

Rémy Laure

THE PRODUCTS

Our expertise.

The Moorthérapie.

Remy Laure has searched all over the world for all ground earthly pure mud likely to enhance beauty.

Extracted from the heart of our earth (alpine valleys, lakes, wild countryside), enriched by centuries of slow evolution, protected from pollution, these muds from the different continents are carefully studied to allow the most efficient rational use.

Each mud has particular benefits, exploited by Remy Laure to energize your beauty. Natural, generous, effective, Moorthérapie is the solution to environmental aesthetic "worries". Since the beginning, the earth has nourished human beings, now thanks to it, they regain their original beauty.

The Minerals.

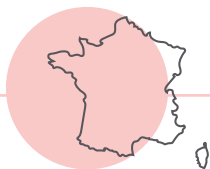

Minerals have a precise role, they act in synergy, they maintain the skin's PH values, prevent the effect of free radicals, stimulate energy metabolism, optimize cellular respiration. Our body possesses them but cannot produce them, so it is essential to provide it with mineral-rich products in order to avoid aesthetic disturbances that are detrimental to the beauty of healthy skin.

Remy Laure combines minerals with the most precious active ingredients (diamond, gold, jade, black pearl, malachite, mineral complex, moor powder) and remarkable plant extracts (black orchid, tsubaki oil, black rose, allantoin, centella asiatica, arnica ...) for exceptional beauty products.

The Mineral Line.

The Black Mask

Since the launch of the « Black Mask » in 1971, Remy Laure brings the benefits of Moortherapy (beauty treatment with terrestrial mud) to beauticians worldwide.

Natural mask extracted from a fossil deposit rich in plants, minerals, and trace elements. These components stimulate the cellular metabolism and are essential to the beauty of the skin (any deficiency in trace elements leads to a chain reaction of skin imbalance). The Black Mask stimulates stressed and tired skin, purifies thick skin, revitalizes fine or mature skin, and gives a radiant boost to the complexion. The Moisturizing Spray is essential to reinforce the action of the Mask, which it maintains wet during the application.

Zoom on the ingredients

Plant extracts, organic and inorganic substances are cellular boosters.

Minerals and trace elements enable the cells to use the first ingredients.

Moisturizing Spray

The Moisturizing Spray is the complement of the Black Mask. It allows the mask to remain humid and thanks to its active ingredients, to maintain the hydration of your skin. This spray can be used with the mask but also as a lotion.

Main ingredients: Natural Moisturizing Factors (NMF), Fucus Extract, Lactococcus Ferment Extract.

Cleansing Milk

The Cleansing Milk helps to eliminate impurities and make-up to leave your skin clean, while respecting its natural balance. The softness of this creamy fluid is suitable for all skin types.

Main ingredients: Mineral Complex (Magnesium-Zinc-Copper), Apricot Kernel Oil, Cleansing Agent.

Beauty Lotion

The Beauty Lotion completes make-up removal while providing the skin with the trace elements it needs. Your skin feels refreshed and stimulated.

Main ingredients: Mineral Complex (Magnesium-Zinc-Copper), Fucus Extract.

Cleansing Water

A cleansing water that removes make-up in a single step. It contains active ingredients which enriches your skin with vitality.

Main ingredients: Vitamin A, Vitamin B1, Vitamin B5, Vitamin E, Sunflower Seed Oil, Glycerin, PH Regulator.

Mineral Scrub

The Mineral Scrub uses the exfoliating power of natural moor mud particles, in a rich moisturizing base, to leave your skin soft and receptive to the active ingredients applied afterwards. Your complexion looks refreshed.

Main ingredients: Moor Powder, Glycerin, Sucrose Palmitate.

Unique, natural mud texture.
