EXPERIENCE

Generative AI Annotator

Covalen Solutions | Dublin, Ireland | 2025 - current

- **Contributed to training Meta's LLaMA AI model**, applying precision labeling, dataset refinement, and visual consistency to improve AI performance.
- **Applied design-oriented skills**(layout, color accuracy, and composition) to enhance AI dataset quality and support creative, human-centered outputs.
- **Explored AI-assisted creative tools** and workflows, gaining insights into how emerging technologies shape the future of design and digital industries.

Freelance Digital Designer

Alexander Adamczuk UI/UX | Dublin, Ireland | 2024 - 2025

- **Delivered full visual identities, websites, and design systems** for early stage startups within budget and scope.
- **Designed a logo and e-commerce site** for a tattoo practice material startup. Created a headphone-inspired logo for AI-powered music platform **Pro Music**.
- **Reimagined and produced** a print edition of a **1968** Polish children's book **Pies z Ulicy Balamutów**, combining editorial design and typography expertise.

Graphic Designer

Skup Technologies | Warsaw, Poland | 2023-2024

- **Designed UI for a language learning mobile app**, collaborating directly with clients to translate vision into functional designs.
- **Partnered with developers**, delivering **HTML prototypes** and ensuring seamless implementation.
- **Strengthened team communication and collaboration** skills, and seeing my designs come to life in a functional app was a rewarding experience.
