TATA CONSUMER PRODUCTS

Sign Design provide a comprehensive range of products and services specifically tailored to your requirements. If you are planning brand new signage, re-branding or are simply looking to renew your existing - we are here to help.

Your business signage can be the most effective and hard-working advertisement that you can invest in. It works 24/7 and in many cases is the initial point of contact for your business, creating that vital first impression. We have an expert team of graphic designers who will bring your brand to life with bespoke signage which will get you noticed for ALL the right reasons.

Our team of design and installation experts have the skills and experience needed to produce and install signage in any setting throughout the UK; we often work with multi-site businesses to ensure effective and consistent branding.

This can maximise the opportunities for a business to be highlighted to existing and potential customers.

04 signage

stand out from the crowd!

We have materials and signage options to suit any budget whether you have a retail space, office warehouse or other business premises we have the solution for you.

We offer a comprehensive range of different materials to suit budget and durability requirements and can produce profile cut panels to any shape using our in-house CNC routing equipment. We will then bring your sign to life by applying a full colour digital print to the front of the panel, or using cut vinyl materials to produce striking yet cost-effective signage that not only looks great but is virtually maintenance free.

We only use the most appropriate materials to ensure that your sign stands the test of time and provides maximum impact. Being cost effective doesn't have to mean compromising on quality, there are many additional options to make your signage more visually appealing such as stand-off lettering, bespoke symbols or shapes, feature panels or illumination.

materials make the sign

Our signage options come in a variety of materials, and we can work with you and your business to find the best and most cost effective solutions which will create a stunning and lasting impression.

By making informed decisions, we help reduce our environmental impact by ensuring the materials and inks we use and generally the methods of how we work are done in the best ways possible to lessen our impact on the planet.

It's more than just using recycled paper! We look at method of manufacture and how we can deliver high-end printing visuals whilst knowing we've used the best eco-friendly products available.

we are 48 sheet hoarding board specialists

Flat panel aluminium composite signage

Some of our Accreditations...

Three dimensional built up lettering

CNC cut acrylic lettering

Worcester City Council Totem

flat panel signs

Aluminium composite, long term duration 3 or 4mm thickness.

Foam board (PVC); short to mid term use 2 to 24mm thickness.

Correx (fluted polypropylene), very economical, short term duration, 4 to 10mm thickness.

tray signs

Aluminium composite, long term duration 3 or 4mm thickness.

hoardings

High quality material, standard size boards 1220 x 2440mm, highly durable and weather resistant.

way-finding

Depending on whether the signs are internal or external we will advise on materials suited to the environment.

3D letters or logos

CNC cut aluminium composite logos or lettering, flush mounted or on raised locators.

3D built up letters made from aluminium with a powder coated finish in any standard colour.

Laser cut acrylic lettering available in a range of finish options including reduced opacity.

illuminated signage

3D built up letters with halo or face lit illumination.

Flat cut acrylic letters mounted on stand off locators.

Fret cut sign trays with internal LED illumination.

Light boxes, both acrylic or flex face.

window graphics

One way vision (contra vision), we can plan, design, print, manufacture and install a comprehensive range of options.

Etched (frosted) providing privacy where needed.

commercial vehicle wraps

A well branded vehicle or fleet can be one of the most effective forms of advertising your company can invest in, with research showing that in areas experiencing heavy traffic your message can be seen by close to 3000 potential customers per hour.

Sign Design GB have extensive experience in vehicle livery, from applying a single image or logo all the way to a fully wrapped branding solution.

Our expert team can apply graphics to motorbikes, cars, emergency vehicles, buses, vans, curtain sided wagons and all manner of construction vehicles.

We offer a full complimentary vehicle graphic consultation and design service and we will work hand-in-hand with you to provide an eye-catching design, competitive price and a quality premium finish.

No vehicle too large or too small we can wrap and vinyl them all!

cut vinyl or full wraps

Sign Design GB use premium grade 3M, Avery Dennison, Arlon and Image Perfect vinyl to ensure that your fleet or vehicle livery not only looks the part but well and truly stands the test of time; this can be combined with high quality digitally printed solutions when required.

Telcoss vehicle fleet full cab wraps

Applebridge Family fleet with cut vinyl and Chapter 8 chevron kits

cut vinyl graphics

We carry generous stocks of different grades of vinyl to ensure that your vehicle is fitted with the most appropriate graphics for its use. With hundreds of colours available including matt, gloss and metallic finish options, we will help you select the right choice for your brand to obtain the highest level of consistency possible.

When digitally printing with elements of your logo or branding, we have the latest high end technology in house. Our HP Latex 560 and Epson Sure Colour S80600L printers will ensure the best results achievable.

High resolution photographic images or elements of fading present no issue for our technology here at Sign Design GB.

Invite us on board with your business and branding to ensure that your vehicles are noticed for all the right reasons - we know you won't be disappointed.

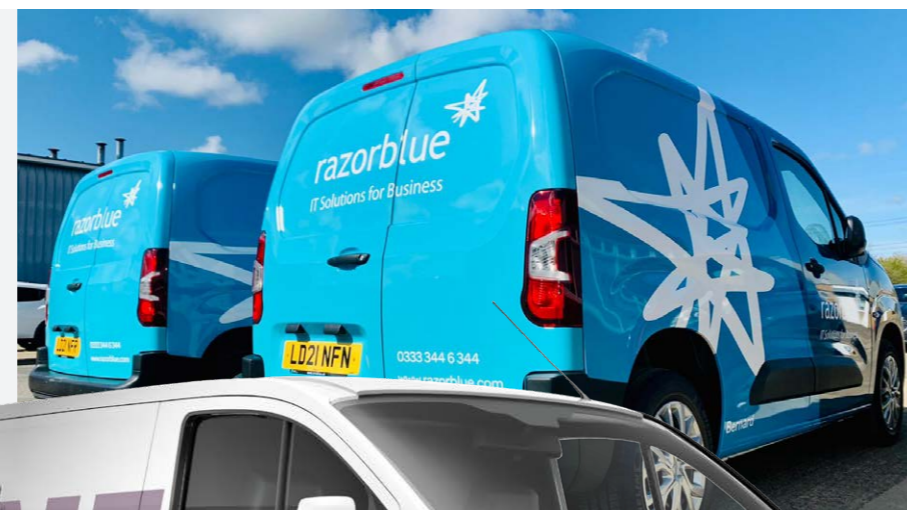

full vehicle wraps

A bespoke full wrap is bound to get you noticed on the road; done correctly, a full wrap works as a mobile advertising board for your brand and can be one of the most cost effective investments you can ever make. With our premium materials and in-house expertise, there are no limitations to which parts of a vehicle can be covered; we can even wrap the windows, bumpers and roof!

A part wrap can give your vehicle and company the wow factor without the cost implications of a full wrap. This can include the rear doors only, rear doors plus the rear quarter sides, or the rear doors plus the full panel sides. Cut vinyl details such as phone numbers or other contact information and tag lines can also be mixed in to the overall scheme.

exhibition & display

ask us about our merchandise packages

Sign Design GB are brand experts, how your brand is presented to the world is our speciality.

When you're a customer of ours, we take your brand to heart - how it's displayed and getting you noticed for all the right reasons is at the very core of our business.

There is no greater test or arena for this than in the world of exhibitions and branded items.

These showcase events are your opportunity to display your company or business to large numbers of people - so if you want to appear as professional as possible and really look the part, look no further than entrusting Sign Design GB and our team of branding experts to deliver.

all things exhibition

modular constructed stands

temporary displays i.e pull up banners

stand merchandise

modular exhibition stands

Sign Design GB have extensive experience in bringing your brand from the page to an all-encompassing physical modular stand that will be the talk of a trade show or corporate exhibition.

From design to production and through to the final all-important branded touches, we can create a highly professional bespoke stand which will showcase your business and services in the most professional manner possible.

pop-up stands or screens

Pop-up stands are a great way to command attention at exhibitions and events, helping to attract attention and ensure your business or services are presented in a professional and visual manner.

Our pop-up display stands fold away neatly into a carry case small enough to comfortably fit into the boot of a car and are available in a variety of portable sizes.

These pop-up stands are quick and convenient to assemble, requiring no tools and are absolutely ideal for tucking neatly into trade show shell schemes.

banner stands

Whether you're looking to promote a specific product or raise awareness of your brand and services, our pull up banners are a superb cost effective promotional tool.

We offer a design and printing service on anti-scratch material along with a free padded carry case for easy storage and transportation.

Banners are available on a standard max flat PVC or biodegradable PVC-free grey back material. Both of these products conform to FR EN13501 for fire safety and are suitable for indoor and outdoor use.

design, print & digital

**At Sign Design GB we care about you and your brand. Let's repeat that...
AT SIGN DESIGN GB WE CARE ABOUT YOU AND YOUR BRAND!**

Put simply, we make your brand our business - brand consistency and visibility is at the heart of every one of our product ranges.

Once we've created or re-freshed your branding, we can then roll it out across all of our services which includes - Signage, Design, Printing, Vehicle Graphics, Apparel, Interiors, Exhibition/Branded items and Digital solutions.

Whatever your design requirements are, we can offer a step by step process to ensure your vision becomes a reality.

A strong branded theme can do wonders for your business, especially if you are trying to stand out from the competition. Additionally an influential visual identity can help you communicate your brand, build a stronger brand image, and create awareness and a positive impact on your customers and clients.

Too many businesses don't think about graphic design and branding because they just assume that they are good enough. This is one of the main

reasons why they may not maximise their opportunities. Sign Design GB understands that graphic design is not just about aesthetics - it's about developing a cohesive brand identity and credibility that is uniquely yours.

Our in house team have years of experience across a wide range of industries including retail, construction, advertising, business to business sales, hospitality, financial services and more; they'll work with you to understand your business and offer guidance to ensure that sales and growth is maximised.

As well as designing for print we also offer a digital design service, artwork and print service plus a bespoke art and illustration service.
