## Work Experience

Sazim Tech Ltd.

### Senior Product Designer

Feb 2024 to Present

- Led design projects from concept to launch, aligning with business goals and user needs.
- Conducted user research, competitive analysis, and usability testing to inform design decisions and validate product concepts.
- Developed wireframes, prototypes, and high-fidelity designs using industry tools.
- Developed and maintained design systems and guidelines to ensure consistency across all digital products and platforms.
- Integrated user feedback and data insights into design iterations.
- Mentored and guided junior designers, fostering a culture of creativity, collaboration, and continuous learning within the design team.

Gowalk Inc.

### Sr. Product Designer

March 2022 to January 2024

- Conduct user research and create user personas to understand their needs and motivations.
- Ideate and sketch design concepts based on insights gained from research.
- Develop and test high-level prototypes, collecting user feedback to refine designs.
- Collaborate with developers, project managers, and other team members to implement their designs.
- Maintain a user-centric design approach, always aiming to enhance the user experience.

Intelligent Machines Limited

### Product Designer

May 2021 to February 2022

Intelligent Machines Limited is a leading AI company in Bangladesh. Large client organizations in Bangladesh and Myanmar are using our 7 AI products. 11 more are in the pipeline covering manufacturing AI, language AI, trade marketing AI, fintech solutions, and enterprise analytics. I was working with Voice recognition AI and Language AI at Intelligent Machines Limited. With such a supportive team, every day was a new learning experience for me.

NexusLab LLC

### UI/UX Designer

March 2020 to April 2021

At Nexuslab, I was working with a whole Digital EcoSystem that includes Ecommerce, Crypto Trading, Payment Gateway, Online Learning Platform, Gaming, Entertainment, Ride Sharing Platform, Online Delivery Platform etc. Working in a such environment, my Professional Knowledge and Expertise reached to a new level and it made me more confident.

HeavyTask LLC

### UI Designer

December 2018 to February 2020

I worked for HeavyTask LLC. as a UI Designer. My responsibilities were to design Website UI, Mobile Apps UI, WebApp Dashboard UI. I also assisted the Product Developers with my Designs as per their requirements.
