VITRO X4

The Vitro X4 Espresso enhances the capabilities of its predecessor, the X3, by offering a more expansive menu and innovative features that cater to modern consumer demands. Equipped with a large product capacity and an eye-catching media screen, this machine is designed for high-volume environments where quality and efficiency are paramount.

MACHINE FEATURES

EXPANDED BEVERAGE MENU

The X4 goes beyond coffee to include a tea offering, broadening its appeal and offering something for every taste.

INTERACTIVE MEDIA SCREEN

Engage customers with promotional or nutritional information through a built-in media machine, enhancing the user experience.

VISUAL BEAN HOPPER

Never run low on beans unexpectedly. The clear, large-capacity hopper makes it easy to monitor bean levels and refill when necessary.

ENERGY SAVING MODE

The X4 is environmentally conscious, reducing energy consumption with an automatic energy-saving mode during periods of inactivity.

BEST FOR INDUSTRIES IN

FACTORY/WORKSHOP BREAKOUT AREAS

Keep staff happy and refueled while easing the cue with high volume, on demand premium drink offering.

CORPORATE OFFICES

Keep employees energised and motivated with a variety of beverage options and user-friendly features.

WHY CHOOSE THIS MACHINE?

CUSTOMER ENGAGEMENT

The interactive screen enhances user interaction whilst offering tailored beverages.

ADVANCED CUSTOMISATION

Users can personalize their drinks to suit their tastes while businesses can adapt offerings to meet consumer preferences.

HYGIENIC SOLUTIONS

The touch-free interface ensures a safer, cleaner way to enjoy beverages, crucial in today's health-conscious world.
