VALUABLE PROTECTION. PRICELESS PEACE OF MIND.

Vehicles are now more sophisticated, computer modulated, and contain more moving parts and network connected systems than ever before. While such advancements make driving safer and more satisfying, they also make for more complex and costly repairs.

Motor vehicles, at their core, are complex mechanical devices ... and all mechanical devices are susceptible to breakdown. No matter how well an automobile is cared for, or what its history of reliability may be, risk of experiencing a mechanical breakdown grows as it accrues miles and ages. And, once its factory warranty expires, it's up to the vehicle owner alone to pay for such repairs.

MagniShield offers comprehensive Vehicle Service Contracts to fit virtually any need or budget. Whether your vehicle is new or preowned, you can enjoy extended, uninterrupted vehicle breakdown and repair coverage, and much more ... often for less than you might pay for a single future vehicle repair.

MANUFACTURER WARRANTIES AND EXTENDED VEHICLE BREAKDOWN & REPAIR COVERAGE PLANS

MANUFACTURER WARRANTIES: New vehicles sold in the US are backed by a Manufacturer's Warranty issued by the automaker that promises free repair or replacement of parts that fail within the warranty period.

VEHICLE MANUFACTURERS PROVIDE THIS COVERAGE IN THE FORM OF TWO SEPARATE WARRANTIES:

NEW VEHICLE WARRANTY ("BUMPER-TO-BUMPER"): This warranty is typically the shortest (often 3yrs/36k miles) and covers almost every vehicle component and part that isn't maintenance related, including its Steering, Suspension, Braking, Fuel, Cooling and Electrical Systems; Vehicle Computers and Sensors; Heating, Air Conditioning and Cruise Control; Power Seats, Windows, Locks, Mirrors and Windshield Wiper Systems; Anti-Theft, Entertainment, Audio and Electronic Display Systems; and a lot more.

POWERTRAIN WARRANTY: This warranty is separate from, but provided with the vehicle's Bumper-to-Bumper warranty and usually lasts much longer (often 5yrs/60k miles). Powertrain Warranties provide coverage for the basic components that power and propel a vehicle, which are generally also the most expensive to repair, and include its Engine, Transmission, Drive Shaft(s) and Final Drive.

EXTENDED VEHICLE BREAKDOWN & REPAIR COVERAGE PLANS: Also known as "Service Contracts," Vehicle Breakdown & Repair Coverage Plans "extend" or replace a vehicle's original New Vehicle and/or Powertrain Warranties upon their expiration. MagniShield Vehicle Breakdown & Repair Coverage Plans, however, offer far greater flexibility than Manufacturer Warranties, allowing for more vehicles to qualify and their owners to choose coverage plan terms that best suit their specific needs.

EXECUTIVE PROTECTION

One of the most comprehensive in the industry today, this coverage includes ALL COMPONENTS that were covered by your vehicle's original "Bumper-to-Bumper" and Powertrain Warranties*, as well as Roadside Assistance, Rental Car Allowance, and our full range of standard features and benefits.

INCLUSIVE AVAILABILITY

Protection for most New and Preowned vehicles, including Rideshare · Gas, Diesel, and Hybrid vehicles in 2WD, 4WD, and AWD drivetrains · Trucks and Vans including 1-ton chassis equipped with dual-rear wheels, modified suspension/ride height, or with oversized wheels or tires.*
