

EnKoat Insider

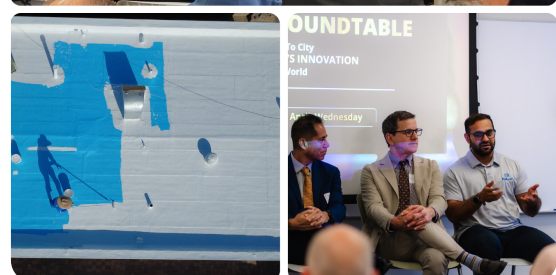

Where Innovation Meets Sustainability™

Dear <<First Name>>,

Welcome to the **April 2026 edition of EnKoat Insider**. The first quarter has been one of our most exciting yet, from pitching to energy utility leaders in Atlanta to completing projects across Arizona, Texas, and beyond, EnKoat is building real momentum heading into summer. Here are the highlights.

Key Highlights: Industry, Energy & Investor Engagement

1. [New projects completed in Tucson, Central Phoenix, and Texas](#)
2. [EPRI Incubatenergy Labs® 2026 Finalist](#) - Selected from 260+ global applicants
3. [Industry Growth Forum 2026](#) - Portfolio Company Spotlight presenter (IN² / Wells Fargo)
4. [Houston CERAWeek - Energy Tech Market](#) - Pitched to founders, operators & investors
5. [Innovation Roundtable hosted during AZ Tech Week](#) - Convened city, university & industry leaders

⚡ The IntelliKoat™ Impact - By the Numbers

1,000,000+
sq ft
protected
across 8
states

\$10M+
replacement
costs avoided

1,500+
tons
waste
diverted

8 states
and counting

🏗️ Feature Story - EPRI Incubatenergy Labs® 2026

1. **EnKoat selected as 1 of 24 Energy Innovators** from 260+ global applicants
2. CEO Dr. Matthew Aguayo pitched IntelliKoat™ to energy utility leaders in Atlanta
3. Showcased how IntelliKoat™ reduces cooling energy use, extends roof life, and improves building efficiency
4. Now in the running for an accelerated demonstration project this summer
5. Hosted by EPRI, supported by Georgia Power and Southern Company

Project Spotlights - Roofs Restored, Not Replaced

Before (Tucson, AZ)

During (Tucson, AZ)

After (Tucson, AZ)

1. [Residential Asphalt Roof, Tucson, AZ](#)

Sealed and summer-ready before Arizona's triple-digit temps arrive. EnBase™ foundation + high-performance EnFlex™ topcoat for heat reflection, wear resistance, and long-term protection.

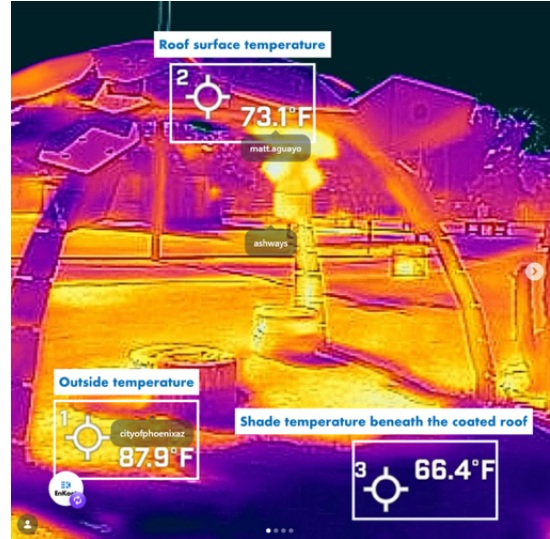

2. [Commercial TPO Roof, Beaumont, TX](#)

A 20-year-old TPO roof on the verge of failure. Full IntelliKoat™ system applied - basecoat to bond and strengthen, topcoat for reflectivity, waterproofing, and durability.

3. [Residential SPF Roof, Phoenix, AZ](#)

A nearly 30-year-old roof with active leaks, restored instead of replaced. EnBase™ + EnFlex™ applied and fully cured in under 24 hours, even in winter conditions (~50°F).

¡Sombra! Results - Public Art Meets Climate Tech

City of Phoenix's ¡Sombra! initiative released results showing surface temp reductions of up to 46°F. EnKoat partnered on heat-mitigating coatings for the installation, and the collaboration led to expanded color options for IntelliKoat™. A powerful example of art, research, and local business solving urban heat together.

Industry Events & Engagements

[EPRI Incubatenergy Labs, Atlanta](#)

Pitched as one of 24 finalists to energy utility leaders.

[Industry Growth Forum 2026 \(IN² Scalable Program\), Denver](#)

Portfolio Company Spotlight presenter

alongside the Innovation Incubator (IN²) ecosystem, corporate partners, and investors.

[Energy Tech Market, Houston](#)

Shared EnKoat's approach to reducing energy demand through advanced materials during CERAWeek in Houston, TX

[Innovation Roundtable @ AZ Tech Week, Chandler](#)

EnKoat hosted a panel with leaders from City of Phoenix, City of Chandler and ASU on moving bold ideas to real-world deployment.

[IFMA Trade Show, Phoenix](#)

Connected with facility management professionals at the Mesa Convention

Center.

IIBEC Golf Tournament, Phoenix

Networking with building envelope professionals on the green.

💡 Did You Know?

U.S. roof-related insurance claims exceeded **\$30 billion** last year, largely driven by severe weather. IntelliKoat™ is engineered for real-world conditions - UV, freeze-thaw, ponding water, and extreme heat - not just perfect weather.

📢 Next Stage of Growth

EnKoat is preparing for its next stage of growth. We're connecting with strategic

partners and investors who share our vision, reach out if you'd like to learn more by replying to this email or reach out at info@enkoat.com.

Share the Momentum

Help us grow our community of supporters, contractors, building owners, sustainability leaders, and climate resilience champions by forwarding this newsletter!
