UI/UX Designer

+91 7530958453 rajdev1801@gmail.com devdesign.framer.ai

About Me

Passionate UI/UX Designer with **2+ years** of experience in delivering user-centered design solutions. Proven ability to manage projects from research to high-fidelity prototypes, focusing on optimizing user experiences for web and mobile applications. Strong collaboration with development teams and expertise in design tools like Figma and Adobe XD.

Experience

UI/UX Designer at TMIT Services

August 2024 - Present | Noida, India | On Site

- Designing and managing ad campaign projects.
- Collaborating with marketing and development teams to create visually appealing and effective ad campaign designs.

UI/UX Designer at AppCurators

Nov 2022 - May 2024 | Noida, India | Remote

- Led client meetings to define project scope and gathered design requirements.
- Developed wireframes and prototypes, presenting them for client approval before moving to high-fidelity designs.
- Collaborated with developers to implement user-centered designs with detailed documentation.
- Managed multiple projects, from mobile applications to websites, with 3-4 live products and ongoing development.
- Conducted user testing and iterated designs based on feedback to improve usability.
