# BARISTA T

The Barista T combines the art of traditional espresso with modern technology to offer unparalleled quality in espresso making. With its advanced T Technology© and multi-group PID control, the Barista T ensures thermal stability, energy efficiency, and top-notch performance, making it a favourite among professional baristas.

## MACHINE FEATURES

### ADVANCED T TECHNOLOGY©

Provides exceptional thermal stability and ensures that each espresso shot is brewed with consistency and precision.

### MULTI-GROUP PID CONTROL

Each group head is controlled individually with PID technology for precise temperature control, resulting in a perfectly balanced espresso every time.

### ENERGY EFFICIENCY

The Barista T is designed to be highly energy efficient, offering an average of 50% energy savings compared to other traditional machines and 25% savings compared to other multi-boiler machines.

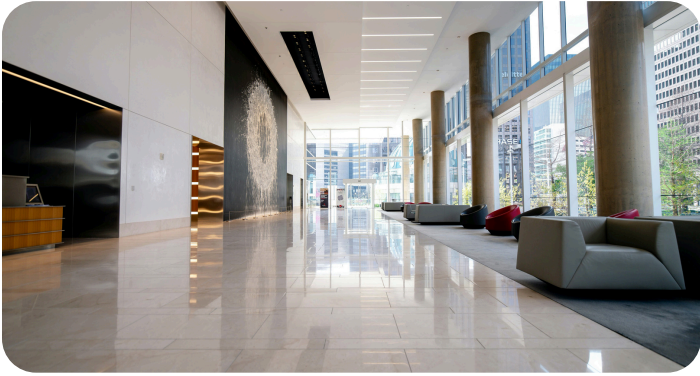

### FRESH WATER DELIVERY

Unlike traditional systems that use standing water, the Barista T uses freshly delivered water for each cup, ensuring the best flavour without any contamination.

## BEST FOR INDUSTRIES IN

### HOTELS

Enhance the dining experience by offering professionally crafted espresso and other hot beverages.

### LEISURE

Provide customers with high-quality coffee, ensuring they want to come back for more.

## WHY CHOOSE THIS MACHINE?

### UNMATCHED THERMAL STABILITY

Guarantees that the temperature remains consistent, essential for extracting the perfect espresso.

### CUSTOMISATION AND CONTROL

Offers full control over brewing variables, which can be tailored to suit different beans and preferences.

### LONG-TERM SAVINGS

The energy efficiency and durability of the Barista T make it a wise investment for any establishment focusing on quality and cost-efficiency.

## MACHINE DIMENSIONS (DXWXH)

535mm x 700mm x 475mm

## SPECIFICATION SHEET

Specification	Plus	One	One Joystick
Dynamic pre-heating		Yes	
Filter holder Ø58mm. Stainless Steel.		Yes	
Rotary pump inox (200L)		Yes	
Coffee temperature PID control		0,10C precision	
Pre-infusion		100% adjustable (0,1s precision)	
Steam temperature PID control		100% adjustable. 10C precision.	
Digital multifunction display		Yes	
Hot water with solenoid		Yes	
Group extra heating element	Yes	Optional	
Coffee group insulation	Yes	Optional	
Steam boiler insulation	Yes	No	
Joy-stick taps	Yes	No	Yes
Anti splash System	Yes	Optional	
Safety switch per group	Yes	No	
Active cupwarmer	Yes	Optional	
Wood accessories	Yes	Optional	Yes
Competition shower	Yes	No	
Joystick steam valve	Yes	No	
Stainless steel tap	Yes	No
