With bar tab and drink subsidy the host can choose what beverages are included and set tab limits – our team will keep the host updated during the event. With sit down meals or smaller groups we also offer full table service for beverages.

We have a range of AV facilities from screens, to Microphones, to the ability to run your own music or quiz event, please refer to each area to see what is available.

MINIMUM SPENDS

HOST RESPONSIBILITY

We want all guests at our functions to have fun and be safe, our host responsibility policy applies to all functions, and we expect a responsible level of behaviour from all our guests.

A level of food is required at all functions, and free water is readily available, during functions, we keep an open dialogue with the host throughout the evening.

For larger functions we may require security for the event, we will organise this and the host and add the cost onto the bill at the end of the evening.

CLOSING TIMES

We will discuss with you a proposed finishing time for your event so there are no surprises for the evening. Please note that we are not a super late night venue!
