SUMMARY

Recent graduate from Temple University with experience in business analysis, planning & allocation, leadership, and technical problem-solving. Skilled in Python, SQL, JavaScript, UI/UX Design, Excel, and data-driven decision-making through internship, coursework, and leadership experience. Interested in roles based around creative technology/web design, business technology, analytics, and technology-focused operations.

EXPERIENCE

Planning & Allocation Intern

Burlington

June 2025 - August 2025, Burlington, NJ

- Partnered with chain and location planners to analyze merchandise performance and support data-driven allocation decisions across various retail categories.
- Contributed to merchandise planning strategies that supported store and chain-level financial performance goals.
- Created 3 business analysis reports identifying sales trends and operational insights used in planning discussions.
- Utilized the forecasting process to capitalize on future business opportunities, anywhere from 1 week to 1 year from the present time.
- Developed working connections with multiple departments to garner ideas from all areas of the business for analysis and reporting.

Honors LLC Resident Assistant

Temple University Housing and Residential Life

August 2023 - May 2025, Philadelphia, PA

- Served as an overnight primary point of contact in case of emergency for over 500 dorm residents, offering guidance and connection to campus resources on a weekly schedule during both weekdays and weekends each semester.
- Coordinated with university staff and student organizations to create events, workshops, and provide resources that aligned with the diverse needs of all residents across campus every year.
- Enforced university policies and regulations on a 24/7 basis, promoting safety, accessibility, and accountability.
- Mediated conflicts and facilitated constructive dialogue among residents and the community.

Student Intern

Pinesbel, Dakki

May 2024 - July 2024, Cavite City, Philippines

- Streamlined hundreds of pages of merchandise records to digital spreadsheets.
- Oversaw the process of OBS for TikTok Live, maintaining a consistent stream of income from TikTok Live in real-time.
- Spent 40 hours a week analyzing the physical elements of a computer, the properties of a router, and the general computer format procedure.

EDUCATION

Bachelor of Science in Information Science and Technology

Temple University - Honors Program • Philadelphia, Pennsylvania • 05/2026

- Awarded Dean's Scholarship for 8 consecutive semesters
- Dean's List Student
- Awarded best Cloud-Computing Project by Carl Williams, CIS4330

INVOLVEMENT

Treasurer

Temple University Philippine American Council (TUPAC) • May 2025 - May 2026

- Collaborated with fundraising and PR teams to raise over \$3,000 through campus events and fundraising initiatives.
- Handled over \$2,000 worth of reimbursements and funding storage throughout the academic year.
- Recorded and maintained 100% of the initial budget from the start to the end of the school year.

Vice President, Public Relations Head, Fundraising Chair

Owlcappella • January 2024 - May 2026

- Managed official Instagram Account with over 1,500 followers, alongside professional TikTok and YouTube accounts.
- Created and posted promotional videos and graphics for various events and fundraisers.
- Contributed vocals to the production of a currently ongoing album project.
