Namma Privacy 2025 - an initiative by DPO Club. Our team is excited to bring together experts and enthusiasts to explore privacy, data protection, and cybersecurity in India's digital space. Join us for an insightful experience as we delve into these crucial topics.

With experts representing academia, industry, law, and policy making, join us at this coverage to steer a privacy movement in India. As India embraces the Digital Personal Data Protection Act, 2023, this conference becomes a pivotal platform, fostering awareness and collaboration to empower individuals with their data protection rights.

Uncover valuable insights from global industry leaders, legal experts, and policy influencers covering security, privacy, AI, and cybersecurity. Seize the opportunity to break down barriers hindering the adoption of privacy rights. Become a catalyst for change, molding India's data protection landscape. This is an investment worth making – empower yourself and contribute to the nation's digital resilience!

Let us ignite India's Privacy Revolution together at Namma Privacy 2025.
