A counting exercise for children. At the top, there are six empty rounded square boxes. Below them are six small carrot icons, each with a different shape: a circle, a triangle, a star, a semi-circle, a square, and a hexagon. A green double-headed arrow spans the width of the page below these icons. The main area of the page is filled with a collection of 30 larger carrot icons, each with a different shape: a circle, a hexagon, a square, a triangle, a star, and a semi-circle. The shapes are scattered across the page for counting.
