HOW MANY OF EACH SIZE TO ORDER

Most churches order too many smalls and run out of larges. Use these as your starting point, then adjust with the steps below.

These are common starting splits for a 100-piece order, not rules. Your own past orders always beat a chart.

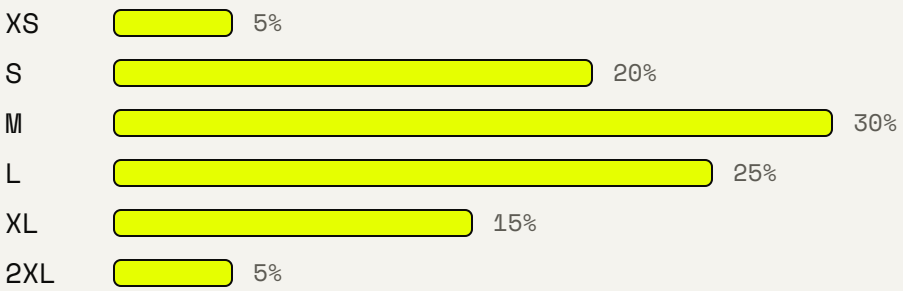

ALL-CHURCH ORDER

Adults of every age. Most of it lands in medium and large.

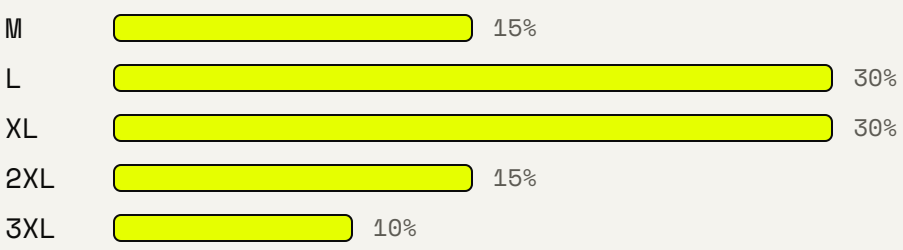

YOUTH GROUP OR STUDENTS

Runs smaller. Older students often size up for the boxy look.

MEN'S MINISTRY

Runs bigger. Don't skip 3XL.

ADJUST IT IN 4 STEPS

1

WHO'S WEARING IT

Pick the split above that matches who it's for.

2

LOOK AT YOUR LAST ORDER

Whatever sold out first, add more. Whatever is still in the box, cut it.

3

CHECK THE FIT

Boxy and oversized pieces run big, so lean one size smaller on those.

4

KEEP A FEW EXTRA

Hold 5 to 10% extra in your most common size. That's what people come back asking for.

EVEN EASIER

When you order with us, you can collect sizes from your people right in your SundayCRTV client portal, and we build the size breakdown for you.
