WINTER HOCKEY GAMES 2024: PRAGUE LETNÁ WILL ALSO WELCOME TEAMS FROM THE GERMAN HOCKEY LEAGUE

Clubs from the German Deutsche Eishockey League will also play at the Winter Hockey Games 2024 on Friday, 6 December, when Grizzlys Wolfsburg and EHC Red Bull Munich will play at Letná. The organisers have thus completed a four-day programme full of great hockey spectacle, which will kick off on 5 December with a university derby between the Czech Republic and Slovakia.

We are very pleased that we have successfully concluded negotiations with representatives from the top German hockey league and the clubs from Wolfsburg and Munich will add even more interest to the already busy Winter Hockey Games programme," says Martin Loukota, Director of the Association of Professional Ice Hockey Clubs.

On Friday 6 December, in addition to the German league match, the Czech Tipsport Extraliga match between HC Škoda Plzeň and Baner Motor České Budějovice will also take place on the Letná Plain. One day later, HC Sparta Praha and HC Kometa Brno will compete for points in the Tipsport Extraliga table. Before the duel between the Prague and Plzeň clubs, HC Slovan Bratislava and HC Košice from the Slovak Tipos Extraliga will also be presented to the audience.

With regard to the newly confirmed participation of German teams, the announced Friday and Sunday programme has been changed. The programme for Sunday has undergone a minor change. "The originally planned Friday match between HC Slavia Praha and VHK Robe Vsetín has been moved to Sunday before the match of hockey legends.

We believe that the fans will enjoy the entire hockey and accompanying programme to the fullest and will create a proper hockey cauldron in the stands for 16,000 spectators," says Andrea Barsóny from the organising agency Eniva.

ALL THE ACTION FROM THE ICE RINK IN LETNA WILL BE BROADCAST ON TV SCREENS BY MEDIA PARTNER WINTER HOCKEY GAMES 2024 O2 TV SPORT.
