HEXAGUL BOTTLE

The Hexagul Bottle brings a bold, geometric edge to your everyday hydration. Crafted from recycled stainless steel, its hexagonal shape isn't just for looks—it offers two full imprint areas to show off your brand or design. The double-wall insulation keeps drinks at the perfect temp, whether you're grinding late-night sessions or on the move. Durable, modern, and eco-conscious, Hexagul proves style and sustainability can play on the same team.

VERSACORD

Tame your tech tangle with Versacord—the compact 5-in-1 cable that handles every device you throw at it. Featuring USB-C, USB-A, Micro USB, and iOS-compatible tips, it's all housed in a sleek recycled plastic tube that clips easily to your gear. The braided rPET cable is as tough as it is portable. Say goodbye to cable clutter and hello to fast, clean connections.

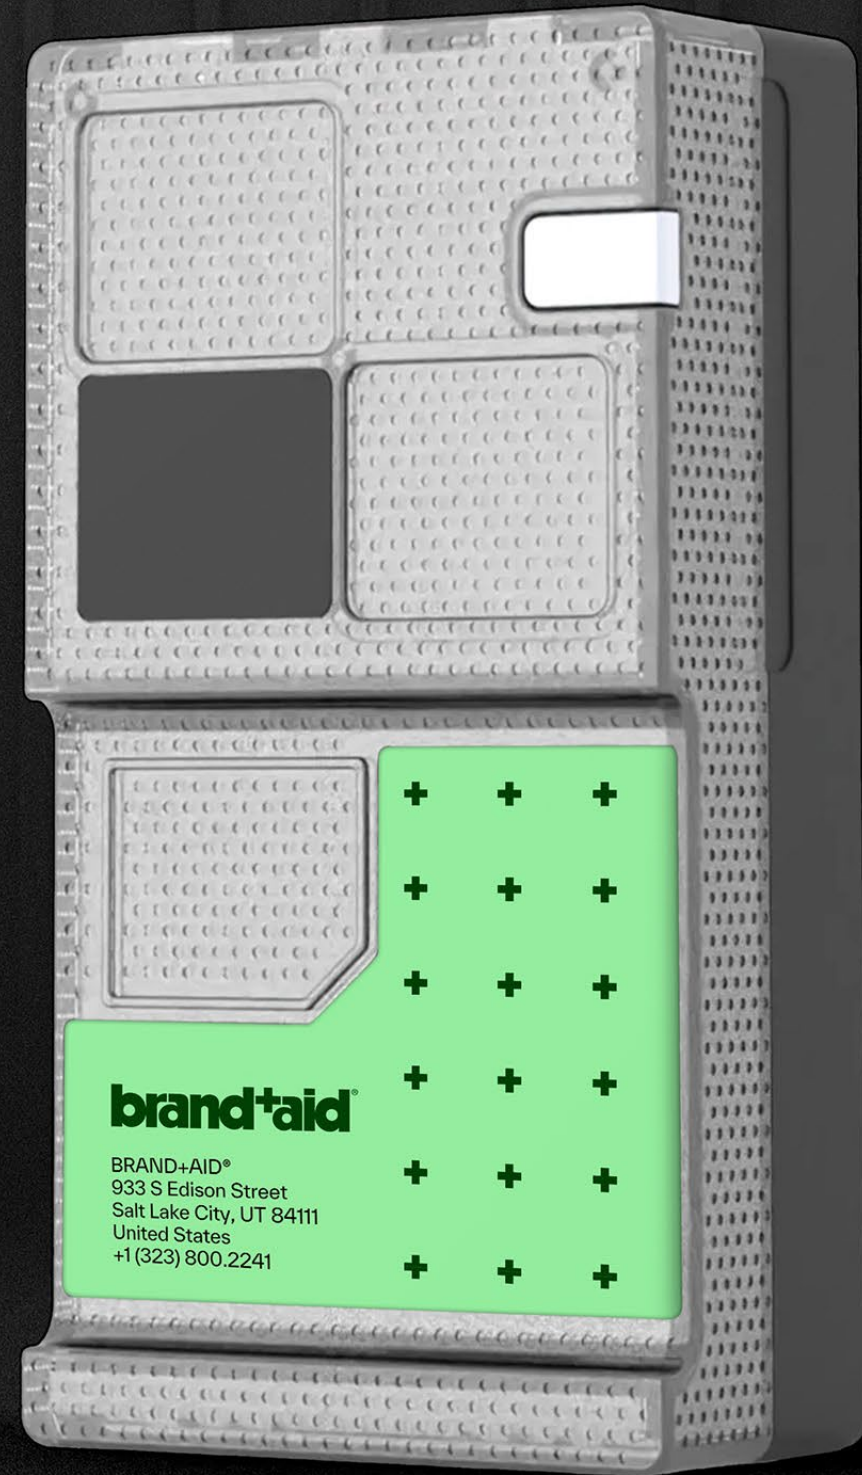

GAMING CHAIR

Built for long sessions and peak performance, this high-back gaming chair wraps you in ergonomic comfort. Adjustable arms, tilt control, and lumbar support keep you locked in while embroidered decoration adds a custom touch. With a design pulled straight from the arena, it's the ultimate throne for streamers, players, and pros alike. Level up your setup—and your posture.

ELEXA POWERBANK

Elexa packs serious power into a sleek, recycled body—20,000mAh strong with enough juice to charge phones, tablets, and even select laptops. Its LCD screen shows exactly how much energy you've got left, and the dual USB-C fast-charge ports keep your gear game-ready. Bonus: the packaging flips into a soft-glow night light. This isn't just a powerbank—it's your mobile command center.

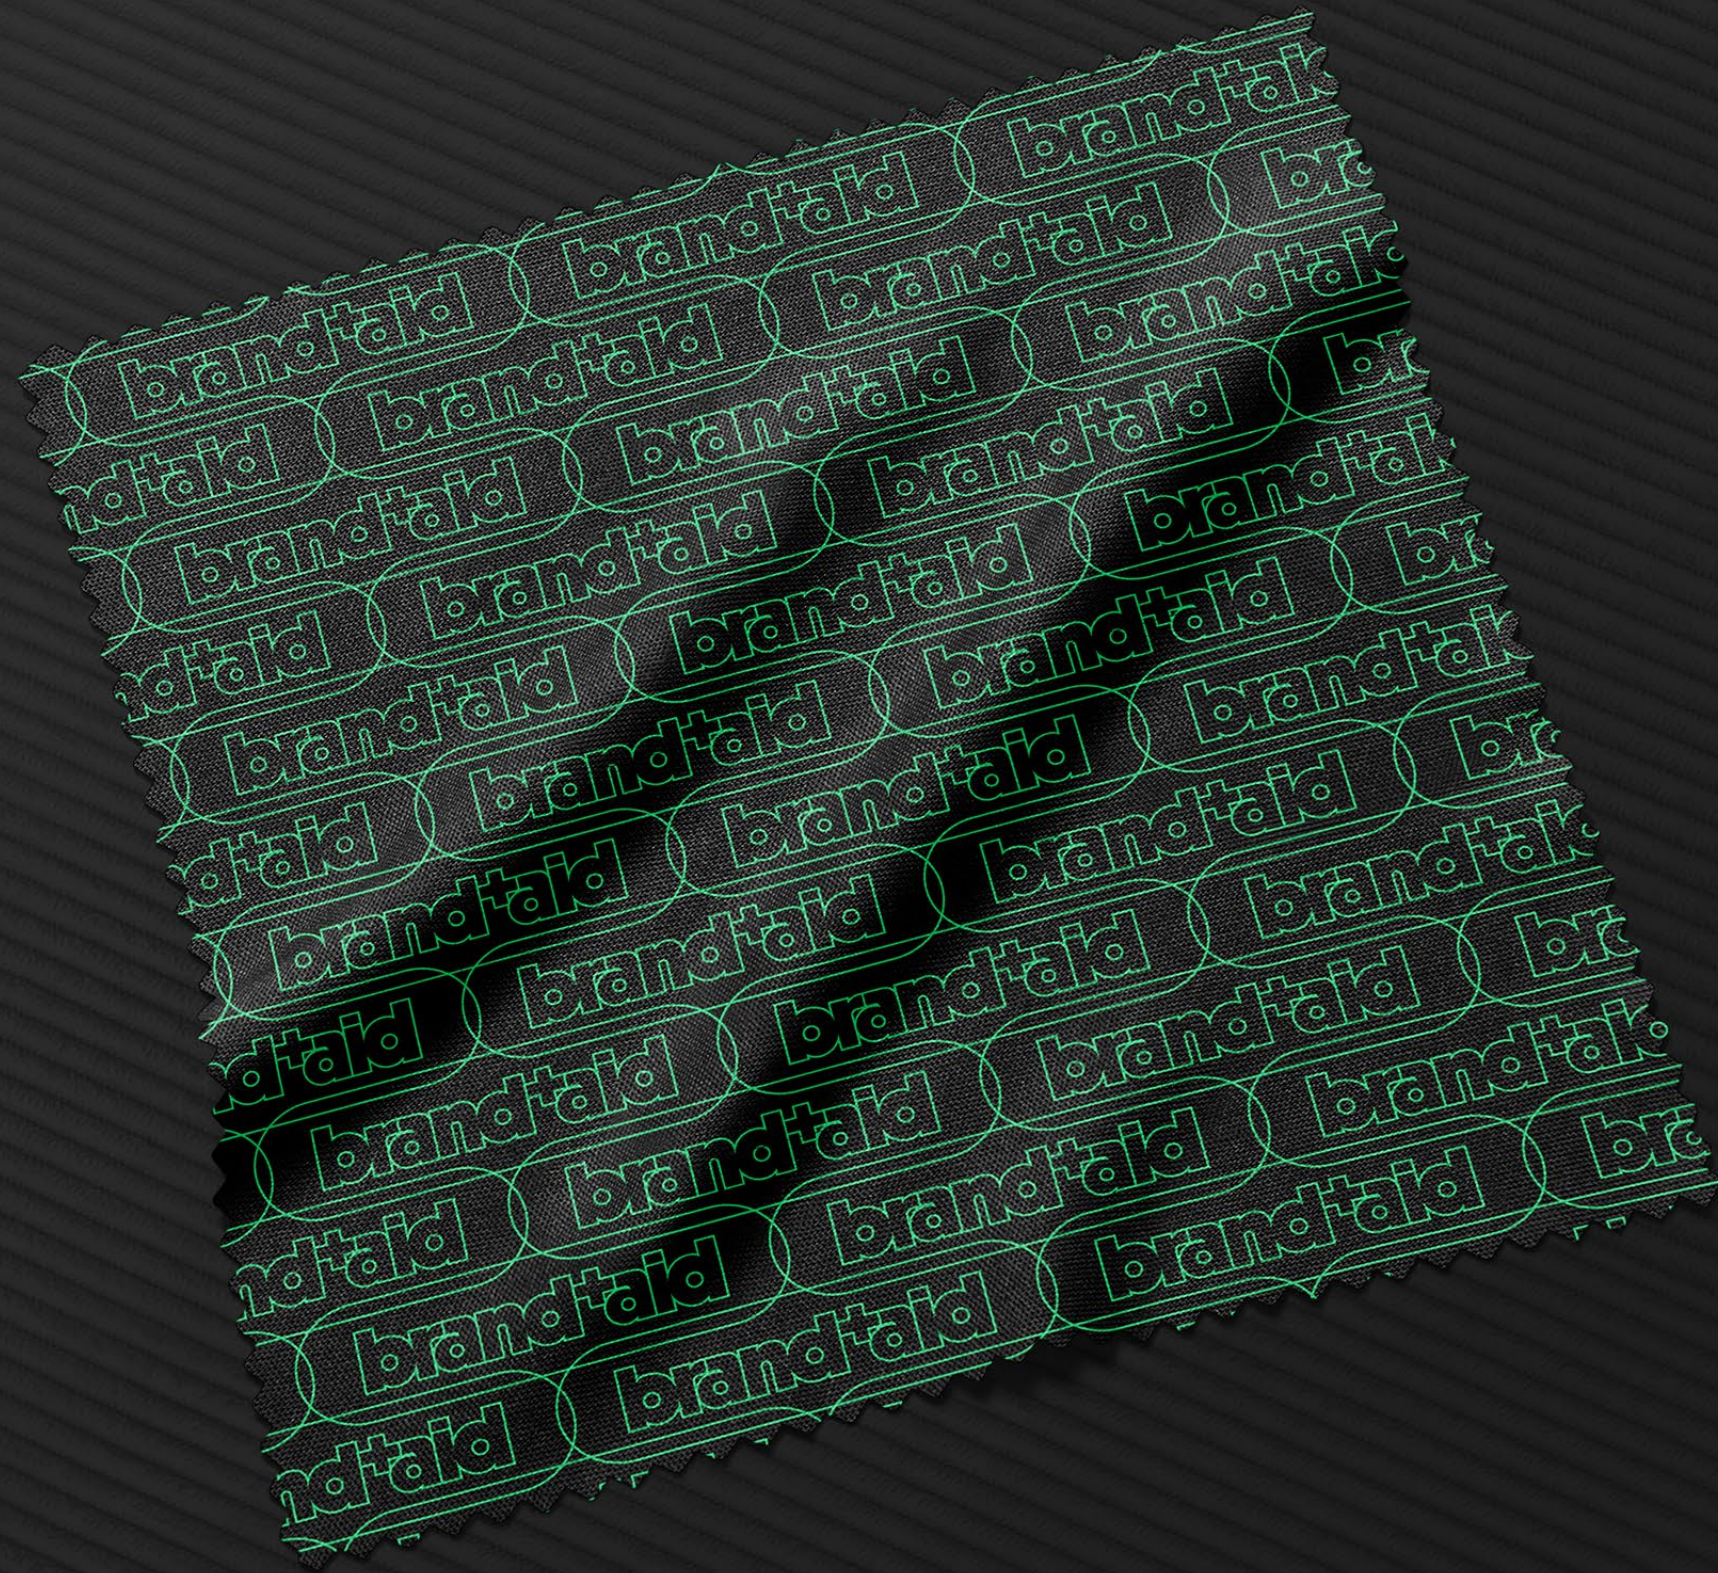

ULTRAZ HEADPHONES

UltraZ redefines focus with 40mm drivers and -35dB active noise canceling that blocks the world so you can stay in your zone. Whether you're streaming, traveling, or deep into a campaign, 40+ hours of battery life ensures your sound doesn't quit. Built-in mics sharpen calls, while USB-C keeps you charged and ready. All packed into a recycled, travel-ready form with premium comfort.

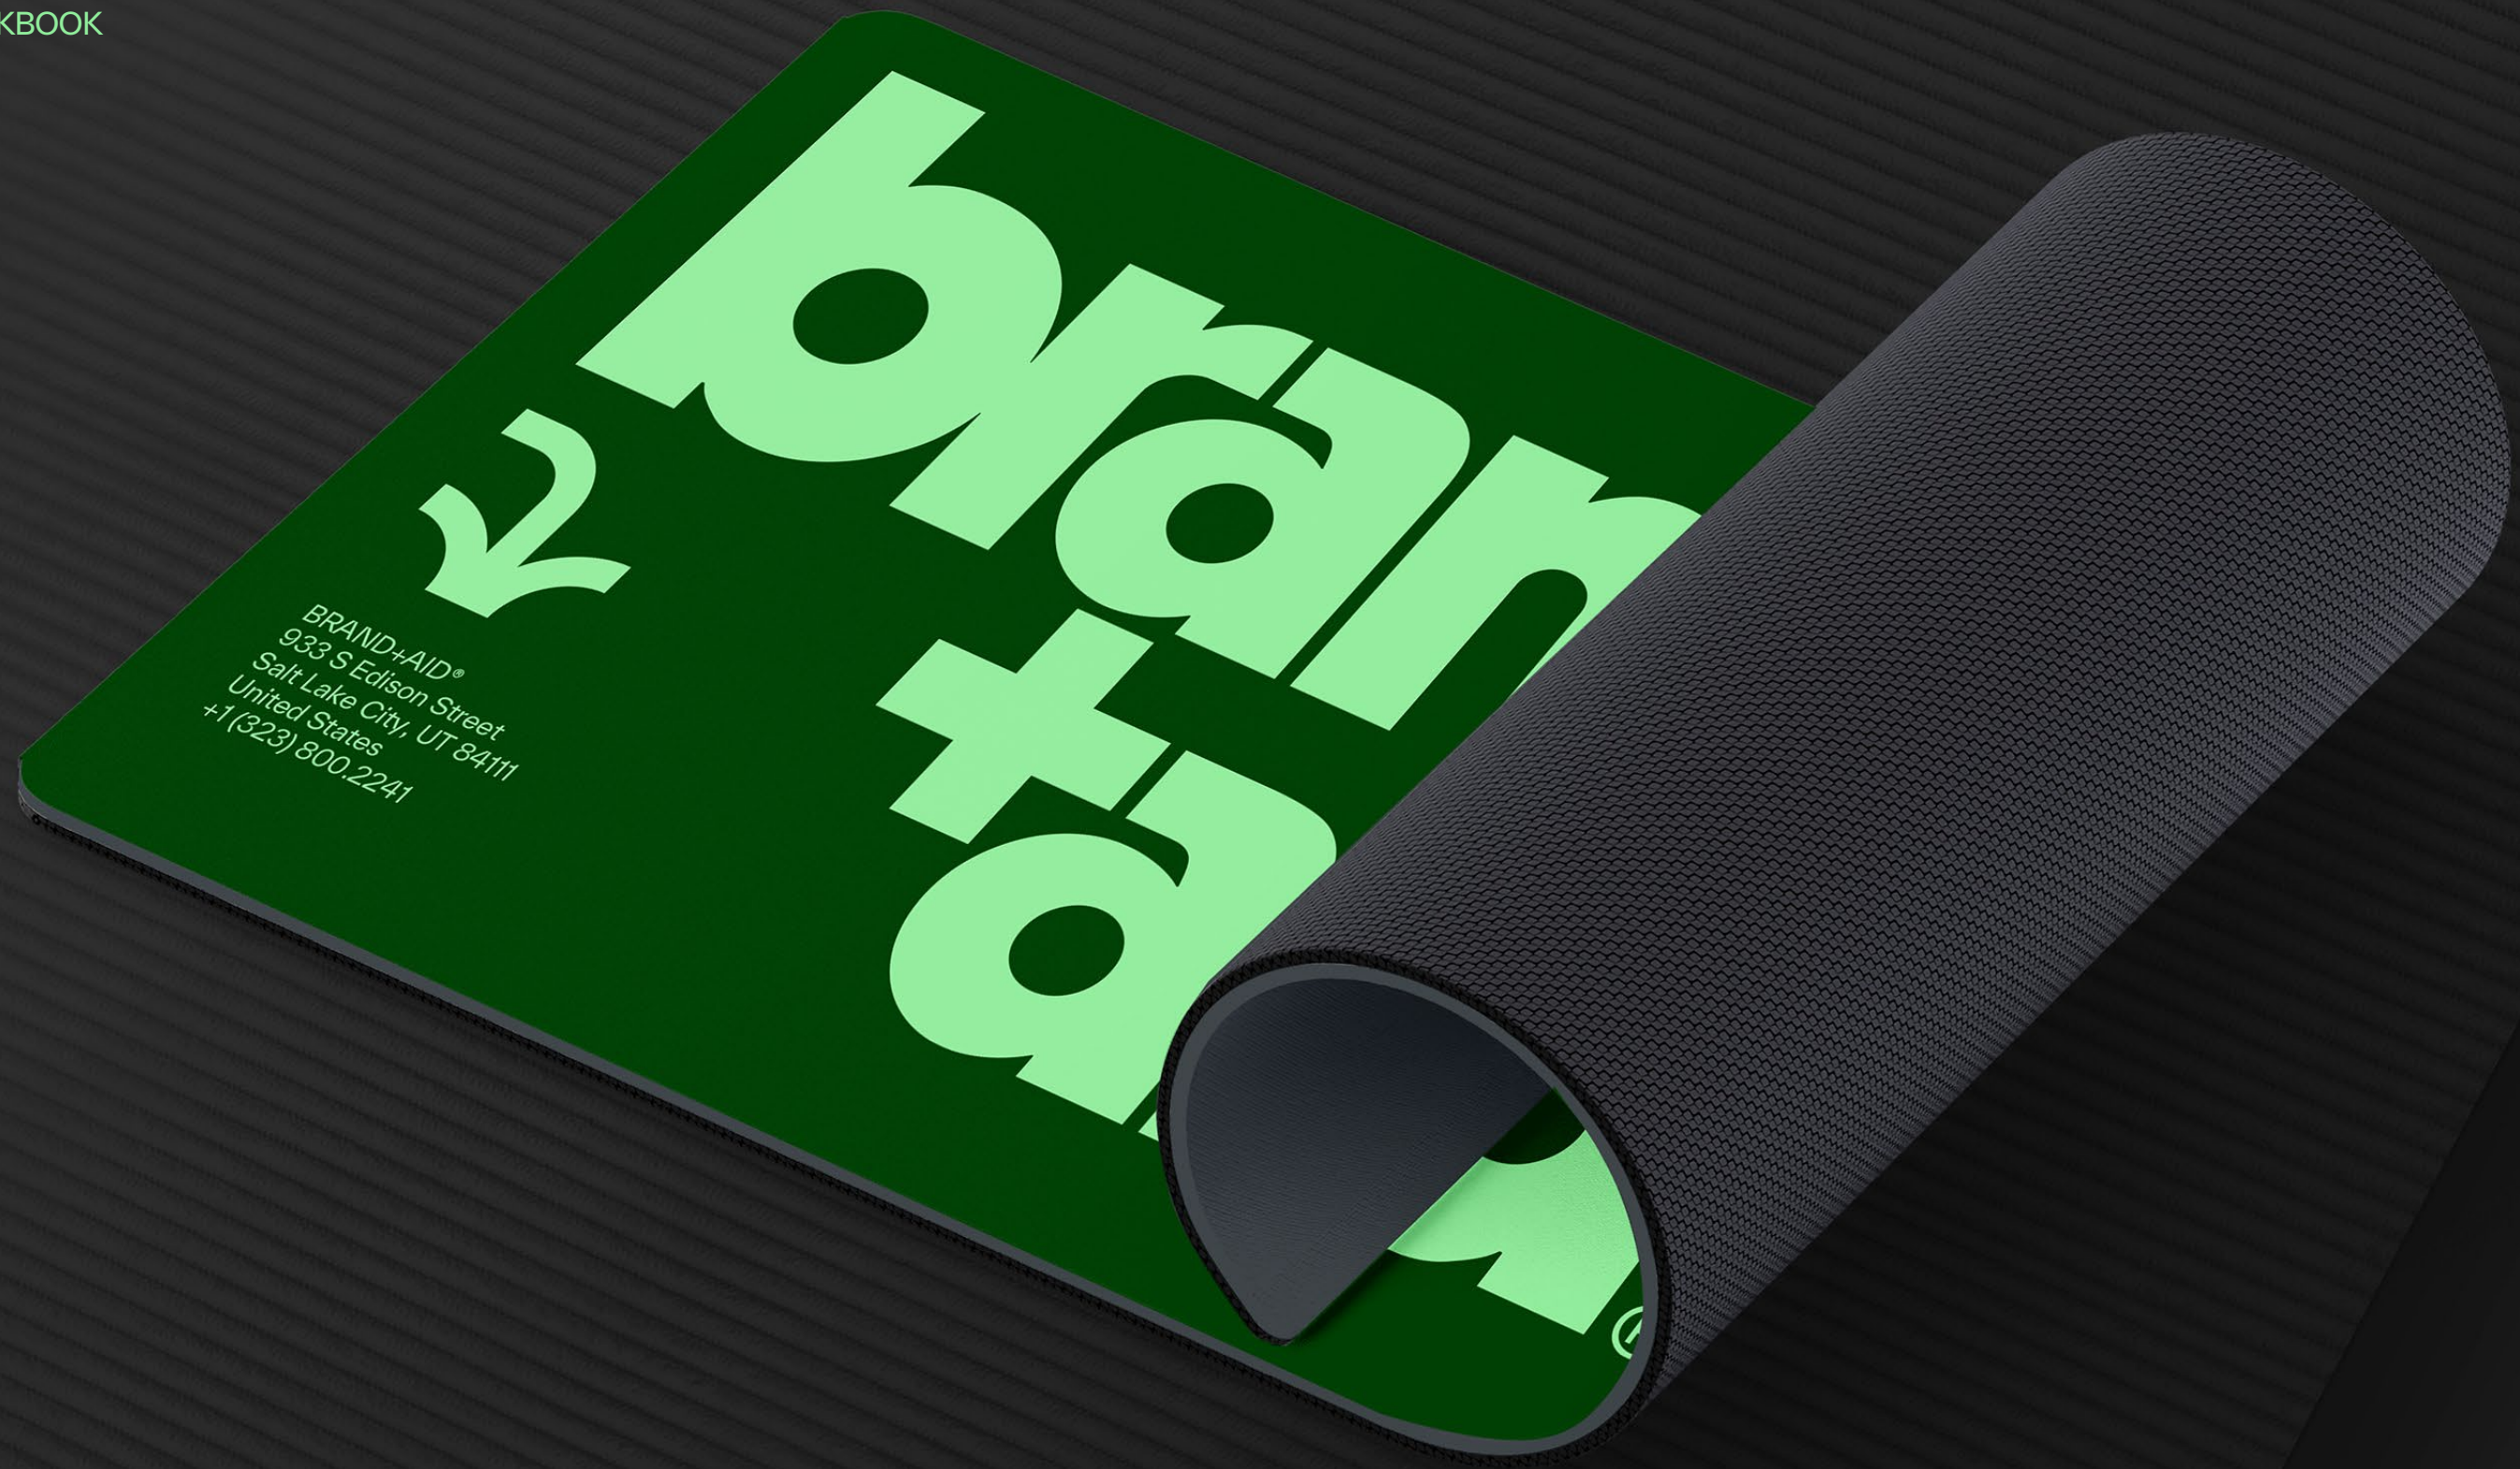

MICROFIBER CLOTH

Ultra-soft, full-bleed microfiber that cleans screens, glasses, and gear without a scratch. Whether you're wiping down your headset or clearing smudges off your monitor, this cloth keeps your view crystal clear. Edge-to-edge print offers a bold canvas for your logo or artwork. A small detail, but a clutch one in any gamer's kit.

DESK MATTE

This premium desk mat transforms any surface into a full-scale battlestation. With full-bleed edge-to-edge printing and a rubber anti-slip base, it stays locked in during high-pressure moments. Smooth, high-quality material enhances mouse glide and visual impact alike. It's function meets flair—right under your fingertips.

GALINDO BACKPACK

Designed for creators on the move, the Galindo Backpack delivers structure and stealth with its recycled material shell and minimalist profile. Inside, 22L of organized space fits your laptop, gear, and more—plus a luggage strap and hidden stash pockets for smooth travel. The front panel offers a full digital imprint area for max customization. Galindo is clean, durable, and quietly powerful.

NEON SIGN

Bring your brand or avatar to life with a custom-cut neon sign built to match any logo or artwork. These vibrant LED signs are perfect for streaming backdrops, events, or gaming dens. With edge-lit glow and your shape in mind, it's a statement piece that wins the vibe game. Plug in and light up the room—literally.
