Hello, I'm
Noah Mah

Vancouver-based Product Designer who is a fun to work with, honest, and big-hearted human.

EXPERIENCE

Head of Design at StayShure

May 2022 - June 2024 | Vancouver, Canada (Remote)

Led design, development and project management efforts, ensuring smooth execution and meeting success metrics with our internal and client projects.

Working closely with the Executive team, I prioritize tasks, offer strategic direction, manage design systems, write design/development SOPs and mentor team members.

Under my leadership, our designer/developer employee retention increased by over 50%. Helped StayShure reduce employee turnover in the past year by 90% on my teams.

Principal designer on 15+ Saas-based projects. Coached and mentored 8+ designers through the Design Thinking Process. Applied iterative improvement to internal SOPs and team workflows. Facilitated collaborative environment for successful design to development handoff.

Digital Media Specialist at Volatus AeroSpace

May 2021 - Apr 2022 | Vancouver, Canada (Hybrid)

Managed and maintained the operation of 12+ websites, e-commerce shops, and other web apps. Created centralized systems for content management used across portfolio of 10+ brands. Lead on email marketing and social media for core company offerings.

Worked together with Chief of Communications to upkeep or redesign branding of all Volatus-owned companies. Started grassroots initiatives on ideation, UI design, prototyping, and development of internal software solutions.

Web Designer at UAViation Aerial Solutions

Apr 2021 - May 2021 | Vancouver, Canada

Spearheaded website redesigns with revised branding, new page designs and content writing. Refocused SEO to target local audiences. Optimized website performance with over 90% performance on PageSpeed Insights.
