Adaptable Problem-Solver Experienced in Fast-Paced Startup Environments

I thrive in dynamic, fast-paced environments where adaptability and creativity are essential. My startup experience has taught me how to manage projects efficiently while delivering high-quality results under tight deadlines.

WORK EXPERIENCE

Opus 88 • New York, NY • 03/2024 – Present

An international family office focused on managing a diverse portfolio of investments, including real estate, private equity, and venture capital.

Strategic Operations Analyst • Full-time

- Managed a portfolio of Private Equity investments, monitoring performance, identifying risks, and recommending strategic adjustments to optimize returns.
- Prepared comprehensive financial reports for family principals, providing insights on financial trends and risks.
- Developed and executed strategic plans to enhance operational efficiency and achieve family office goals, ensuring alignment with family objectives.

Auteur VC • Tempe AZ • 11/2023 – 05/2024

Pre-seed VC fund focused on being the first check for Arizona founders.

Spring Operations Analyst • Part-time

- Directly engaged with Limited Partners, and securing financial commitments in a difficult macroeconomic environment.
- Sourced and evaluated pre-seed investment opportunities, developing a robust pipeline that significantly enhanced the fund's strategic positioning.
- Oversaw investor communications, producing detailed monthly updates that strengthened stakeholder relationships.

Sonoran University of Health Sciences • Tempe, Arizona, United States • 05/2023 – 10/2023

Financial Operations Intern • Internship

- Conceptualized and developed a comprehensive sales trend analysis tool tailored for the pharmacy sector, enhancing the ability to forecast and respond to market demands.
- Facilitated cross-functional collaboration by integrating the software with existing financial systems, ensuring seamless data flow and real-time insights.
- Utilized advanced analytics and programming skills to create a user-friendly interface, resulting in a 50% increase in efficiency for analyzing sales data.
