Summary

I'm a game design and development expert with a focus on Unity and Construct 3.

Let's collaborate to create an excellent game together.

Experience

Mindzai

Game Developer

March 2024 - Present (8 months)

Markham, Ontario, Canada

- Lead the development process for a game project, ensuring successful publication across iOS/iPadOS, Android, and HTML5 web game platforms.
- Spearhead the reskinning process by implementing graphic enhancements, custom game elements and mechanics, sprite replacements, in-app purchasing systems, and ad monetization strategies.
- Provide expert guidance and leadership to the development team, fostering an environment of learning and growth in game development best practices.
- Collaborate closely with cross-functional teams to integrate creative stories into the game, ensuring a seamless blend of narrative and gameplay.
- Actively communicate with the team regarding creative assets, game direction, marketing strategies, and innovative ideas to enhance the game's appeal and engagement.
- Continuously explore and implement new technologies and methodologies to elevate the game's quality and performance on targeted platforms.

Mystery4 Studio

Game Director

September 2022 - Present (2 years 2 months)

Kyiv, Ukraine

I lead the creative vision, storyline, and mechanics for video game. Bringing concepts to life, I guide the development process for a captivating gaming journey.

Upwork

Game Developer

November 2020 - Present (4 years)

Top Rated Freelancer. Game Developer.
