Hi im Rohaan, a designer solving problems through **Product Design.** I design intuitive software with a focus on interaction, systems, and AI-powered interactions.

Work Experience

JAN 2026 – JUL 2026

SUPERFONE, Bengaluru - UX/UI & Visual Designer

Led the end-to-end design of AI-powered features including AI Receptionist, AI Sales Agent Settings, Wallet, onboarding, and conversational AI training. Conducted UX research, mapped user flows, designed wireframes and prototypes, and collaborated with founders, product managers and engineers to ship new features.

OCT 2025 – DEC 2025

SUPERFONE, Bengaluru - Visual Designer Intern

Created marketing creatives, social media assets, website visuals, and sales collateral while supporting the product designer with UI design and feature development. Collaborated with cross-functional teams to maintain a consistent visual identity across digital and product touchpoints.

JUN 2024 – AUG 2025

FREELANCE, Bengaluru - Multidisciplinary Designer

Designed websites, UI/UX solutions, brand identities, logos, and marketing assets for clients across multiple industries. Collaborated directly with clients from discovery to final delivery.

JAN 2024 – APR 2024

RARE RABBIT, Bengaluru - Product Design Intern

Designed and developed two accessory collections comprising backpacks, office bags, duffel bags, and wallets. Created product designs, technical drawings, and tech packs, collaborating with manufacturers to prototype products for production.

JUN 2023 – AUG 2023

Karan Desai Arc + Design, Mumbai - Product Design Intern

Designed functional décor products by creating 3D models, renders, technical drawings, and production-ready tech packs. Worked with 3D printing and prototyping techniques while collaborating with architects on material selection and manufacturing feasibility.
