EXPERIENCES

STUDIO STEREOGRAM

Digital Product Designer

2024 – present

Collaborating with a diverse range of clients – from tax-related SaaS products and token distribution to agencies, banks, and many others – to understand their unique needs and deliver tailored design solutions.

Leading end-to-end design projects from concept to launch, covering user research, wireframing, prototyping, usability testing, and high-fidelity UI design to ensure intuitive, user-centric solutions.

Managing multiple design systems, ensuring consistency, scalability, and seamless integration across projects.

Maintaining and updating clients' websites, refreshing layouts and designs in Framer to keep them modern and engaging.

GEOGEBRA

Digital Product Designer

2022 - 2024

Establishing and maintaining a design system and accompanying guidelines that are easily accessible to diverse individuals within the company.

Contributing to the entire design process, from very early-stage research and ideation to iteration, prototyping, and implementation, to improve the user experiences of online math learning.

Conducting multiple user interviews including teachers and students to gain insights on the product and and how we can make it better.

Delivering animations to enhance the UI design of the rebranded webpage, enriching its visual and interactive aspects.

IPINFO.IO

UX / UI Designer

2021 – 2022

Enhancing the user experience through a comprehensive visual redesign of the marketing website and dashboard, optimizing engagement for improved usability.

Implementing a scalable design system that maintains consistent brand identity and follow style guidelines.

Designing visuals for marketing initiatives, including presentations, social media content, and blog posts to elevate brand presence.

STUDIES

KREA DESIGN SCHOOL

UX / UI Design

2019 – 2022

For the final project, I designed "Mimo," a cross-platform mental health app aimed at supporting individuals who struggle to discuss their problems or access psychological help.

LORANT EÖTVÖS UNIVERSITY

International Relations BA

2012 - 2016

Exploring international politics, diplomacy, and global affairs, with a focus on how countries interact and how political decisions shape the world.
