Experience

Lead Product Designer

Arc (www.arc.cc)

February 2023 - Present · 1 yr 4 mos

Málaga, Spain (Remote)

Experience your phone like it is meant to be.

Lead Product Designer in the projects for Arc Pulse iPhone 15 and Arc Pulse Samsung S24 Ultra, working on the entire development process from CAD design to the 3D rendering stages.

Both projects have been recognized by Yanko Design as the first entry in their Best Phone Accessories list from 2024.

Main tasks: Concept ideation · CAD design · 3D rendering · 3D printing · Technical documentation · Communication with manufacturing · DFM · DFA · Visual design.

Mechanical Engineer & Product Designer

Naya (www.naya.tech)

February 2023 - Present · 1 yr 4 mos

Málaga, Spain (Remote)

Developing the tool for 21st-century digital creators. A revolutionary take on the keyboard.

CES awarded company during 2023 and 2024.

I've been involved in the CAD development, 3D printing and testing of Float, one of the awarded products.

Main tasks: Concept ideation · CAD design · 3D rendering · 3D printing · Technical documentation · Communication with manufacturing · DFM · DFA.

Mechanical Engineer & Product Designer

Philips

April 2022 - January 2023 · 10 mos

Groningen, Netherlands (Hybrid)

In the Male & Grooming department, I worked designing, detailing out and releasing new structural packaging concepts from design to production, using the latest trends, materials, finishing and technologies.

Working closely together with communication designers, suppliers, engineers and marketing managers; and informing stakeholders in an effective way.

Influencing a multi-disciplinary team of packaging engineers and designers within the projects, and leading several brainstorming sessions.

Education

Double BA Degree, Mechanical and Industrial Design and Product Development Engineering

University of Málaga

October 2014 - September 2020

Grade Point Average: 7.06

BA Degree, Product Design

University of Skövde

September 2018 - June 2019

Achieved during my Erasmus experience in Sweden

Software

CAD Design Solidworks · OnShape

3D Rendering KeyShot

Visual design/UI/UX Figma · Illustrator · Framer

Mechanical Engineer & Product Designer

Freelance

September 2021 - November 2021 · 3 mos

Málaga, Spain

Design and prototype multiple projects related to 3D modeling for various clients, including the design and manufacturing of a drum isolation platform.

Visual Designer

Festival of Legends (www.themecruises.eu)

June 2017 - June 2018 / April 2020 - May 2021 · 2 yr 1 mos

Málaga, Spain *(Partial time)

Design of posters, websites, visual identities and graphics for diverse types of media.

3D modeling and 3D printing of several products (DFM) developed using the sheet metal, surfacing, and weldments modules in SolidWorks.

Product Designer

J.Design Kommunikation AB (www.jdesign.se)

January 2019 - June 2019 · 6 mos

Stockholm, Sweden *(Internship)

Design for Manufacturing and 3D modeling of several projects related to furniture.

3D rendering and visual design layout in Catalogues from the resulting products.

Development of 2D technical drawings and technical documentation.

Close contact with manufacturers to design according to their specifications.

Certifications

Certified Solidworks Professional

'CSWPA-MM' Advanced Mold Making

'CSWPA-WD' Advanced Weldments

'CSWPA-SM' Advanced Sheet Metal

'CSWPA-SU' Advanced Surfacing

'CSWP-MD' Professional Mechanical Design

Done in the School of Engineering ProCAD
