# OUR ASSETS

# WLT1

THE ONLY TOKEN  
BACKED BY LAND

# WLT1

is a digital asset that gives you access to the real estate market.

Each WLT1 token is backed by 1 square meter of property in Val Verde County, Texas. With 4,000,000 tokens issued, the total guaranteed area is 4,000,000 square meters.

# RDC

RESERVA RIO  
DE CONTAS

# RDC

RDC is the token backed by Reserva Rio de Contas, a unique area of environmental preservation and sustainable development in Itacaré, Bahia.

Each token represents a fraction of 1m<sup>2</sup> of the reserve, allowing anyone to purchase a part of this natural heritage with security, transparency, and blockchain technology.

With RDC, Land Banker offers direct access to a rare asset: preserved nature with potential for appreciation and positive impact.

# BITCOIN MINING

One of the first initiatives of Westland World in the WLT1 and WLSC projects will be the construction of a model BTC mining plant, setting a benchmark in the market. Construction will begin in April 2025, marking a strategic step for the company's ecosystem. As a result, Westland World tokens will be positively impacted, with potential for significant appreciation.

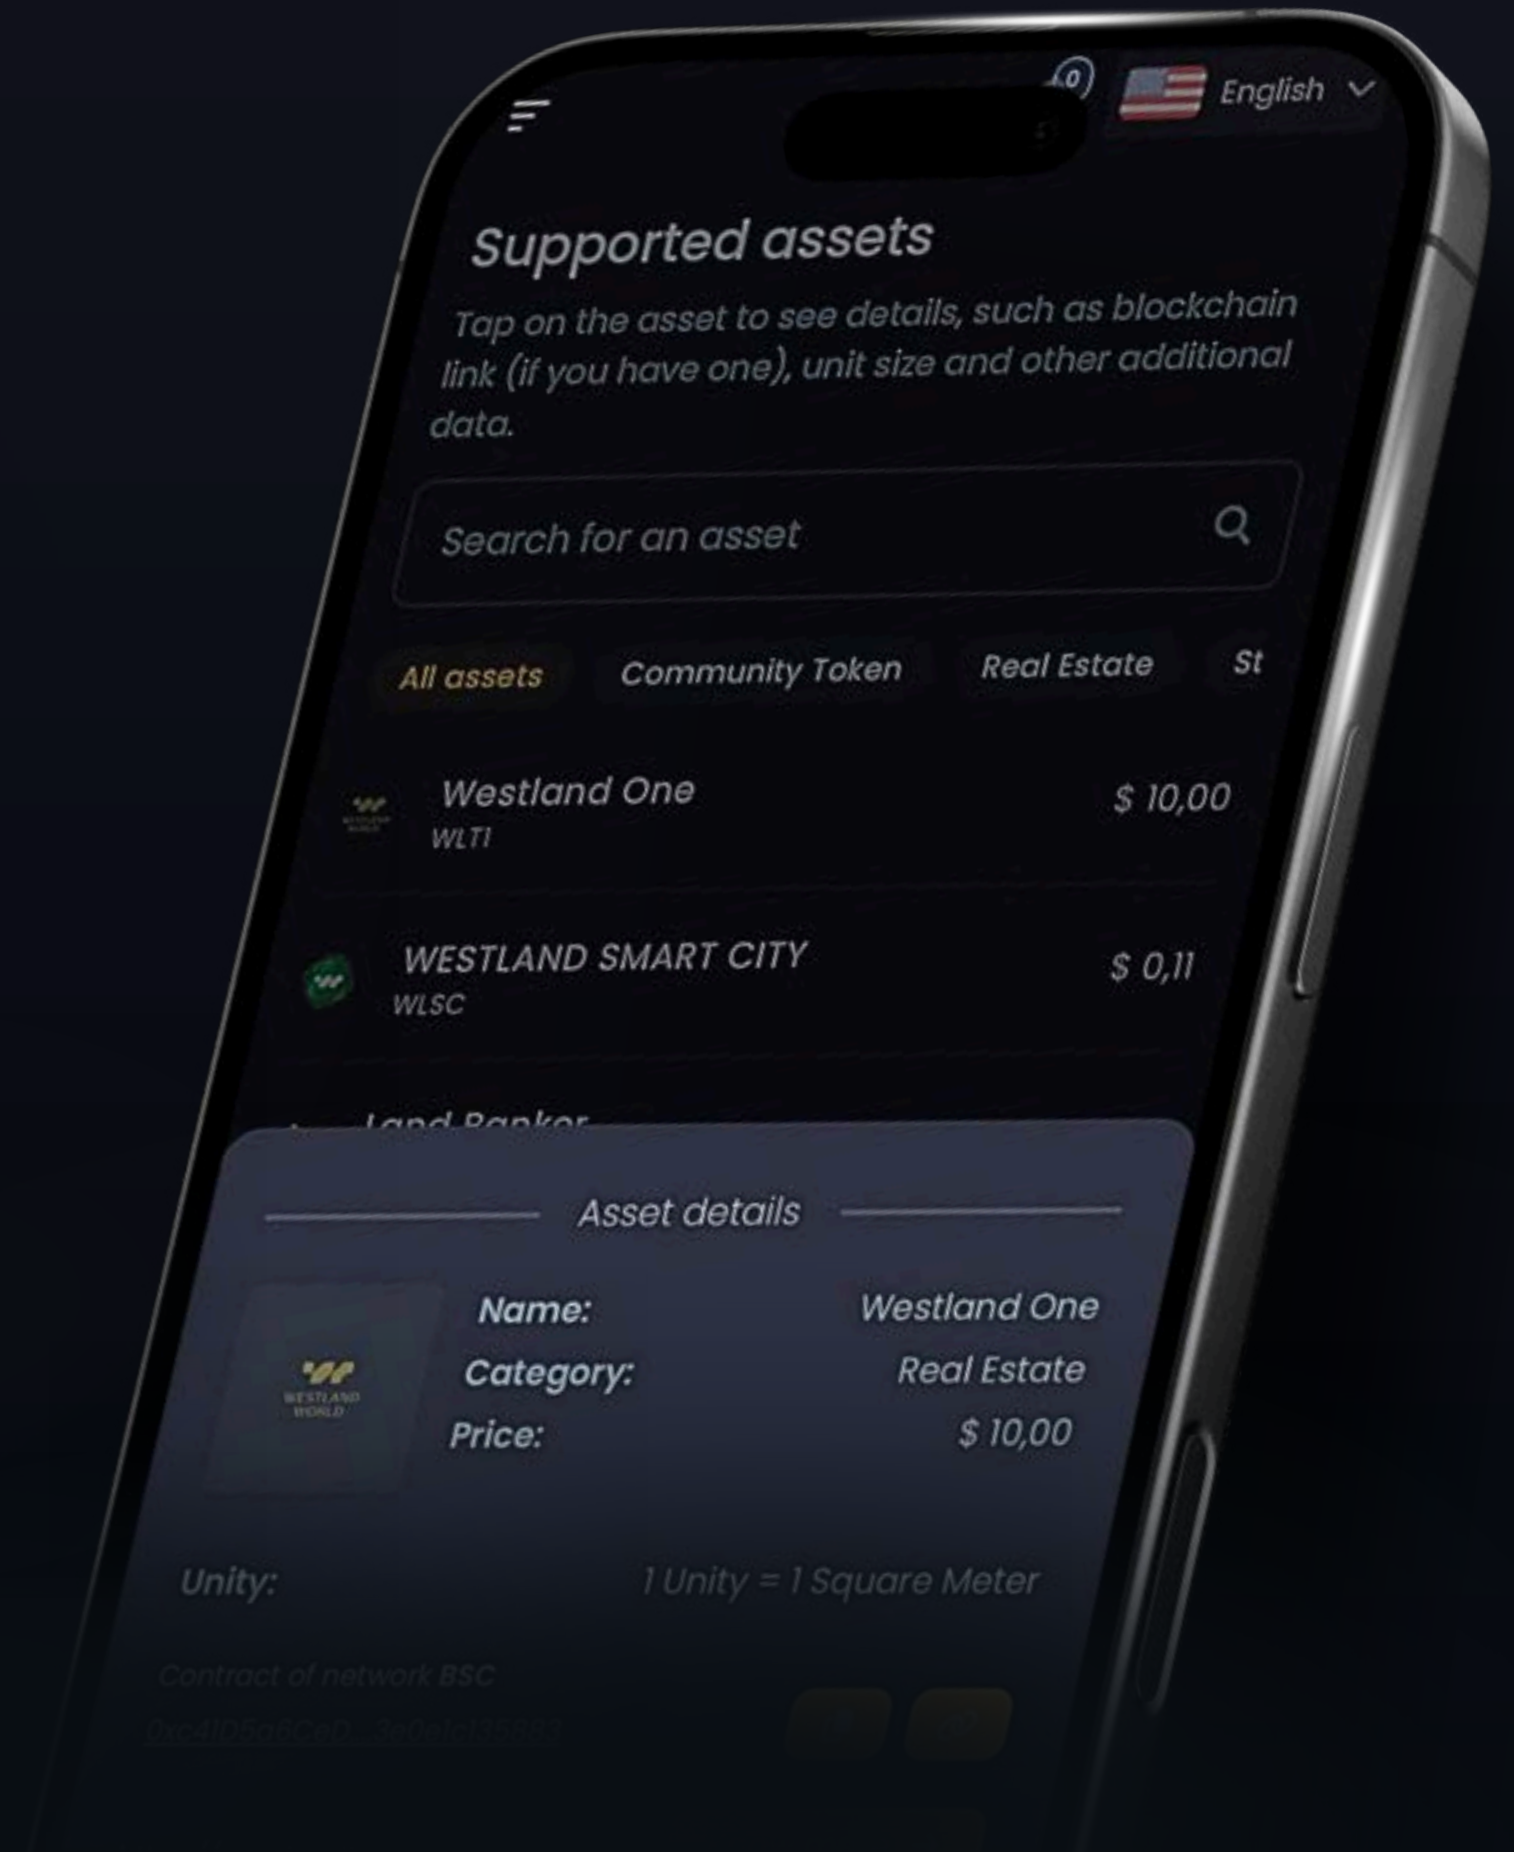

# LAND BANKER

is the innovative exchange for trading digital properties. Offering a secure and transparent platform, it connects investors to the tokenized digital market backed by real assets, creating new opportunities in the real estate sector with security through blockchain.
