

Are Two Maine Coon Kittens Better Than One?

Want to double your enjoyment and entertainment? Adopting a pair of siblings is the ultimate **Maine Coon** experience!

There are many advantages to adopting two siblings. They will help build each other's confidence and entertain one another. They will provide joy and entertainment within your home and provide companionship.

Two Kittens Is Twice The Fun!

You will have two **Cuddly Companions** every time you come home. They will keep you entertained for hours, playing with toys, chasing each other around or having a quiet moment snuggled in your lap. Watching them explore and grow together is a heart warming experience.

No Quarantine Or Introduction Period Required

When you adopt two kittens at separate times, , they require a quarantine and introduction period. Adopting two siblings allows you to skip these inconvenience. Littermates have been raised together and are comfortable with each other. This is a great way to reduce stress on both the kittens and yourself.

Savvy Cats Prioritizes Littermates

If you are adopting a pair of littermates/siblings, Savvy Cats will put you on a priority list. This means you will be able to choose your kittens before the general applicant pool. Want to be the first to choose? Consider our **VIP Client List**. This exclusive opportunity is limited to three approved applicants.
