

Unlock more choice and exclusive NDC content in Cytric

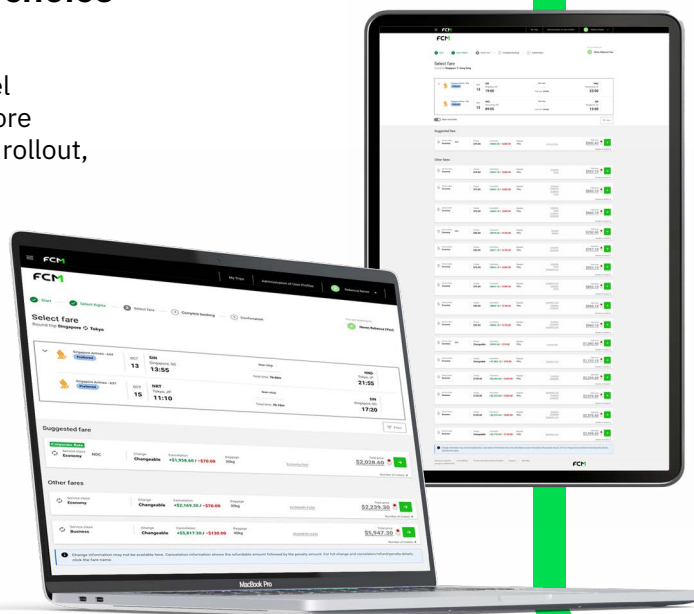

Great news! We've expanded our offering for airline bookings in Cytric, giving you more choice and access to exclusive fares.

Designed to deliver greater flexibility and value to your travel program, this enhancement ensures you can book flights more efficiently with access to the latest airline content. With this rollout, you'll benefit from content provided by leading airlines

 *and more on the way!*

Key benefits of NDC content in Cytric

- **More pricing options:** Access exclusive lower fares and promotions through NDC, and dynamic pricing models that update in real-time.
- **A better booking experience:** Do more online with the ability to select seats, add baggage, and customise your trip at the time of booking.

What to know about booking NDC content in Cytric

Search

Search for a flight as you normally would and select a flight from any airline offering NDC fares

Identifying NDC content

Look for the NDC tag on eligible fares and select your preferred option

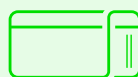

Select trip preferences

Select your seat, baggage options or other ancillaries

Approval

Your booking will continue to follow your company's existing approval workflow. For seamless ticket issuance, approvals should be provided within the same day

Ticketing

Tickets are issued on the same day, or when approvals (if required) are provided

Post-booking

Changes, cancellations, and other post-booking servicing requests will be managed by FCM Support under our current process

Reach out to your account manager for more information or to request activation.
