UI/UX Designer with 1+ year of professional product design experience and 3+ years of overall design practice, specializing in transforming complex business requirements into intuitive, user-centered interfaces that prioritize accessibility and brand consistency. Proficient in Figma, Adobe XD, and Framer, with practical knowledge of HTML and CSS to streamline design-to-development handoff, I have successfully managed the full design lifecycle from user research, wireframing, user flows, high-fidelity prototyping, and stakeholder collaboration - within agile, cross-functional teams and AI-assisted design workflows.

SKILLS

Design Tools:	Figma, Adobe XD, Framer, Canva, Sketch, Adobe Illustrator, WordPress, Adobe After Effects, Lottie
Core Skills:	UI/UX Design, Auto-Layout Designing, Wireframing & Prototyping, Interaction Design, Design System, User Research, Visual Design, Web and Application Designing
Development:	HTML, CSS, Python, Java, Dart (Foundational Understanding)
AI Tools:	Figma AI, Gemini (Canvas), Claude, ChatGPT, Mistral, Stitch
Soft Skills:	Cross-functional Collaboration, Time and Tasks Management, Project Management, Leadership, Critical Thinking, Attention to Detail

EXPERIENCE

Crimson Interactive

Junior UI/UX Designer • Mumbai

August 2025 - April 2026

Key Highlight: Managed the complete end-to-end design lifecycle for projects with Royal Society of Chemistry in collaboration with Enago, from ideation to deployment, while ensuring seamless cross-functional coordination, accessibility compliance and testing, and timely project delivery.

- Served as the sole designer owning end-to-end product design - user research, wireframes, user flows, and high-fidelity prototypes in Figma, managing concurrent projects and consistently meeting deadlines. Designed intuitive interfaces for Trinkia AI, an AI-powered academic writing and grammar platform.
- Collaborated with developers, marketers, the Product Owner, and stakeholders to ship new features - balancing design quality with sprint velocity.
- Integrated AI tools (Gemini Canvas, Stitch, Claude, Mistral, ChatGPT) to bridge abstract concepts and structured visual output, reducing iteration cycles by creating basic visual prototypes and screens.
- Built and maintained a scalable UI component library of icons, interaction patterns, and reusable elements - improving design consistency and reducing engineering implementation time.
- Conducted regular design reviews and competitive analysis to keep the product aligned with evolving market standards.

Eastri

UI/UX Designer Intern

June 2025 - August 2025

- Designed and developed the admin panel interface, focusing on usability and responsive layouts.
- Produced wireframes, interactive prototypes, and high-fidelity mockups in Figma per design system guidelines.
- Collaborated with the product team to gather requirements and translate them into functional UI/UX outcomes. Explored and applied color theory to improve visual hierarchy.

EaseMyHood

UI/UX Designer Intern

April 2025 - June 2025

- Designed wireframes and interactive prototypes in Figma using auto-layout for scalable, responsive components and application pages.
- Maintained UI consistency across components, color systems, and typography following design system standards.
- Collaborated with the Design team for daily design reviews, task updates, and features.

Statica - The Modern Arts

WordPress Web Developer Intern

April 2024 - June 2024

- Built and customized client websites using WordPress, leveraging HTML and CSS to meet specific design and functional requirements.
- Improved site performance and mobile responsiveness through targeted troubleshooting, bug fixing, and front-end optimizations.
- Managed themes and plugins to ensure smooth site functionality and a seamless user experience across all devices.

Graphic Design Intern · Mumbai

- Produced visual content for social media campaigns, consistently meeting brand guidelines and deadlines.
- Designed posters and promotional creatives using color psychology, typography, and layout principles.
- Built practical proficiency in Figma, Adobe XD, and Canva through daily project execution.

EDUCATION

Ramnarain Ruia Autonomous College

2022 - 2025

B.Sc. Computer Science

GPA: 8.68 | Last Semester SGPA: 9.3

Valia College

2020 - 2022

Higher Secondary Certificate (HSC)

Shailendra High School

2008 - 2020

Secondary School Certificate (SSC)

ACTIVITIES & LANGUAGES

- Organised 'Poster Palette' design event at TechStorm Ruia Event - conceptualised, planned, and executed independently.
- Member of Natyavalay (College Acting Group) and also Fine Arts team.
- Volunteer participant in NSS (National Service Scheme) community outreach programmes.

Languages: English (Fluent) | Hindi (Fluent) | Marathi (Native)
