WORK EXPERIENCE

Zentexx | Product Designer

Chattogram, Bangladesh (Onsite) — Jun 2024 - Present

- Led the end-to-end design of 25+ SaaS, CMS, and PropTech products, 17+ successfully launched.
- Conducted competitor analysis, Information architecture, usability testing across multiple products.
- Built scalable design systems from scratch and collaborated with developers, product managers, and clients to deliver production ready experiences.
- Improved user flows and product usability using Hotjar, Google Analytics, and client feedback, while performing design QA after development.
- Designed data consent flows and privacy-first onboarding experiences aligned with GDPR principles

Roar Dev | UIUX Designer

Chattogram, Bangladesh (Remote) — Dec 2023 - May 2024

- Designed responsive web and mobile interfaces with a focus on layout, typography, spacing, color and visual hierarchy.
- Created wireframes, high-fidelity UI, and interactive prototypes using Figma Collaborated with developers to ensure accurate implementation and design consistency.
- Strengthened core UI/UX skills through real-world projects and continuous feedback.

MNTech Digital | Internship

Barisal, Bangladesh (Remote) — July 2023 - Oct 2023

- Assisted senior designers in creating wireframes, UI mockups, and prototypes for client projects.
- Learned industry-standard UI/UX practices, design workflows within a professional product team.
- Worked closely with cross functional team to understand design workflows and developer handoff.
