Privacy, Cyber & AI SMEs

OVERVIEW OF OUR CAPABILITIES & SERVICES

About Us

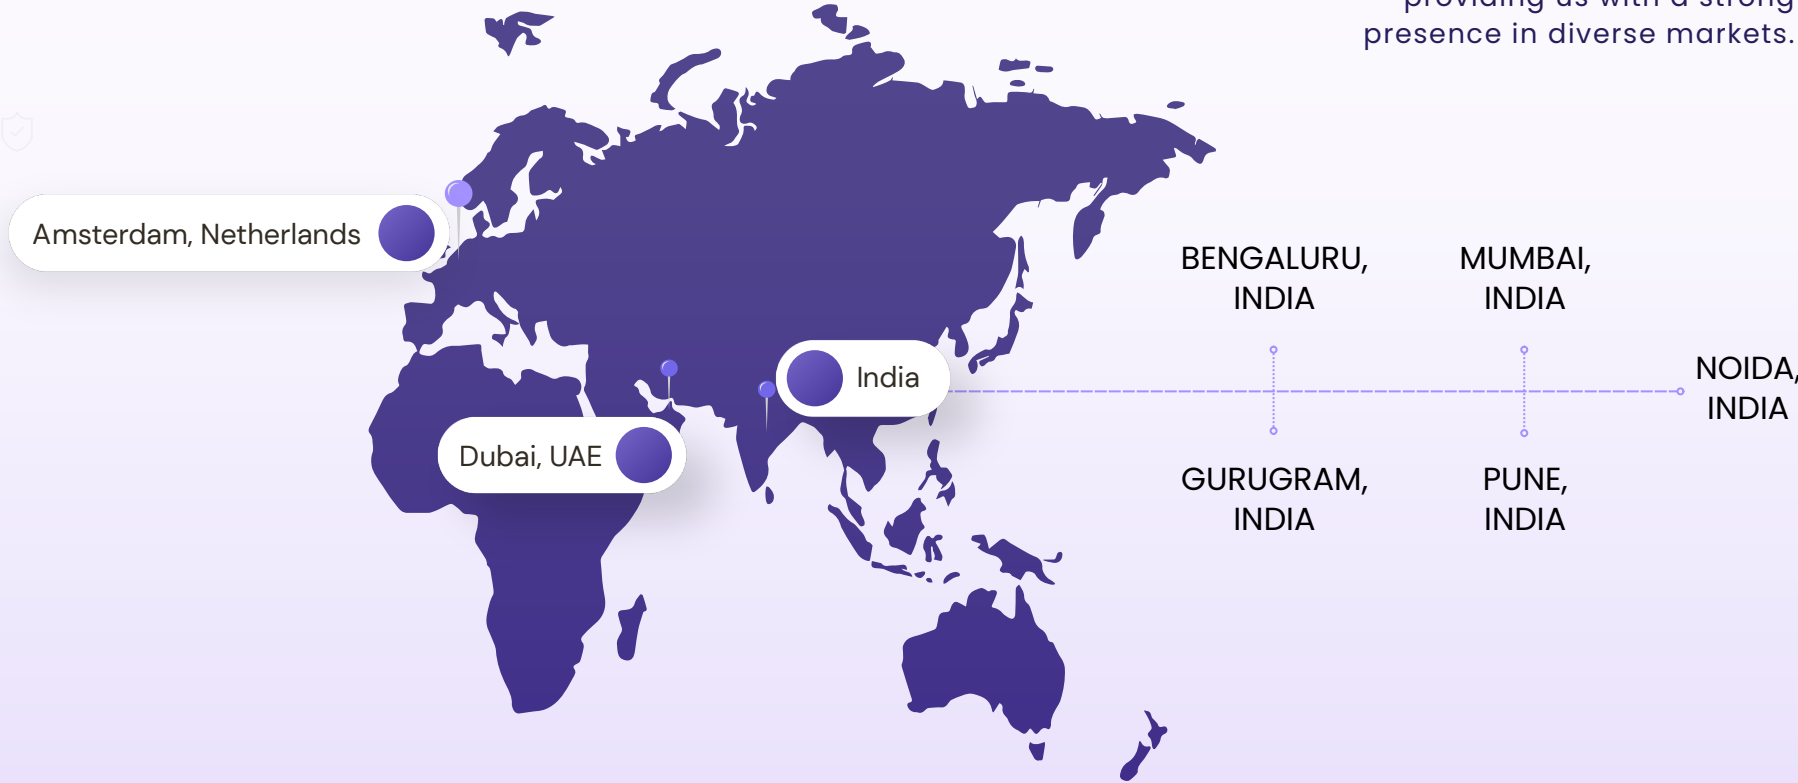

Tsaaro People Consulting redefines Digital Trust through specialized talent and advisory solutions across **Privacy, Cybersecurity, AI Governance, and Risk & Compliance.**

We deliver this through Staff Augmentation, Expert Pods, SME-on-Demand, and Fractional Leadership, plus DPOaaS, AI Officer aaS, and CISOaaS, giving organizations the right expertise at the right time, without the overhead of permanent hiring, so compliance becomes a business enabler, not a deterrent.

Office Locations

Our offices are located in key business hubs across the globe, providing us with a strong presence in diverse markets.

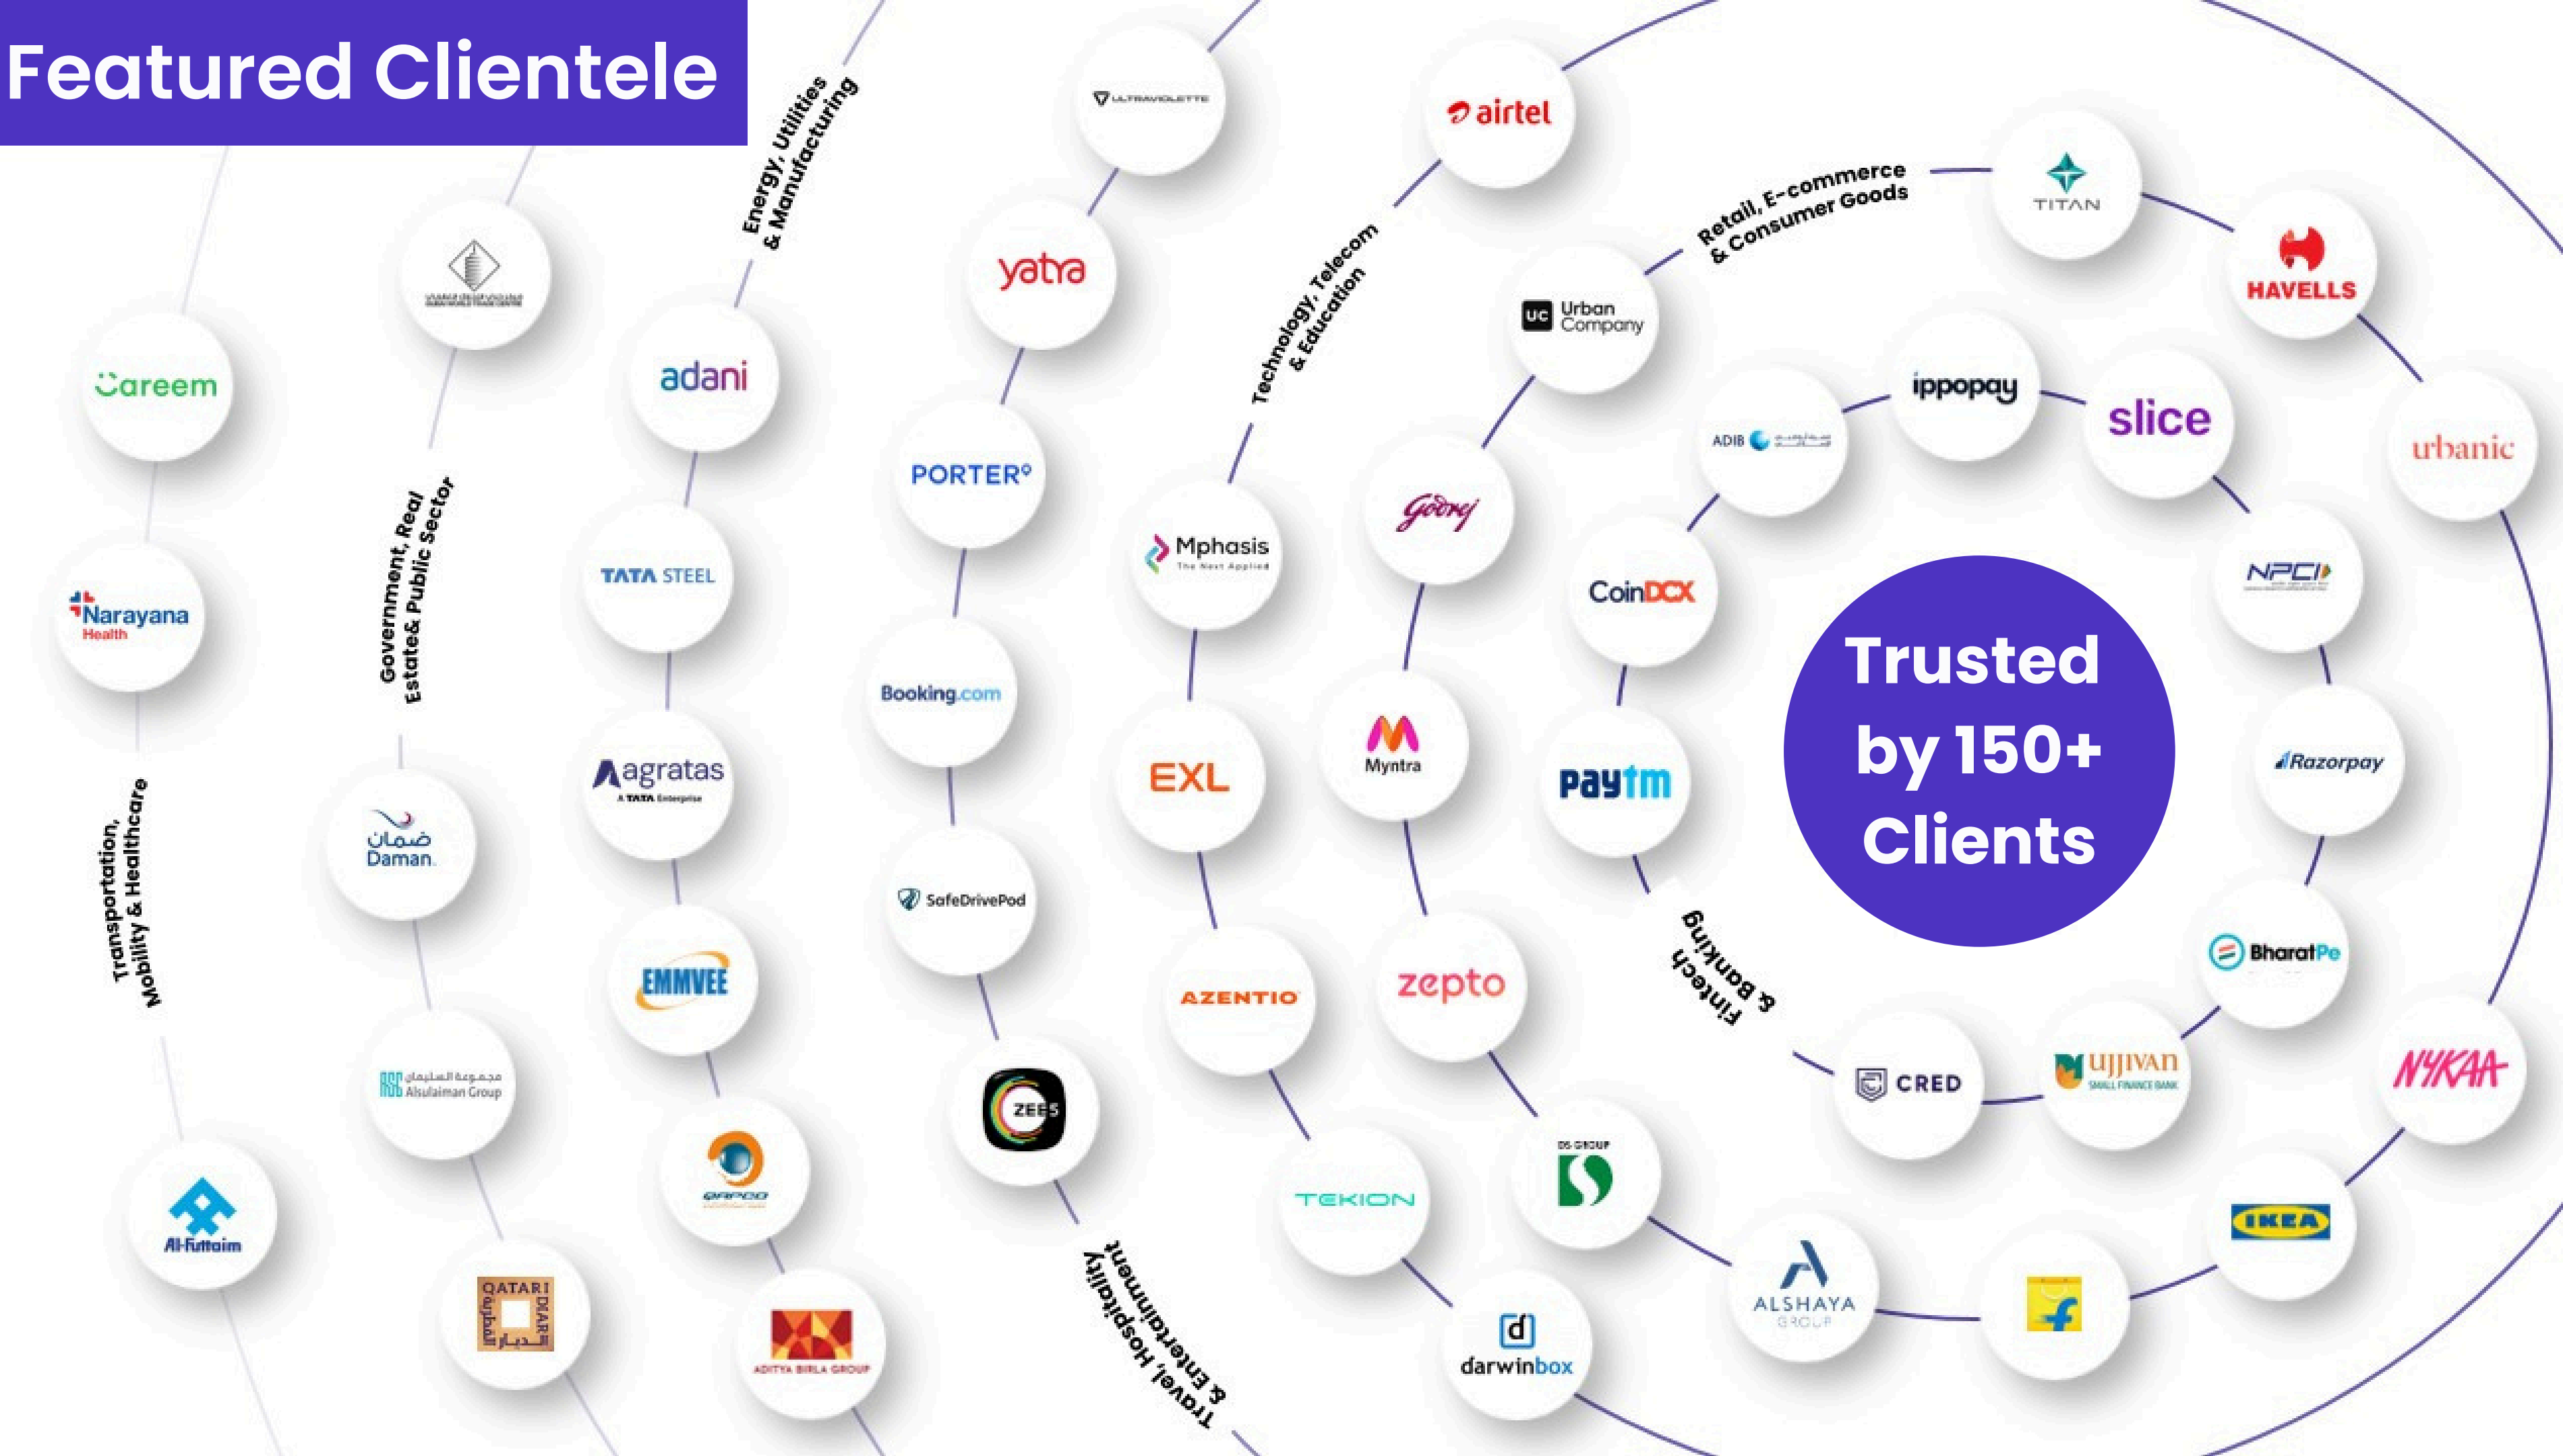

50+ Regulations & Standards Covered

150+ Clients across 6 Geographic Regions

200+ Total Projects Completed

Featured Clientele

Client Feedback

Tsaaro Consulting brought significant expertise regarding the DPDP Act to our engagement. Your team's command of the regulation was evident throughout the process and is clearly a core strength of your consultancy.

Your professionalism and quality of execution is commendable, and we look forward to continued collaboration as we progress further.

The Tsaaro team has been instrumental in helping us understand our requirements. Through Tsaaro's qualified, proactive, and helpful resources, you have been a great partner in guiding us through our DPDP preparedness journey.

Client Feedback

ENERGY SECTOR – CLIENT

It's been a pleasure working together, and I value your responsiveness and openness in addressing our requirements, especially as we navigate a fairly complex and evolving compliance landscape with multiple stakeholders involved.

I particularly appreciate your strong domain expertise ability to stay engaged and flexible in such a dynamic environment, which has made a positive difference in helping us move forward on key deliverables; efforts to understand and manage different stakeholder perspectives have been visible and helpful. Overall, thank you once again for your efforts and partnership.

The team have performed exceptionally well during the first phase of our ongoing DPDP Compliance Project at Vishal Mega Mart Limited, namely the Initial Stakeholder Discussion and Gap Assessment phase. Their efforts, dedication, and contributions have significantly contributed to the project's progress thus far.

I look forward to working with you in the upcoming phases with the same spirit, commitment, quality, and enthusiasm that you have demonstrated throughout this phase. It has been a great experience working with both of you. I truly appreciate your professionalism, dedication, and support during Phase 1 of the project. We hope to see this same level of dedication and energy continue until the successful completion of the project.

Thank you for your valuable contributions and collaborative approach. Wishing you both continued success and a wonderful journey ahead.

I would like to share that my experience with the Tsaaro team has been excellent. The team you have deployed demonstrates strong subject matter expertise and has consistently delivered as planned. Given the complexity of the engagement and the need for coordination across multiple stakeholders and management, the execution has been handled very effectively.

Our Privacy, Cyber & AI Services

1. Specialist Staff Augmentation

Individual Privacy, Cybersecurity, GRC, TPRM and AI Governance professionals deployed for 3, 6 or 12 months.

Best for: Immediate bandwidth or open position

3. SME-on-Demand

Senior experts available for 10, 20, 40 or 80 hours per month for reviews, workshops and advisory support.

Best for: Internal team needs specialist guidance

5. Tool Experts *not included in AI services*

Hands-on implementation and advisory support across TrustArc, OneTrust and GoTrust.

Best for: Platform deployment or optimisation support

2. Dedicated Expert Pods

Ready teams of 3-6 professionals, such as Privacy Pod, TPRM Pod, GRC Pod or AI Governance Pod.

Best for: Build or scale a complete function quickly

4. Fractional & Interim Leadership

Fractional DPO, vCISO, GRC Head, AI Governance Lead or interim programme leader.

Best for: Senior leadership required without permanent hiring

Regulations

- PDPL (MIDDLE EAST)
- GDPR - (EU)
- GDPR - (UK)
- CCPA - CCRA
- DPDPA (INDIA)
- HIPAA
- E-PRIVACY DIRECTIVE (EU)
- PDPA (SINGAPORE)

Leadership as a Service

Outcome-owning leadership, delivered as a subscription.

DPOaaS

A dedicated Data Protection Officer who owns your privacy programme end to end, from regulatory mapping to breach response, without the cost of a full-time hire.

CISOaaS

An experienced security leader who sets strategy, runs your security function and represents your organisation to the board and regulators.

AI OfficeraaS

Senior AI governance leadership that builds and runs your responsible-AI programme, aligned to ISO/IEC 42001, the EU AI Act and NIST AI RMF.

Contact Us

In a world where data breaches and privacy concerns persist, Tsaaro People Consulting is dedicated to redefining Digital Trust through specialized talent and advisory solutions.

Our services span Privacy, Cybersecurity, AI Governance, and Risk & Compliance, delivered through flexible engagement models including Specialist Staff Augmentation, Dedicated Expert Pods, SME-on-Demand, and Fractional & Interim Leadership, along with DPOaaS, AI OfficeraaS, and CISOaaS.
