OILS | Kenya — Central & Rift Valley growing belts

Kenya Macadamia Oil

A high-stability carrier oil pressed from Kenyan macadamia — a natural value-add pairing to our macadamia kernel line.

QUICK FACTS

Country of Origin	Kenya
Growing Region	Central & Rift Valley growing belts
Processing	Cold-pressed or refined
Harvest Season	Tied to macadamia harvest, main season Mar–Aug
Available Grades	Crude, refined, cosmetic-grade
Typical Lead Time	Confirmed per order

SPECIFICATION

HS Code	1515.90
Packaging	200L drums (bulk crude); 20–25kg containers (cosmetic-grade)
Certifications	Organic, Cosmos (cosmetics-grade organic, where certified)
Typical Export Markets	EU and USA cosmetics/personal-care manufacturers

OVERVIEW

Macadamia oil is drawn from the same tree crop as our kernel export business, making it a natural pairing rather than a separate sourcing relationship. Its high oleic acid content (~55-60%) gives it exceptional shelf stability and resistance to rancidity — exactly what cosmetics formulators look for in a carrier oil.

Pricing is available on request and confirmed against current availability and order quantity. Request a quote for this product at riftsoil.com.
