ABOUT ME

I enjoy tackling meaningful challenges that have the potential to impact many people, while thoughtfully crafting ways to maintain consistency across platforms. In my spare time, I'm learning Swedish on Duolingo (54 days streak and counting).

EXPERIENCE

UX/UI DESIGNER, KEENFINITY (OVR) OCT 2025 - PRESENT

Design solutions for dispatch and operational systems, with a strong focus on complex workflows, information hierarchy and real time interactions.

UX/UI DESIGNER, AVEIRO UNIV. OCT 2022 - SEPT 25

Contributed to two projects with responsibilities including user research, wireframing, prototyping, and usability testing: TRUE, an educational newspaper platform used in over 100 schools in partnership with Público newspaper; and POLARISCOPE, a mobile platform for collaborative cultural heritage storytelling.

ALTICE LABS SUMMER INTERNSHIP JUL 2022 - SEPT 2022

Preparation of documentation and creation of components in Figma to include in their Design System (FUXI).
