Product & Prototype Lead

Tronic.app

Dallas, TX - Jan 2023 - Jan 2024

As a senior-level professional at Tronic, a trailblazer in Web3 and membership program innovation, I serve as the Design & Prototype Director. In this role, I lead and drive our organization's design and prototyping initiatives, overseeing a talented team. My focus is on delivering high-quality design concepts and prototypes that align with our strategic vision. My leadership style combines creativity with a deep understanding of design principles and prototyping methodologies, contributing to Tronic's industry leadership.

- Guided and empowered design teams, fostering a culture of innovation that resulted in a 25% boost in productivity and a 20% reduction in project delivery times.
- Implemented a comprehensive design system, lauded by industry peers for its role in achieving a 30% reduction in design iteration cycles and a 40% enhancement in brand consistency.
- Drove user-centric design principles throughout the organization, leading to a 15% increase in user satisfaction, a 25% decrease in post-launch issues, and a reputation for quality and customer-focused innovation.

Mid UX/UI Designer

900LBS Creative Agency

Dallas, TX - May 2022 - Dec 2022

As a mid-level professional, I led user experience and user-centered design across various domains, including SaaS, B2B, B2C, AR/VR/MR/XR, and web applications. My focus was on creating clean, visually appealing digital experiences aligned with branding requirements. Additionally, I conducted research, designed interactive project systems, and ensured adherence to client expectations, budgets, and timelines.

- Created wireframes, prototypes, and user flows for SaaS/B2B/AR, XR and Web Apps, improving workflows.
- Designed engaging interfaces for web/mobile apps, enhancing aesthetics and engagement.
- Led user research, usability, User testing, and A/B testing, yielding a 20% satisfaction increase and 15% higher conversions.
- Worked closely with developers to align design with user needs and business goals.
- Established style guides for consistent, visually appealing cross-platform experiences.

UX/UI Designer

Groove Jones

Dallas, TX - August 2021 - May 2022

Drove integrated campaign strategy, creative concept development, and user-centric UI/UX design, specializing in device human interface guidelines, VR/AR UI, 2D animation, motion design, and emotionally resonant design. Applied design thinking principles to deliver comprehensive integrated solutions for AR/VR/MR/XR and web applications. Collaborated with industry giants such as Meta, Exxon, AT&T, AAON, NBC, Toyota, and more.

- Delivered top-tier UX solutions, including wireframes, visuals, flow diagrams, storyboards, site maps, and prototypes, resulting in a 15% increase in user satisfaction and a 20% improvement in task completion rates.
- Effectively communicated design solutions to engineers and stakeholders, streamlining project execution and reducing design-related rework by 25%.
- Collaborated closely with developers to ensure a 10% reduction in design implementation time, leading to more efficient project delivery.
