INDEPENDENT AUDITOR'S REPORT

The Members of ALPINE TEXWORLD LIMITED (Formerly known as ALPINE SPINWEAVE LIMITED)
Report on the audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated financial statements of Alpine Texworld Limited (Formerly known as ALPINE SPINWEAVE LIMITED) ("the Company"), which includes its Subsidiary which comprise the Consolidated Balance sheet as at 31st March, 2026, and the Consolidated Statement of Profit and Loss and Consolidated statement of cash flows for the year then ended, and notes to the Consolidated financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2026, its profit and cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the standards on auditing specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the auditor's responsibilities for the audit of the consolidated financial statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the consolidated financial statements and auditors' report thereon

The Holding Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility Report but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Management's responsibility for the Consolidated financial statements

The Holding Company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the Consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance of Holding Company and such other entities included in the consolidated financial statements regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013 we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order. We provided that, the order specifically provides that it shall not apply to the auditor's report on consolidated financial statement except for clause (xxi) of Paragraph 3 as provided in Annexure A.

As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- (c) The Consolidated balance sheet, the consolidated statement of profit and loss, and the consolidated cash flow statement dealt with by this report are in agreement with the books of account;
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors as on 31st March, 2026 taken on record by the board of directors, none of the directors is disqualified as on 31st March, 2026 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy of the internal financial controls over financial reporting with reference to consolidated financial statements and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us;
 - I. The Company does not have any pending litigations which would impact its consolidated financial position.
 - II. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
 - III. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - IV. Utilization of Borrowed Funds and Share Premium
 - a. The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner

whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- b. The management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and (iii) Based on audit procedures which we considered reasonable and appropriate in the circumstances, nothing has come to their notice that has caused them to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.

- V. The Reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is applicable from 1st April 2023.

Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended March 31, 2026, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is applicable for the financial year ended March 31, 2026 and the company has complied with the requirement.

Annexure A to the Auditor's Report

The Annexure referred to in Independent Auditors' Report to the members of the Company on the consolidated financial statements for the year ended 31st March, 2026, we report that:

- (xxi) Reporting under this clause of the Order does not apply to the audit of the consolidated financial statements, as the subsidiary is a Limited Liability Partnership and not a company. Accordingly, no comments have been included in this report with respect to this clause.

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Alpine Texworld Limited (Formerly known as ALPINE SPINWEAVE LIMITED)** ("the Company") as of 31st March, 2026 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Consolidated Financial Statement of Cash flow For the year ended 31st March, 2026 and March 2025

(All amount are in ₹ Millions unless otherwise stated)

Particulars	For the year ended 31st March, 2026	For the year ended 31st March, 2025
A. Cash flow from operating activities		
Profit/(Loss) before tax	268.95	118.36
Adjustments for:		
Depreciation and Amortisation Expense	125.30	64.03
Profit share of Non Controlling Interest in LLP	(2.59)	(0.44)
OCI share of Non Controlling Interest in LLP	(0.00)	-
Remeasurement of the Defined Benefit Plans	3.94	(0.03)
Finance Cost	150.98	90.39
Dividend Income	(0.02)	(0.00)
Interest Income	(1.93)	(2.34)
Loss on sale of Fixed Asset	-	-
Net Amortized Borrowing Cost	0.46	0.23
Amortization of ROU	1.64	0.19
Interest on Lease	1.81	0.16
Operating profit before working capital changes	548.54	270.55
Changes in Working Capital:		
(Increase) / Decrease in Assets :		
Trade Receivables	336.56	(227.80)
Other Current Assets	(2.25)	(34.93)
Inventories	(243.82)	(292.37)
Increase / (Decrease) in Liabilities :		
Other Financial Liabilities	10.47	12.56
Other Current liabilities	5.42	3.43
Trade Payables	(291.12)	407.60
Provisions	(1.78)	3.20
Cash generated/(used) from operations	362.04	142.26
Income taxes paid (net)	(22.14)	(12.18)
Net cash generated/(used) from operating activities (A)	339.90	130.08
B. Cash flow from investing activities		
Purchase of Property, Plant and Equipment (including CWIP and Capital Advances)	(362.25)	(928.88)
Government Grant Received	42.26	-
Proceeds from sale/maturity of Property, Plant and Equipment	-	-
Bank Deposit (Net)	(5.48)	(14.83)
Investment in Shares of Cooperative Bank	-	(0.53)
(Payment)/Recovery of Security Deposit	(0.16)	(3.14)
Dividend Income	0.02	0.00
Interest Income	1.93	2.34
Net cash generated/(used) in investing activities (B)	(323.70)	(945.03)
C. Cash flow from financing activities		
Proceeds / (Repayment) from Current Borrowings (Net)	5.73	165.74
Proceeds / (Repayment) from Non-Current Borrowings (Net)	108.87	730.27
Opening adjustment of ROU and Lease Liability acquired in Business Combination	-	0.50
Payment of Lease Liability	(2.14)	(0.30)
Non Controlling Interest	7.65	17.64
Finance Cost	(150.98)	(90.39)
Net cash generated/(used) in financing activities (C)	(30.87)	823.46
Net increase / (decrease) in cash and cash equivalents (A+B+C)	(14.67)	8.50

Annexure - IV

Consolidated Financial Statement of Cash flow For the year ended 31st March, 2026 and March 2025

(All amount are in ₹ Millions unless otherwise stated)

Notes to Cash Flow Statement:

1. Disclosure as per Ind AS 7 Statement of Cash Flows:

The Ind AS 7 require entities to provide disclosure of changes in their liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes (such as foreign exchange gains or losses). In this regards the Company has provided the following information.

Particulars	As at 1st April, 2025	Cash Flows	Others	For the year ended 31st March, 2026
Long-term Borrowings Including Current Maturities	1,128.43	108.87	0.46	1,237.76
Lease Liability	4.02	(2.14)	12.75	14.63
Total	1,132.45	106.73	13.21	1,252.39

Particulars	As at 1st April, 2024	Cash Flows	Others	For the year ended 31st March, 2025
Long-term Borrowings Including Current Maturities	397.93	730.27	0.23	1,128.43
Lease Liability	-	(0.30)	4.32	4.02
Total	397.93	729.97	4.55	1,132.45

2. The Statement of Cash Flows has been prepared under the Indirect method as set out in Ind AS 7 "Statement of Cash Flows"

3. Previous year's figures have been regrouped wherever necessary, to conform to this year's classification.

See accompanying notes forming part of the Financial Statements.

Notes to Consolidated Financial Information

A Significant Accounting Policies

1 Corporate information

Alpine Texworld Limited (Formerly known as Alpine Spinweave Limited) (“the Parent Company” or “Company”) (CIN: U17120GJ2016PLC086259) is a Public Limited, -incorporated on 26 February 2016 with Registrar of Companies, Ahmedabad under the Companies Act, 2013 and its Subsidiary M/s Alpine Cottweave LLP (Collectively referred to as the “Group”). The Company is engaged in the spinning of cotton yarn, sizing of cotton yarn and weaving of Cotton Yarn including trading of various textile products. It has its registered office situated at Block No. 614-1105, Village-Paldi, Pirana Miroli Road, Paldi Kankaj, Ahmedabad, Dascroi, Gujarat, India, 382425.

2 Material accounting policies:

2.1 Basis of preparation

(i) Statement of compliance

The consolidated financial statements of the group have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the ‘Ind AS’) as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 (‘Act’) read with of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other accounting principal generally accepted in India.

(ii) Principles of Consolidation

The consolidated financial statements comprise the financial statements of the company and its wholly owned subsidiary. Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in consolidated financial statements, appropriate adjustments are made to that group member’s financial statements in preparing the consolidated financial statements to ensure conformity with the group’s accounting policies.

The financial statements of all the entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company.

(iii) Basis of Measurement

These consolidated financial statements have been prepared and presented under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair value by Ind AS. The fair value is the price that would be received to sell an assets or paid to transfer a liability in an orderly transaction between the market participants at the measurement date.

The Financial Statements have been presented in Indian Rupees (INR), which is also the Company's functional currency. All values are rounded off to the nearest rupees, unless otherwise indicated.

(iv) Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions. The group categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed in their measurement which are described as follows:

- (i) Level 1: Quoted Prices (unadjusted) in active markets for identical assets or liabilities
- (ii) Level 2: inputs that are observable, either directly or indirectly, other than quoted prices included within level 1 for the asset or liability.

Annexure - V
Notes to Consolidated Financial Information

- (iii) Level 3 : inputs are unobservable inputs for the asset or liability reflecting significant modifications to observable related market data or group's assumptions about pricing by market participants.

For assets and liabilities that are recognised in the consolidated financial statements on a recurring basis, the group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

(iv) Use of estimates and judgments

The estimates and judgments used in the preparation of the consolidated financial statements are continuously evaluated by the Group and are based on historical experience and various other assumptions and factors (including expectations of future events) that the group believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and future periods affected. Significant judgments and estimates about the carrying amount of assets and liabilities include useful lives of tangible and intangible assets, impairment of tangible assets, intangible assets including goodwill, investments, employee benefits and other provisions and recoverability of deferred tax assets.

2.2 Summary of significant accounting policies

i) Property, Plant and Equipment (PPE)

Recognition and measurement:

On transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as of April 1, 2023, measured as per the previous GAAP and use that carrying value as the deemed cost of property, plant, and equipment.

Freehold land is carried at cost.

Property, plant and equipment held for use in the production or/and supply of goods are stated in the balance sheet at cost, less any accumulated depreciation and sale or disposal (if any).

Cost of an item of Property, plant and equipment acquired comprises its purchase price after deducting any trade discounts and rebates and further includes any directly attributable costs of bringing the assets to its working condition and location for its intended use and present value of any estimated cost of dismantling and removing the item and restoring the site on which it is located.

In case of self-constructed assets, cost includes the costs of all materials used in construction, direct labour, allocation of directly attributable overheads, directly attributable borrowing costs incurred in bringing the item to working condition for its intended use, and estimated cost of dismantling and removing the item and restoring the site on which it is located. The costs of testing whether the asset is functioning properly, after deducting the net proceeds from selling items produced while bringing the asset to that location and condition are also added to the cost of self-constructed assets.

Annexure - V
Notes to Consolidated Financial Information

If significant parts of an item of Property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

An item of property, plant, and equipment (PPE) is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any resulting gain or loss from the derecognition is calculated as the difference between the asset's carrying amount and the net disposal proceeds, and is recognised in the Statement of Profit and Loss.

Subsequent measurement:

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to The Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

ii) Intangible Assets

Recognition and measurement:

Intangible asset purchased are measured at cost less accumulated amortization and accumulated impairment, if any and are amortized as per the useful life on written down value basis, as per the rates specified in the Companies Act, 2013.

Subsequent measurement:

Subsequent expenditure is capitalised only if it is probable that the future economic benefit associated with the expenditure will flow to The Company.

iii) Depreciation methods, estimated useful lives and residual value

Depreciation is provided using straight line method (SLM) as specified schedule II of the companies Act 2013. Depreciation on assets acquired / disposed- off during the year if any, is provided on pro-rata basis with reference to the date of addition / disposal. The estimated useful lives of assets are as under:

Class of assets	Useful Life
Freehold Land	Non-Depreciable
Building	30 Years
Plant & Machinery	15 Years
Electrification	10 Years
Furniture & Fixtures	10 Years
Office Equipment	5 Years
Vehicles	10 Years
Computers	3 Years
Intangible Asset	5 Years

The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

iv) Capital Advances

Advances paid towards the acquisition of property, plant and equipment, outstanding at each balance sheet date is classified as capital advances under "other non-current assets"

v) Capital work in process

Unallocated expenditures in Capital Work in Progress (CWIP) refer to costs incurred during the construction or development of an asset that are not yet assigned to a specific asset. Such expenditures may include overheads, related expenses, or preliminary project costs.

Annexure - V
Notes to Consolidated Financial Information

Unallocated expenditures in CWIP are treated as part of the cost of an asset until it is ready for intended use. Costs that cannot be directly attributed to specific assets are accumulated in CWIP and allocated when the assets are completed and become operational.

vi) Inventories

Inventories of Raw Materials, Work-in-Progress, Stores and spares, Finished Goods and Stock-in-trade are stated 'at cost or net realisable value, whichever is lower' except for Waste / Scrap which are valued at net realisable value. Cost comprises all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost formulae used are 'First-in-First-out. 'Specific identification', as applicable. Due allowance is estimated and made for defective and obsolete items, wherever necessary.

vii) Segment Reporting

Based on the "Management Approach" as defined in Ind AS 108, the Chief Operating Decision Maker (CODM) evaluates the performance and allocates resources based on an analysis of various performance indicators by business segments. The Managing Director (MD) has been identified as CODM.

The Company has evaluated the requirements of Ind AS 108 and determined that it does not have any distinct segments that meet the criteria for separate disclosure. As a result, segment reporting is not applicable.

viii) Borrowings

Borrowings are initially recognised at net of transaction costs incurred and measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the effective interest method.

ix) Borrowing costs

Borrowing cost directly attributable to the acquisition, construction of qualifying asset that necessarily takes a substantial period of time to get ready for its intended use, capitalised as part of cost of asset. The borrowing costs includes interest and transaction cost that a The Company incurs in connection with the borrowing of the funds. Other interest and borrowing costs are charged to Statement of Profit and Loss.

x) Provisions and contingent liabilities

Provisions are recognised when The Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period.

Contingent liability is disclosed in the case of:

- A present obligation arising from the past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- A present obligation arising from the past events, when no reliable estimate is possible;
- A possible obligation arising from the past events, unless the probability of outflow of resources is remote.

Provisions and contingent liabilities are reviewed at each balance sheet date.

xi) Revenue recognition

The specific recognition criteria from various streams of revenue are described as under:

Annexure - V
Notes to Consolidated Financial Information

(i) Sales of Goods and Services:

The revenue is recognised upon transfer of control of promised product to the customer in an amount that reflect the consideration, which The Company expect to receive in exchange of product. The revenue is measured based on the transaction price, which is the consideration, adjusted for discount and other incentives if any. The Amount of consideration to which The Company expect to be entitled in exchange for transferring promised goods to a customer excluding amounts collected on behalf of third parties (Duties & Taxes on behalf of Government).

(ii) Other Income:

Interest income is accrued on a time basis, by reference to the principal outstanding amount and at the effective interest rate applicable, the future cash receipt through the expected life of the financial asset to that asset's carrying amount on initial recognition.

Other Income includes (i) Interest Income (ii) Foreign Exchange Gain (iii) Dividend Income (iv) Interest Subsidy (v) Subsidy on Electricity Duty & Consumption

(iii) Government Grants / Subsidies from the Government:

Subsidies from the Government are not recognised until there is reasonable assurance that The Company will comply with the conditions attaching to them and that the subsidies will be received or when actually received by The Company. Subsidies from the Government are recognised in profit or loss on a systematic basis over the periods in which The Company recognises as expenses the related costs for which the subsidies are intended to compensate.

Subsidies from the Government that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to The Company with no future related costs are recognised in profit or loss in the period in which there is reasonable certainty of receiving the same.

Government grants of the nature of contribution towards capital expenditure (to the extent utilized in the year) are treated as of Capital Fund or reduced from the cost of PPE. Unutilized government grants are treated as funds to be carried forward and refunded, as per government directions and exhibited as a Liability. Income from Subsidy / Government Grant includes the following:

- Subsidy income of net SGST refunded by the State Government under the incentive scheme for Industries
- Interest Subsidy
- Subsidy on Electricity Duty & Consumption

xii) Employee benefits

a) Defined Contribution Plans

Payments made to a defined contribution plan such as Provident Fund and Family Pension maintained with Regional Provident Fund Office are charged as an expense in the Statement of Profit and Loss as they fall due.

b) Defined Benefit Plans

Defined benefit Plan

The Company's liability towards gratuity to past employees is determined using the Projected Unit Credit Method which considers each period of service as giving rise to an additional unit of benefit entitlement and measures each unit separately to build up the final obligation. Past services are recognized immediately in the Statement of Profit and Loss as expense. Actuarial gain and losses are recognized immediately in the Other Comprehensive income. Obligation is measured at the present value of estimated future cash flows

Annexure - V
Notes to Consolidated Financial Information

using a discounted rate that is determined by reference to market yields at the Balance Sheet date on Government Securities.

Defined Contribution Plan

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Company makes specified monthly contributions towards Government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in statement of profit or loss in the periods during which the related services are rendered by employees.

xiii) Income Tax

Current Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses and unabsorbed Depreciations, if any.

Deferred Tax

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses, only if, it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where The Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

xiv) Lease

At inception of a contract, The Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company recognises a right-of-use asset and a lease liability at the lease commencement date except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the lease payments associated with these leases as an expense in the statement of Profit and Loss on a straight-line basis over the lease term.

a) Right-of Use Assets

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end

Annexure - V
Notes to Consolidated Financial Information

of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right-of-use asset reflects that the Company will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

b) Lease Liabilities

The lease liability is initially measured at the present value of the lease payments to be paid over the lease term at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate. Subsequently, the lease liability is measured at amortised cost using the effective interest method. Modifications to a lease agreement beyond the original terms and conditions are generally accounted for as a re-measurement of the lease liability with a corresponding adjustment to the ROU asset. Any gain or loss on modification is recognized in the Statement of Profit & Loss. However, the modifications that increase the scope of the lease by adding the right to use one or more underlying assets at a price commensurate with the stand-alone selling price are accounted for as a separate new lease. In case of lease modifications, discounting rates used for measurement of lease liability and ROU assets is also suitably adjusted.

xv) Financial Instruments

Financial assets (except for trade receivables) and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities measured at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

A. Financial assets

Initial Recognition and measurement :

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the marketplace (regular way trades) are recognised on the trade date, i.e., the date that The Company commits to purchase or sell the asset.

Subsequent measurement :

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

❖ Classification and measurement of financial assets

a) Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest rate method if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b) Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if both of the following criteria are met

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are

Annexure - V
Notes to Consolidated Financial Information

solely payments of principal and interest on the principal amount outstanding.

c) Financial assets at fair value through profit & loss (FVTPL)

All financial assets that do not meet the criteria for amortised cost or FVTOCI are measured at FVTPL. Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any dividend or interest earned on the financial asset.

❖ **Impairment of financial assets**

The Company assesses at each date of balance sheet whether a financial asset or a company of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance.

In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and rates used in the provision matrix. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses on a forward-looking basis. However, if the credit risk on the financial instruments has increased significantly since the initial recognition, then the Company measures lifetime ECL.

ECL impairment loss allowance (or reversal) recognized during the period is recognized under the head 'Other Expenses' in the statement of Profit and Loss. The Balance Sheet presentation for various financial instruments is described below:

Financial assets measured as at amortised cost:

ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the Balance Sheet. This allowance reduces the net carrying amount.

Debt instruments measured at FVTPL:

Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Change in fair value is taken to the statement of Profit and Loss.

Debt instruments measured at FVTOCI:

Since financial assets are already reflected at Fair Value, impairment allowance is not further reduced from its value. Company does not have any Purchased or Originated Credit Impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/origination.

❖ **Derecognition of financial assets**

A financial asset (or, where applicable, a part of a financial asset or part of a The Company of similar financial assets) is primarily derecognised (i.e. removed from The Company's balance sheet) when:

- the right to receive cash flows from the asset have expired, or
- The Company has transferred its right to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) The Company has transferred substantially all the risks

Annexure - V
Notes to Consolidated Financial Information

and rewards of the asset, or (b) The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When The Company has transferred its right to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, The Company continues to recognise the transferred asset to the extent of The Company's continuing involvement. In that case, The Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that The Company has retained.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the Statement of Profit and Loss if such gain or loss would have otherwise been recognised in the Statement of Profit and Loss on disposal of that financial asset.

B. Financial liabilities and equity instruments

a) Classification as debt or equity

Debt and equity instruments issued by The Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

For purposes of subsequent measurement, financial liabilities are classified in two categories:

- Financial liabilities at fair value through profit or loss
- Financial liabilities at amortised cost (loans and borrowings)

All financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Gains and losses are recognised in Statement of Profit and Loss when the liabilities are derecognised as well as through the effective interest rate (EIR) amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

Trade and other payables are recognised at the transaction cost, which is its fair value, and subsequently measured at amortised cost. Similarly, interest bearing loans, trade credits and borrowings (including bonds) are subsequently measured at amortised cost using the effective interest rate method.

Annexure - V
Notes to Consolidated Financial Information

Financial liabilities measured at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as FVTPL. Financial liabilities are classified as held for trading if these are incurred for the purpose of repurchasing in the near term. Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in the Statement of Profit and Loss.

b) Derecognition of Financial Liability

The Company derecognises financial liabilities when, and only when, The Company's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in Statement of Profit and Loss.

c) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Other incomes, other than interest and dividend are recognized when the same are due to be received and right to receive such other income is established.

xvi) Share Capital & Share Premium:

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds. Par value of the equity share is recorded as share capital and the amount received in excess of the par value is classified as share premium.

xvii) Foreign currency transactions:

Initial recognition

Foreign currency transactions are recorded in the reporting currency by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Exchange difference

Exchange differences arising on the settlement of monetary items or on reporting monetary items of Company at rates different from those at which they were initially recorded during the year, or reported in previous Restated summary statements, are recognized as income or as expenses in the year in which they arise except those arising from investments in non-integral operations.

The Company's Restated summary statements are presented in Indian Rupee. The Company determines the functional currency as Indian Rupee on the basis of primary economic environment in which the entity operates

Annexure - V
Notes to Consolidated Financial Information

xviii) Dividend Distribution to equity shareholders:

The Company recognizes a liability to make cash distributions to equity holders when the distribution is authorized and the distribution is no longer at the discretion of The Company. As per the corporate laws in India, a distribution is authorized when it is approved by the shareholders. A corresponding amount is recognized directly in other equity along with any tax thereon.

xix) Statement of cash flows:

Statement of Cash flows is being prepared in accordance with the indirect method prescribed in Indian Accounting Standard – 7 on 'Statement of Cash flow', whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals, or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash from operating, investing, and financing activities of the Company are segregated.

xx) Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less (that are readily convertible to known amounts of cash and cash equivalents and subject to an insignificant risk of changes in value). However, for the purpose of Statement of Cash Flows, in addition to above items, any bank overdrafts / cash credits that are integral part of the company's cash management, are also included as a component of cash and cash equivalents.

xxi) Earnings per share

Basic earnings per share are calculated by dividing the net profit (PAT) for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining The Company's earnings per share is the net profit for the period after deducting preference dividends and any attributable tax (if any) thereto for the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, Right Shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

xxii) Rounding Off

All amounts disclosed in the financial statements and notes have been rounded off to the nearest millions as per the requirements of Schedule III, unless otherwise stated.

xxiii) Recent accounting pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under the Companies (Indian Accounting Standards) Rules as amended from time to time. There are no such recently issued standards or amendments to the existing standards for which the impact on the Financial Statements is required to be disclosed.

ALPINE TEXWORLD LIMITED
(FORMERLY KNOWN AS ALPINE SPINWEAVE LIMITED)

Notes to Consolidated Financial Information for the year ended on 31st March, 2026 and March 2025

(All amount are in ₹ Millions unless otherwise stated)

vi. Actuarial Assumptions

Discount Rate (per annum)		7.25%	6.75%
Annual Increase in Salary Cost		7.00%	7.00%
Demographic:			
Retirement Age		60.00	60.00
Attrition Rate		5% To 1%	5% To 1%
Mortality Rate		Indian Assured Lives Mortality (2012-14) Ult.	Indian Assured Lives Mortality (2012-14) Ult.

vii. Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is given below:

Particulars	As at 31st March, 2026		As at 31st March, 2025	
	Decrease	Increase	Decrease	Increase
Discount Rate (- / + 1%)	5.36	4.14	7.42	5.63
Salary Growth Rate (- / + 1%)	4.13	5.35	5.62	7.41
Withdrawal Rate (- / + 1%)	4.67	4.70	6.46	6.41

viii. Asset Liability Matching Strategies

The Scheme is managed on unfunded basis.

ix. Effect of Plan on Entity's Future Cash Flows

a) Funding arrangements and Funding Policy

The Scheme is managed on unfunded basis

b) Expected Contribution during the next annual reporting period

The Company's best estimate of Contribution during the next year is Nil

c) Maturity Profile of Defined Benefit Obligation

Weighted average duration (based on discounted cash flows) - 26 years

Expected cash flows over the next (valued on undiscounted basis):	As at 31st March, 2026	As at 31st March, 2025
1 year	0.09	0.42
2 to 5 years	0.62	0.85
6 to 10 years	0.37	1.17

The discount rate is based on the prevailing market yields of Government of India securities as at the balance sheet date for the estimated term of the obligations.

Notes to Consolidated Financial Information for the year ended on 31st March, 2026 and March 2025

(All amount are in ₹ Millions unless otherwise stated)

40 Key Financial Ratios

(a) Current Ratio = Current Assets Divided by Current Liabilities

The Current Ratio is one of the best-known measures of short- term solvency. It is the most common measure of short-term liquidity

Particular	As at 31st March, 2026	As at 31st March, 2025
Current Assets	1,491.13	1,573.33
Current Liabilities	1,167.15	1,379.02
Current Ratio (Times)	1.28	1.14
% Change from previous period/Year	11.98%	(11.10%)

(b) Debt Equity ratio = Total debt divided by Total equity where total debt refers to sum of current & non current borrowings

This ratio is very often used for making capital structure decisions such as issue of shares and/ or debentures. Lenders are also very keen to know this ratio since it shows relative weights of debt and equity. Debt equity ratio is the indicator of firm's financial leverage.

Particular	As at 31st March, 2026	As at 31st March, 2025
Total Debt:	1,775.95	1,660.90
Non Current Borrowings	1,064.69	992.82
Current Borrowings	711.26	668.08
Total Equity	754.13	528.96
Debt Equity ratio	2.35	3.14
% Change from previous period/Year	(25.00%)	74.73%
Reason for Variance	Debt of the company has increased marginally against the increase in Total equity of the company has increased with retention of profit The amount of Debt has increased as a result of new borrowings during the year including consolidation effect.	

(c) Debt Service Coverage Ratio (DSCR) = Earnings available for debt services divided by Total interest and principal repayments

Lenders are interested in debt service coverage to judge the firm's ability to pay off current interest and instalments.

Particular	As at 31st March, 2026	As at 31st March, 2025
Profit for the year	217.16	86.26
Add: Non cash operating expenses and finance cost	-	-
Depreciation and amortisation expense	126.93	64.22
Finance costs	149.18	87.89
Loss on sale of Asset	-	-
Less: Interest On lease Obligation	(1.81)	(0.16)
Earnings available for debt services	491.46	238.22
Interest cost on borrowings (Excluding Interest On Lease Obligation)	147.37	87.73
Principal repayments (including certain prepayments)	169.13	143.08
Total Interest and principal repayments	316.49	230.81
Debt Service Coverage Ratio (Times)	1.55	1.03
% Change from previous period/Year	50.46%	(11.87%)
Reason for Variance	This ratio has improved as a result of higher profitability.	

(d) Return on Equity Ratio = Net profit after tax divided by Average Equity

Return on Equity measures the profitability of equity funds invested in the firm. This ratio reveals how profitably of the owners' funds have been utilised by the firm. It also measures the percentage return generated to equity shareholders.

Particular	As at 31st March, 2026	As at 31st March, 2025
Net Profit After Tax	217.16	86.26
Average Equity:	641.54	477.23
Opening Equity	528.96	425.51
Closing Equity	754.13	528.96
Return on Equity Ratio (%)	33.85%	18.08%
% Change from previous period/Year	87.27%	48.55%
Reason for Variance	This ratio has increased as a result of higher profitability.	

ALPINE TEXWORLD LIMITED
(FORMERLY KNOWN AS ALPINE SPINWEAVE LIMITED)

Notes to Consolidated Financial Information for the year ended on 31st March, 2026 and March 2025

(All amount are in ₹ Millions unless otherwise stated)

(e) Inventory Turnover Ratio = Net Sales divided by Average Inventory

This ratio also known as stock turnover ratio establishes the relationship between the cost of goods sold during the year and average inventory held during the year. It measures the efficiency with which a firm utilizes or manages its inventory.

Particular	As at 31st March, 2026	As at 31st March, 2025
Net Sales:	3,386.77	2,337.27
Total Sales	3,427.13	2,373.24
Subsidy Income from GST	(40.36)	(35.97)
Average Inventory:	599.00	330.91
Opening Inventory	477.09	184.73
Closing Inventory	720.91	477.09
Inventory Turnover Ratio (Times)	5.65	7.06
% Change from previous period/Year	(19.95%)	(39.87%)
Reason for Variance		This ratio has decreased as a result of reduction in the amount of sales.

(f) Trade receivables turnover ratio = Total Revenue from Customers divided by Average Accounts Receivable

The speed with which these receivables are collected affects the liquidity position of the firm. The debtor's turnover ratio throws light on the collection and credit policies of the firm. It measures the efficiency with which management is managing its accounts receivables.

Particular	As at 31st March, 2026	As at 31st March, 2025
Total Revenue from Customers:	3,386.77	2,337.27
Sale of Goods	3,382.22	2,294.41
Sale of Service	4.55	42.86
Average Accounts Receivable	800.68	855.06
Opening Trade Receivables	968.96	741.16
Closing Trade Receivables	632.40	968.96
Trade Receivables Ratio (Times)	4.23	2.73
% Change from previous period/Year	54.74%	32.39%
Reason for Variance	Improved collections efficiency and faster realization from customers, supported by higher sales volume, led to a significant increase	This ratio has increased on account of improved efficiency in credit recovery.

(g) Trade payables turnover ratio = Credit Purchase divided by Average Payables

It measures how fast a the Group makes payment to its creditors. It shows the velocity of payables payment by the firm.

Particular	As at 31st March, 2026	As at 31st March, 2025
Credit Purchase	2,729.79	1,920.52
Raw Material Purchase	2,688.98	1,794.62
Purchase of Stock In Trade	40.82	125.91
Average Payables	531.13	472.89
Opening Trade Payables	676.69	269.09
Closing Trade Payables	385.58	676.69
Trade payables turnover ratio	5.14	4.06
% Change from previous period/Year	26.55%	(15.68%)
Reason for Variance	With regular and increased payments to creditors despite increase in purchase resulted in improvement

Notes to Consolidated Financial Information for the year ended on 31st March, 2026 and March 2025

(All amount are in ₹ Millions unless otherwise stated)

(h) Net capital turnover ratio = Revenue from Operations divided by Average Working Capital

Net capital turnover is a ratio that measures how efficiently a the Group is using its working capital to support sales and growth.

Particular	As at 31st March, 2026	As at 31st March, 2025
Revenue from Operations	3,386.77	2,337.27
Sale of Goods	3,382.22	2,294.41
Sale of Service	4.55	42.86
Average Working Capital	259.15	207.66
- Opening Working Capital	194.32	220.99
Current Assets	1,573.33	1,000.83
Current Liabilities	1,379.02	779.84
- Closing Working capital	323.98	194.32
Current Assets	1,491.13	1,573.33
Current Liabilities	1,167.15	1,379.02
Net capital turnover ratio	13.07	11.26
% Change from previous period/Year	16.11%	57.09%
Reason for Variances		This ratio has increased because the the Group is efficient in using its working capital.

(i) Net profit ratio (PAT/Revenue) = Net Profit after Taxes before OCI divided by Total Revenue from Operations

Net profit ratio is a profitability metric that shows what percentage of net sales remains as net profit after all expenses, interest, and taxes are deducted.

Particular	As at 31st March, 2026	As at 31st March, 2025
Net Profit after Taxes before OCI	217.16	86.26
Total Revenue from Operations	3,427.13	2,373.24
Net profit ratio	6.34%	3.63%
% Change from previous period/Year	74.33%	36.74%
Reason for Variances	This ratio has increased as a result of higher profitability.	This ratio has increased as a result of higher profitability.

(j) Return on Capital employed = Earnings before interest and Tax divided by Average Capital Employed

ROCE is the most important ratio of all. It is the percentage of return on funds invested in the business by its owners and borrowed funds. In short, this ratio tells the owner whether or not all the effort put into the business has been worthwhile.

Particular	As at 31st March, 2026	As at 31st March, 2025
EBIT:	422.20	209.14
Profit Before Tax	268.95	118.36
Add: Finance Cost	153.25	90.78
Average Capital Employed	2,404.18	1,716.50
Opening Capital Employed	2,228.52	1,204.49
Total Equity	528.96	425.51
Non Current Borrowings	992.82	273.86
Non Current Lease liabilities	3.65	-
Deferred Tax Liabilities (Net)	38.12	14.33
Current Borrowings	668.08	490.80
Current Lease liabilities	0.37	-
Right of Use Asset	(3.48)	-
Closing Capital Employed	2,579.84	2,228.52
Total Equity	754.13	528.96
Non Current Borrowings	1,064.69	992.82
Non Current Lease liabilities	13.68	3.65
Deferred Tax Liabilities (Net)	48.80	38.12
Current Borrowings	711.26	668.08
Current Lease liabilities	0.95	0.37
Right of Use Asset	(13.67)	(3.48)
Return on Capital employed	17.56%	12.18%
% Change from previous period/Year	44.13%	0.57%
Reason for Variances	This ratio has increased as a result of higher profitability.	-

Total Equity (B)	754.13	528.96
Adjusted Debt - Equity Ratio (A/B)	2.34	3.12

42 Financial Instruments – Disclosure

Financial assets and financial liabilities are recognized when Group becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in the Statement of Profit and Loss.

Disclosures

This section gives an overview of the significance of financial instruments for the Group and provides additional information on balance sheet item that contain financial instruments. The details of significant accounting policies, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognized in respect of each class of financial asset, financial liability and equity instrument are disclosed in notes.

(I) Fair Value Measurement :

ALPINE TEXWORLD LIMITED
(FORMERLY KNOWN AS ALPINE SPINWEAVE LIMITED)

Notes to Consolidated Financial Information for the year ended on 31st March, 2026 and March 2025

(All amount are in ₹ Millions unless otherwise stated)

The carrying amount of current financial assets and liabilities as at the end of each year presented approximate the fair value because of their short-term nature. The trade receivables, trade payables, borrowings, capital creditors and cash and cash equivalents are considered to be the same as their fair values, due to their short-term nature.

(II) Fair Value hierarchy

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1: Inputs are quoted prices in active markets for identical assets or liabilities.

Level 2: Inputs are other than quoted price included within level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs are not based on observable market data. Fair values are determined in whole or in part using a valuation model based on the assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

43 Financial Risk Management Framework

The principal financial liabilities comprise borrowings, trade and other payables. The main purpose of these financial liabilities is to finance and support Group's operations. The principal financial assets include trade and other receivables and assets. The Group is exposed to market risk, credit risk, Interest rate risk and liquidity risk. The finance team oversees the management of these risks.

The senior management ensures that the companies financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed.

Market Risk

Market risk arises from the Group's use of interest-bearing financial instruments. It is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in interest rates (interest rate risk) or other market factors. Financial instruments affected by market risk include borrowings, loan givens, fixed deposits etc

Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables).

Trade Receivable:

Maximum exposure to the credit risk is on account of outstanding balances in the trade receivables account, but as per experience the ageing of debtors is always kept less than six months and there are no bad debts encountered in past. As the receivables of the company are below the criterion of ECL policy to recognize expected credit loss, Group has not made any Expected credit loss provision (ECL).

Foreign Currency Risk

- The Group is exposed to foreign currency risk arising from transactions denominated in currencies other than its functional currency. These risks arise due to fluctuations in exchange rates, which can affect the Group's profitability and financial position.

- Foreign currency risk is managed through hedging and the use of derivative financial instruments, such as forward exchange contracts. The objective of the Group's foreign exchange risk management policy is to minimize potential adverse effects of exchange rate movements on its financial results.

- The Group monitors foreign currency exposures on a regular basis and evaluates the need for hedging based on anticipated transactions and market conditions. Foreign exchange gains or losses arising from the settlement of such transactions and from the translation of monetary assets and liabilities at exchange rates prevailing at the reporting date are recognised in the statement of profit and loss.

- The management regularly assesses the impact of movements in exchange rates on its foreign currency exposures and takes appropriate risk mitigation measures when deemed necessary.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's debt obligations with floating interest rates. The Group manages its interest rates by selection appropriate type of borrowings and by negotiation with the bankers.

The exposure of the borrowings (long term and short term) to interest rate changes at the end of the reporting period are as follows:

Particular	As at 31st March, 2026	As at 31st March, 2025
Variable Rate Borrowing	1,456.90	1,362.63
Fixed Rate Borrowings	319.06	298.27
Total Borrowings	1,775.95	1,660.90

Interest rate sensitivity

Particular	Impact on profit before tax /pre- tax equity	
	As at 31st March, 2026	As at 31st March, 2025
Increase by 50 Basis Points	(7.28)	(6.81)
Decrease by 50 Basis Points	7.28	6.81

(All amount are in ₹ Millions unless otherwise stated)

Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group generates cash flows from operations to meet its financial obligations, maintains adequate liquid assets in the form of cash & cash equivalents and has undrawn short-term line of credits from banks to ensure necessary liquidity. The Group closely monitors its liquidity position and deploys a robust cash management system. During the year, the Group has been regular in repayment of principal and interest on borrowings on or before due dates. The Group requires funds both for short-term operational needs as well as for long-term investment programmes mainly in growth projects. The table below summarises the maturity profile of the Group's financial liabilities based on contractual undiscounted payments:

As on 31.03.2026	Less than 1 year	1-5 Years	More than 5 Years	Total	Carrying Value
Borrowings*	710.15	947.07	120.38	1,777.61	1,775.95
