

Core360

Mechanical breakdown coverage for all inventory types - new and pre-owned

Program Highlights

- Five coverage levels - four stated component and one exclusionary
- Hybrid/electric vehicle propulsion battery coverage
- No claim waiting period when sold at time of vehicle sale
- Stand-alone seal/gasket coverage included in "new" coverage and optional for "used" coverage
- ACV per claim / vehicle purchase price aggregate limit of liability
- \$100 per claim deductible
 - \$250 and \$500 options available
 - \$0 and disappearing options for "new" coverage
- Program can be offered post-sale

Terms/Eligibility

- Current model year + 20 previous model years
 - Includes passenger vehicles, luxury vehicles, hybrid/electric vehicles and up to class 5 vans/trucks
- Up to 200,000mi starting odometer
 - "Any age/any mileage" up to an 18/18,000 term
- Terms range from 3/3 to 108/150,000
 - Unlimited mileage term option
- All non-wrap terms, "new" and "used", are in addition to the sale date and sale odometer. Current date/odometer + term time/mileage will equal the expiration

Additional Benefits

- Roadside assistance
