

Graphic designer and production-minded illustrator experienced in taking vector artwork from concept to finished print, including letterpress. Advanced in Adobe Illustrator, with a strong foundation in typography, color, and visual hierarchy across brand identity, print collateral, and digital marketing. Detail-oriented and organized, with experience managing multiple projects with deadlines.

PROFESSIONAL EXPERIENCE

ECOSA INSTITUTE | DENVER, CO

Junior Designer & Marketing Intern

June 2026 – Now

- Lead social media strategy and content design across Instagram, TikTok, and Facebook, building a consistent brand presence across all three channels.
- Increased Instagram views by 252.6% and grew the follower base in one month.
- Launched the institute's TikTok presence from scratch.
- Designed sponsor recognition graphics and captured video content for institute events.

ASSEMBLY STUDENT LIVING | DENVER, CO

Marketing & Design Intern

Dec 2025 – July 2026

- Selected for a newly created marketing role to support branding, resident engagement, and leasing initiatives, reflecting strong performance and two prior promotions within the organization.
- Designed marketing and promotional materials using Adobe Illustrator, InDesign, and Photoshop for events, signage, and digital platforms.
- Supported leasing and community engagement efforts by creating visually consistent materials aligned with brand standards

Residential Services Coordinator/Leasing & Marketing Specialist

Aug 2024 – Dec 2025

- Managed front desk operations and resident communications in a high-volume environment.
- Supported leasing operations through resident communication, tours, and application processing.
- Maintained leasing documentation and responded to inquiries with professionalism and accuracy.

PROJECTS

Personal Brand & Letterpress Stationery

- Designed a personal brand identity and applied it to a stationery suite, taking the artwork from vector files to finished letterpress prints.
- Managed every production step except plate making, including file prep, ink and paper selection, press setup.
- Explored multiple concepts and styles through sketching, then redesigned the identity after critique to strengthen its professionalism.

Downtown Denver Typographic Persona

- Designed an original uppercase and lowercase typeface from letterforms found on historic downtown signage, extrapolating missing characters to complete the set.
- Produced a 15-poster series pairing the typeface with photographs of its source buildings, designed and exhibited together as a public installation.
