

Environmental Policy Statement

BS(D).10.05

Nov 23

Our Commitment to the Environment

Bridgestone are committed to reducing the impact we have on the environment and manage our environmental impacts through our robust Environmental Management System. Our management system is accredited to ISO14001 and we are committed to the continual improvement of it.

Every member of the team understands the impact of our operations and takes responsibility for protecting the environment.

The Company is committed to continual improvement, the prevention of pollution and compliance with relevant environmental legislation, and other associated requirements.

We set clear objectives and targets throughout the year and is committed to developing in an environmentally conscious way by:

- Reducing waste and increasing re-use and recycling
- Increasing efficiency in the use of utilities
- Reducing CO₂ emissions
- Improving efficiencies in our fleet with a green travel policy
- Improving the knowledge of all our employees regarding the environment and the impact both they and the business have on it
- Continually reducing environmental impacts associated to our activities
- Continually improving performance of our IMS to enhance environmental performance

The Company's Environmental Policy forms the cornerstone of our environmental management system and is endorsed at the highest level within our organisation.

A handwritten signature in black ink, appearing to read 'M. Lyons', with a long horizontal flourish extending to the right.
