template" with a sub-instruction: "Select a template below or create your own template!" Below this are three preview cards:

- (Grid View)**: Shows a 2x2 grid with four slots. The top-left slot contains a yellow emoji face, and the top-right slot contains a small computer monitor icon.
- (Picture in Picture)**: Shows a large computer monitor icon in the center, with a smaller yellow emoji face icon placed inside a separate rectangular box to its right.
- (Presentation View)**: Shows a 2x2 grid where the top slot contains a small computer monitor icon, and the bottom-left and bottom-right slots both contain small orange flowerpot icons.

The main area features a "Drag & Drop" header with the instruction: "You can rearrange items here according to your requirement for this composition template." Below this is a preview window showing a test page for "IMM250F 2018 Midterm Test". The test page includes a question about the importance of the physiology of kidney function in the 2000s, with three multiple-choice options:

- A - 10 years ago the role of kidney function was not important.
- B - 10 years ago the role of kidney function was very important.
- C - 10 years ago the role of kidney function was not important, now it is important.

At the bottom of the test page is a red "Review & Submit" button. To the right of the test preview are two photographs of students: a woman in a black patterned top and a beret writing in a notebook, and a man in a green sweater looking at a laptop screen.

The image shows a screenshot of the CourseHero website. At the top, there's a navigation bar with links for 'Course Hero', 'Search', 'Browse', 'Study & Solutions', 'Ask', 'Expert Tutors', 'For Education', 'Log In', and 'Sign Up'. Below the navigation, a blue header bar displays the title 'Gkseries.com-User Interface Design - Multiple Choice Interview Questions and...' and some document details: 'Source: Gkseries.com', 'Source URL: LUMBERG-411110...', 'Last updated: 1 year ago', and 'Pages: 1'. To the right of this bar is a pink 'Sign Up' button. The main content area shows a preview of the document. On the left, there's a sidebar with a list of other documents like 'Chapter 6- User Interface Design' and 'Chapter 6- User Interface Design'. On the right, there's a video player window showing a woman with glasses and a purple shirt, identified as 'Silvia'. The video player has a play button and a progress bar.

The timeline diagram illustrates a video session between two participants: Test-taker-1 and Cecil K. The session begins with 'Room created' at 17:10:23 by Test-taker-1. Cecil K. joins the room at 17:10:23. At 17:10:24, Test-taker-1 shares their screen (WebCam). A red box highlights a 'Stream stopped for 3 seconds' event at 17:10:27. Following this, Test-taker-1 shares their screen again (Desktop) at 17:10:28. A red box also highlights a 'Participant dropped for 30 seconds' event at 17:10:30.

# TYMZ (Mobile Application)

# Your time tracking partner

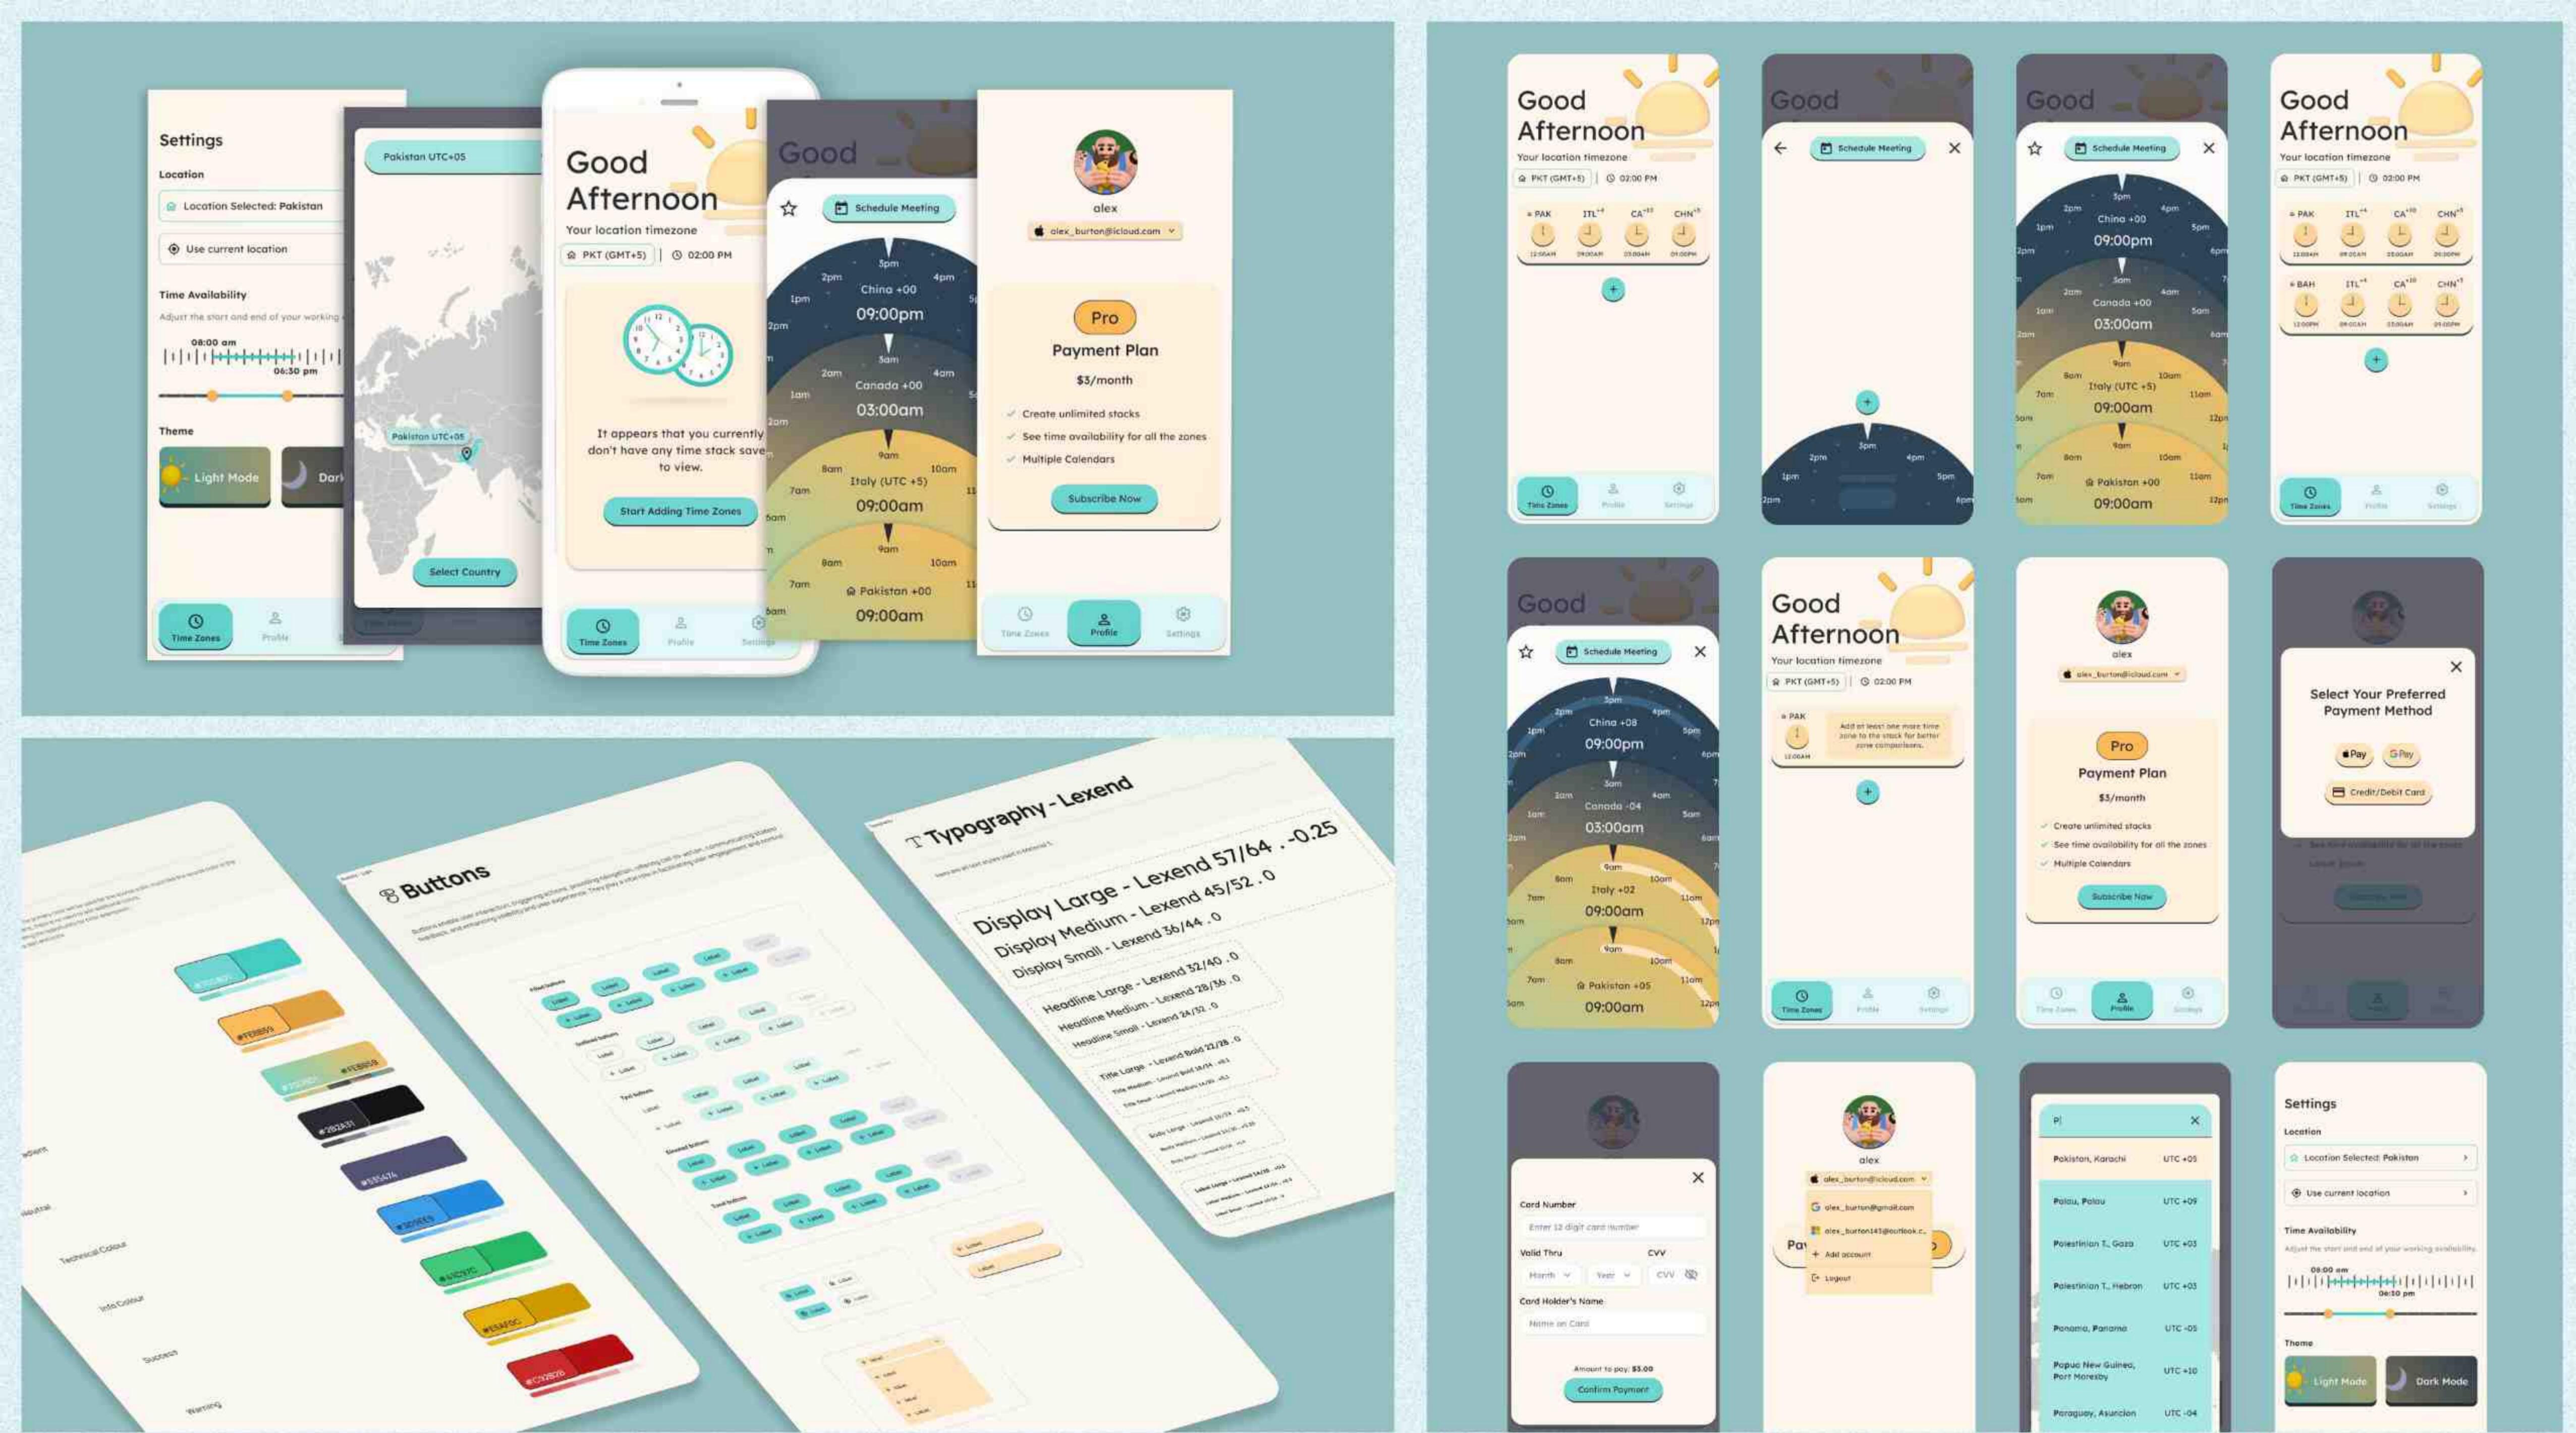

# Problem Statement

Time management is a critical aspect of modern life, and individuals often struggle to coordinate their schedules across different time zones. Existing solutions lack a comprehensive and user-friendly approach to this issue, resulting in poor time management and scheduling conflicts. Tymz needs to address various functional and non-functional requirements to provide a smooth and efficient user experience.

## Goal

The aim of this application is to help the users find a suitable time slot for syncing up that accommodates everyone across various regions.

Expense tracking, tax  
payment, and tax returns  
- all in one place

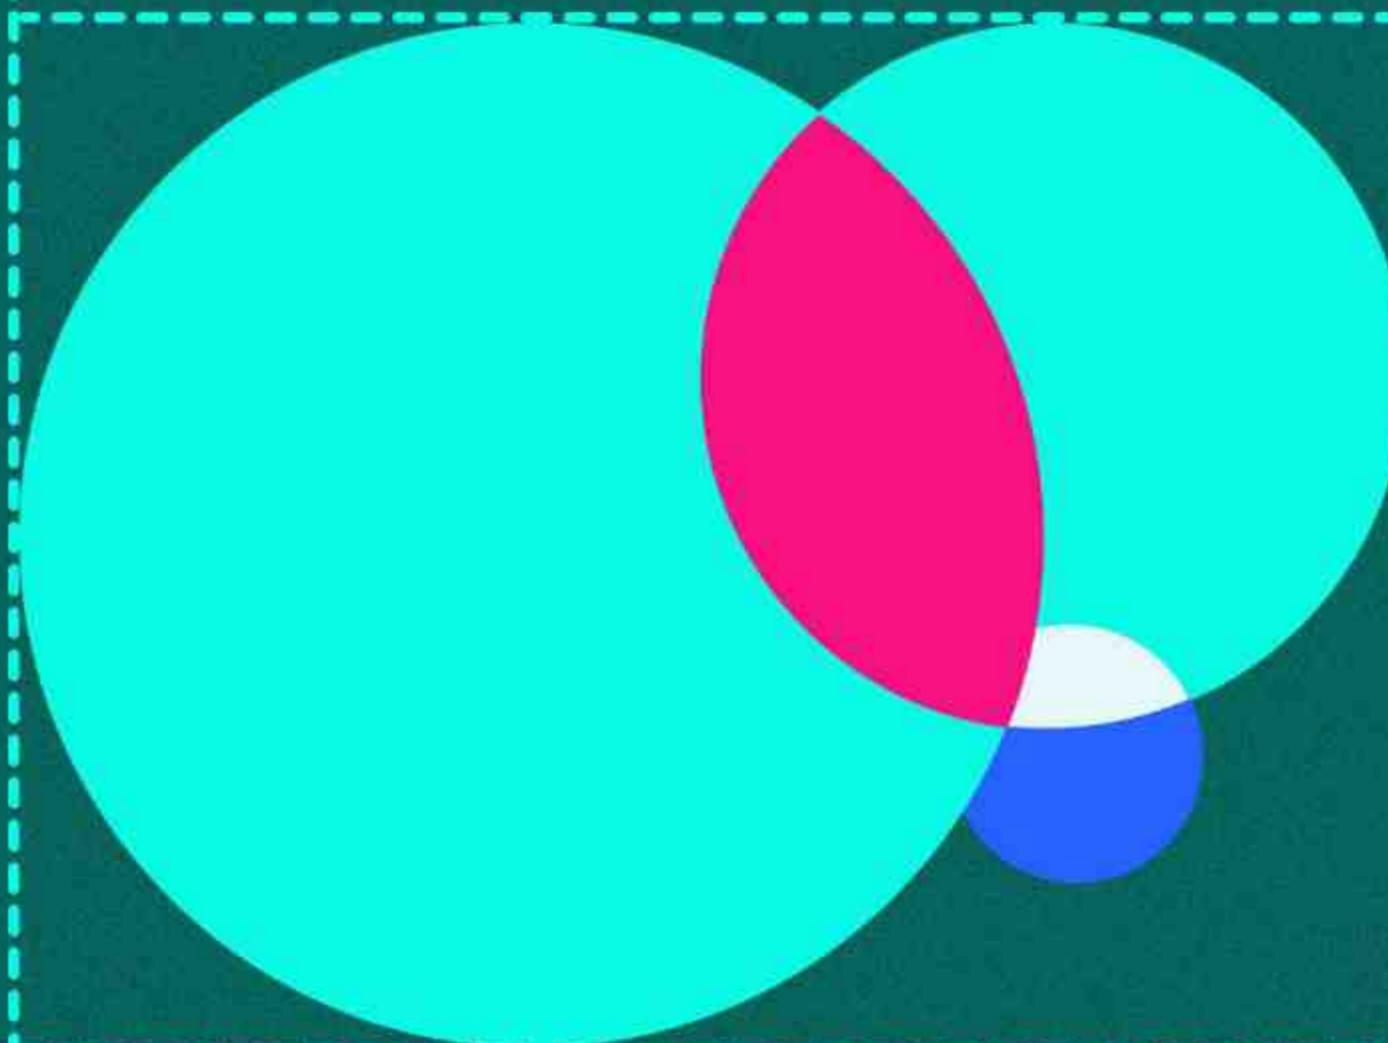

## Problem Statement

Many people and small businesses find it hard to keep track of expenses, pay taxes, and file returns. It's tough to record expenses correctly, follow tax rules, and understand complicated tax laws. This can lead to mistakes, missed deadlines, and unnecessary stress.

## Solution

The Vartana mobile app is here to help with all those challenges. Using technology and automation, Vartana makes it easy to track expenses, pay taxes, and file returns. It gives users a central place to manage their finances efficiently.

# OTHER SELECTED WORKS

Lift the curtain on additional selected works that embody the essence of **our artistic journey.**

The image displays two views of the Ardent Growth website. The left side shows the main homepage with a large call-to-action button 'Get results from content in days, not months'. Below it is a section with a target icon and the text: 'Your personal team working for you means faster and more qualified leads so you can stop spending time hitting your RIN quota'. The right side shows a detailed view of the 'How our process works' page, which includes sections for 'We've done the legwork', 'Let us do the boring stuff.', 'We make it look easy.', and 'Reach your ideal customer, faster.' Each section contains a small icon and descriptive text.

# Ardent Growth

ScanPII

The image displays three screenshots of the JazzCash mobile application. The left screenshot shows the main dashboard with a balance of Rs. 200,000.00, a V2 Stores badge, and options to 'Get Payment' or 'My Account'. The middle screenshot is a promotional card for 'Payment Requests', featuring a coin icon and text about a new flexible payment method. The right screenshot shows the 'Payment Requests' section, which is currently empty, with tabs for 'Created' (selected) and 'Received'. A large green button at the bottom right says '+ Create'.

JazzCash

The image shows a composite screenshot of the Parcelist website. On the left, a large banner features the text "Upgrade package management with our service". Below this is a "Live Chat Support" button. The main navigation bar includes links for "Home", "About Us", "Contact Us", and "Log In". A central modal window displays a "Login" form with fields for "Email" and "Password", and buttons for "Forgot Password?", "Log In", and "Resend Invitation". To the right of the login form is a "Registration Complete" message with a recipient's information: "AL ZUBAIR", "1001ER RD, 2NDFLR", "4222 CHESTNUT ST, PHILADELPHIA, PA 19104", along with "Copy Address" and "Homepage" buttons. At the bottom right, a "How to track your shipment" section provides step-by-step instructions with accompanying icons.

# Parcelist

The image displays a 2x5 grid of screenshots from the Eggzactly mobile application. The top row shows the home screen with a smiling egg icon and the text 'Eggzactly' and 'eat eggs as you like!', followed by four screens showing the 'Set boiling details' feature for a 'Soft boiled egg'. The first 'Set boiling details' screen shows a cartoon egg character meditating with hands in mudras. The second screen shows a progress bar at 4:30 minutes with the text 'OK, I can do this!'. The third screen shows a clock icon with the text 'Your soft boiled egg is ready!' and 'Let's make more!'. The fourth screen shows a summary with an estimated boil time of 4:30 min. The bottom row shows three more 'Set boiling details' screens for a 'Soft boiled egg', each featuring a different background color (blue, yellow, and brown) and a different cartoon egg character in a meditative pose. Each of these screens also includes a progress bar at 4:30 minutes and a message indicating the egg is ready.

# Eggzactly

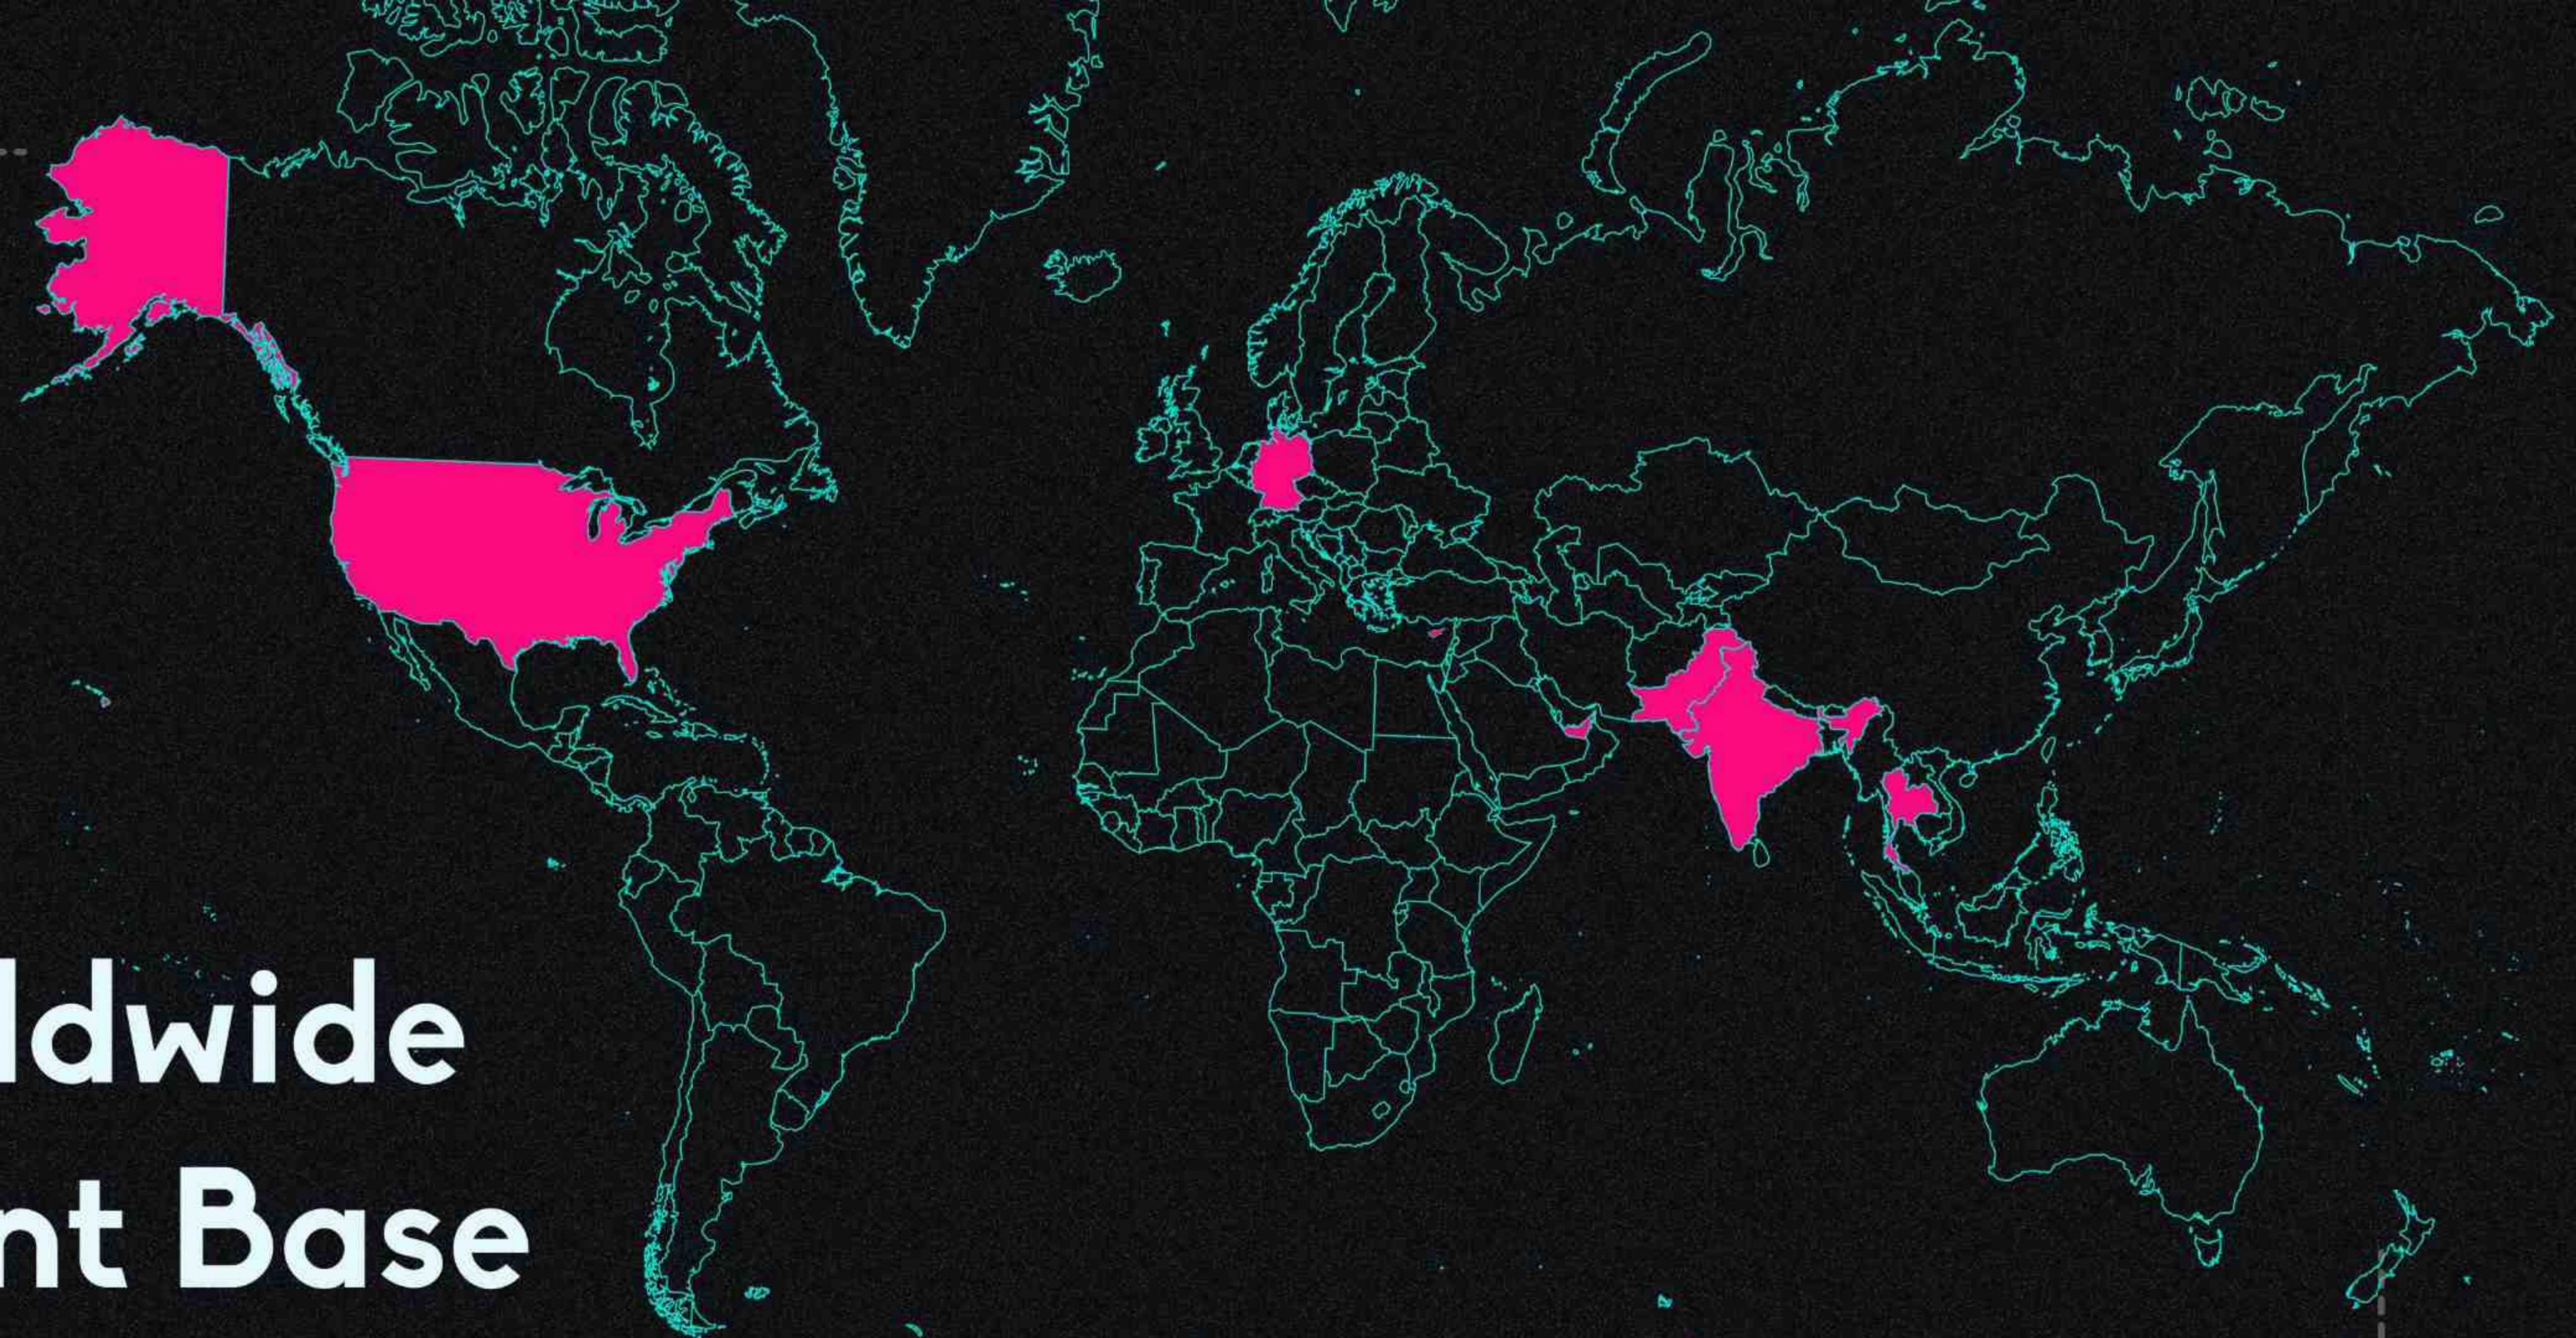

The image displays four screenshots of the Milkipay mobile application, arranged horizontally. The first screenshot shows the main dashboard with a dark theme, featuring a VISA card icon and a balance of \$3,201.09. It includes sections for 'Request Money' and 'Send Money', and a transaction history section titled 'Recent Activity with Jared'. The second screenshot shows a profile page for 'Jared Johnson' with options to 'Send money' or 'Request money'. The third screenshot is a 'Scan QR' screen with three buttons: 'Scan to pay', 'Show QR get paid', and 'Get paid'. The fourth screenshot shows a transaction confirmation screen for a payment of \$5.00 from 'Jared Johnson' to 'Jaden Kilken' on Sep 8, 2023, with an 'Apply' button at the bottom.
