LA RADIOSA

La Radiosa is not just a coffee machine; it's a marvel of modern design and cutting-edge technology from Gaggia Milano. With its striking aesthetics, centred around a door framed by customizable LEDs, La Radiosa stands out in any setting, offering flexibility and advanced capabilities in a compact form.

MACHINE FEATURES

STUNNING DESIGN

The eye-catching RGB LEDs surrounding the door panel can be customized to match any ambiance, making La Radiosa a statement piece in your coffee area.

ADVANCED CUSTOMISATION

La Radiosa features a 10-inch full HD touchscreen that offers extensive customization options, from creating custom drink icons to adjusting the colour of the LEDs.

ENHANCED CONNECTIVITY

Equipped with embedded WiFi/Bluetooth and pre-set 3G cellular connection, La Radiosa ensures seamless operation and monitoring possibilities, making it a smart choice for modern businesses.

EVOMILK TECHNOLOGY

This brand-new technology provides various settings for milk dose, temperature, and density, delivering both hot and cold perfectly foamed milk. The plug-and-play automatic cleaning cycle at the end of the day simplifies maintenance significantly.

BEST FOR INDUSTRIES IN

HIGH-END ESTABLISHMENTS

Perfect for establishments that value design as much as the quality of their coffee.

LARGER OFFICES

Enhance the office environment with a coffee machine that doubles as a piece of modern art.

WHY CHOOSE THIS MACHINE?

USER-FRIENDLY INTERFACE

With its easy-to-use self-service mode, the intuitive controls and customizable settings make it simple for everyone.

INNOVATIVE MILK SYSTEM

The innovative milk system not only produces superior quality frothed milk but also ensures easy cleaning, enhancing operational efficiency.

ENERGY EFFICIENT

Features energy-saving modes that help reduce power consumption without compromising performance.

MACHINE DIMENSIONS

368mm x 789mm x 586mm
