## PROFILE

Dedicated Product Design student focused on creating products that support individuals with physical disabilities, while seamlessly combining aesthetics and practicality. My work prioritizes accessibility, ergonomics, and usability, ensuring that products meet functional needs and improve the quality of life for users. With a strong foundation in research, ideation, and prototyping, I convert initial sketches to final solutions.

## WORK EXPERIENCE

GD Goenka Public School, Sec-48, Gurgaon

**School Art & Design Team, Head** **2016-21**

- Designed invitations for **50+** school events using Adobe Creative Suit.
