HOURGLASS T001

Product Fact Sheet

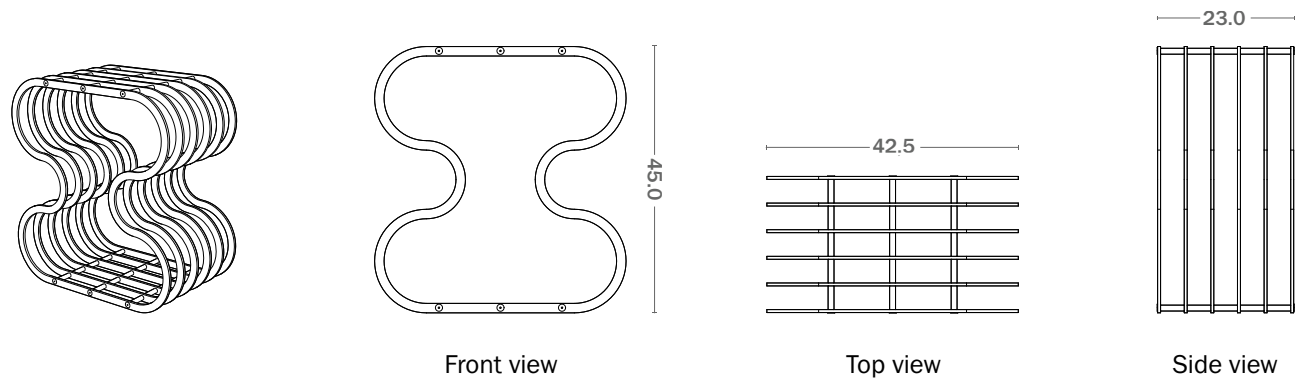

PRODUCT SPECIFICATIONS

Product Name:
HOURGLASS T001

SKU:
GF-HGT001-2024

Origin:
Designed in Australia
Manufactured in China

DIMENSIONS & WEIGHT

- **Dimensions:**
Width: 42.5 cm / 16.7 in
Depth: 23 cm / 9.1 in
Height: 45 cm / 17.7 in

- **Total Weight:**
[XX] kg

MATERIALS

- Aluminum 5052 (cut out shape)
- Stainless Steel 304 (hardware)

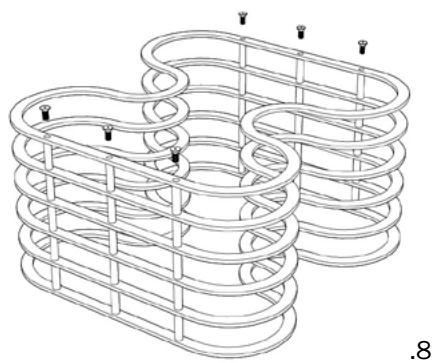

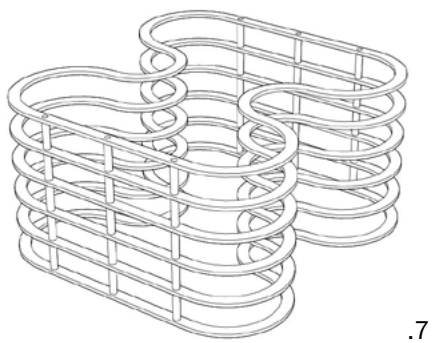

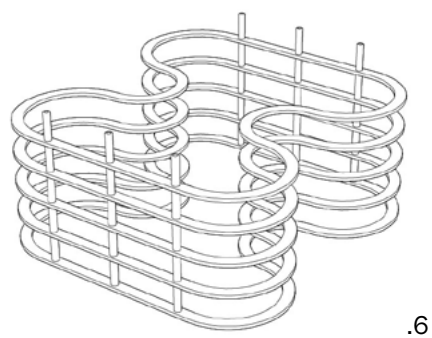

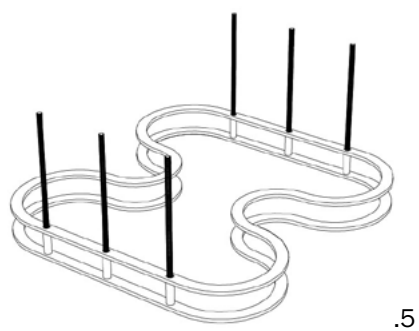

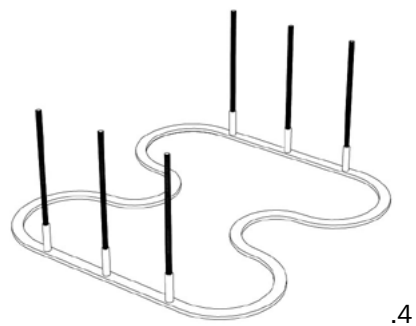

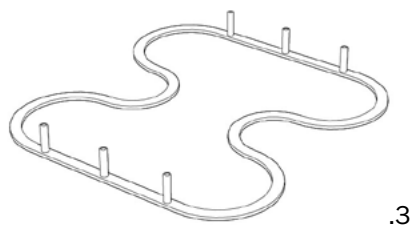

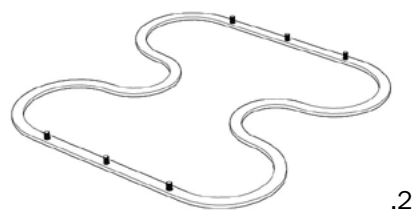

CUSTOMIZATION & BESPOKE OPTIONS

Standard products feature a natural raw metal finish. Custom finishes, including powder coating in a wide range of colors, are available upon request.

ASSEMBLY INSTRUCTIONS

Included in the pack

6 × Aluminum Cutout Plates
6 × Threaded Rods
30 × Standoffs / Coupling Nuts
12 × Flat Countersunk Screws

Assembly instructions video

For easy understanding, check the assembly video.

CARE & MAINTENANCE

- **Stainless Steel**

Properties: Durable, highly corrosion-resistant, and built for long-term use. Unfinished surfaces may naturally develop a subtle patina over time.

Cleaning: Wipe regularly with a soft cloth using warm water and a pH-neutral soap. Rinse and dry immediately along the metal grain to prevent water spots.

Avoid: Abrasive sponges, steel wool, or chlorine-based chemical cleaners.

- **Aluminium**

Properties: Lightweight, highly recyclable, and naturally resistant to oxidation with a refined surface finish.

Cleaning: Dust regularly with a soft, dry microfiber cloth. For marks, clean with a damp cloth and mild soap, then dry thoroughly.

Avoid: Solvents, harsh chemicals, or abrasive pads that can scratch or alter the finish.

LEGAL & BUSINESS INFORMATION

Safety & Usage

For indoor use only. Assemble on a soft, protective surface. Refer to the official assembly guide before setup and ensure all components are properly aligned before final tightening.

Warranty & Consumer Rights

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. For international orders, statutory consumer rights apply according to local regulations (including the 2-year legal warranty of conformity within the EU/UK).

Recycling & Environment

Packaging materials are recyclable. Aluminium and stainless steel components are 100% recyclable at end-of-life. Please follow local municipal guidelines for metal disposal.
