Experience

Founding Designer · Payable

2022-2024 · 2y 4m

Joined as the founding product designer to develop a new cash management and reconciliation dashboard. Responsible for entire end-to-end design experience, web design, branding and more.

Product Designer · Bud

2021-2022 · 1y 6m

Focused on all areas of user research, experience and interface design for the Bud personal finance app. Led projects on information architecture and iOS component library refresh.

Product Designer · Attest

2020-2021 · 6m

Designed core survey creation functionality for the consumer research platform. Championed initiatives that focused on implementing an accessibility-first design system.

Product Designer · 11:FS

2018-2020 · 2y 9m

Worked within the consulting team to support new client ventures. Responsible for leading client design sprints including rapid prototyping and design experiences for financial services propositions.

UX Researcher · Thread

2017-2018 · 1y

Owned every phase of the user research process for a personal styling service for men. Implemented a jobs-to-be-done framework to support strategic direction of the product.

UX Researcher · Homeboy

2016-2017 · 2y

Established and co-ordinated the user research practice for a smart home security camera. Responsible for communicating feedback and insights to support product and design teams.
