This policy contains important information that affects the processes our members use.

Player Allocations

1.1 Subject	Club policy on the player allocation process.
1.2 Purpose	The club will allocate players when they register with the club in age groups that participate in non-competitive club competitions at various levels under the control of Capital Football and the Monaro Panthers Football club. The allocation process is designed to assist the club in making some judgment on the level of requirements for teams and players in order to place each player into an appropriate team.
1.3 Principle	Allocations are carried out so that: 1. players participate in a level of competition that is consistent with their own skills. 2. players will benefit from training with others of similar ability. 3. coaches can easily conduct training sessions that are suitable for the whole team.
1.4 Responsibilities	The Grading Team has overall control of the placement process. Appointed Age Coordinators will be the only individuals, with exception of the The Grading Team that have the authority to allocate players to individual Teams.
1.5 Process	Players that are to be registered in teams that do not require grading (e.g. MiniRoos) will be allocated team placements in the order that the club receives current registration forms. No team positions will be held for individuals that have not undergone the grading process or an assessment by the Junior Development Officer. Every effort will be made to ensure all players are placed into teams of equal Capability, however, Coaches, individual players or parent/guardian of a player may request the club in writing, that a registered player be placed in a certain team. No guarantee of placement in any particular team can be given nor is implied in any way.
1.6 Disputes	Any parent/guardian dissatisfied with the final placement of a player is to be directed to the respective Age Coordinator and the Youth Development Officer regarding any concerns with the allocation process or for advice on how to proceed with any complaint. Club official's and representative's decisions are final in these matters.
1.7 Unauthorised activities	No unauthorised person will allocate, select or name players to an individual team. No unauthorised person will allocate or select a name for an individual team.
