FertiMix Tanks

Hose-MATE

Making fertigation simple

HoseMate Overview

Turn key solution with simple yet reliable industry proven equipment, packaged in a compact design and supported by a simple yet versatile SWAPPIT maintenance free system.

Seamless irrigation integration ensures it works effortlessly with your current irrigation system. Optionally add on FertiMIX products for a mixing tank system.

HoseMate Comes With...

- Mixing pump 1000 LPM @ 6m head
- Dosing pump 1800 LPH @ 15 BAR
- All parts come mounted on a galvanised frame.
- Touch screen control with tank level and flow control.
- Tank contents is mixed on a timer through a mixing manifold
- Dosing is controlled by your existing irrigation system.
- A simple 3 button operating system that just works

Ideal for over 20+ hA
