EDUCATION

Rochester Institute of Technology

August 2020 - May 2024

BFA in New Media Design, a combination of UI/UX design for mobile/web and motion graphics/animation. Immersion in written/oral French.

RIT PROJECTS

Dot Dot Dot - Senior Capstone

January 2024 - April 2024

Created an interactive exhibit projected on the floor that reacts to footsteps. Helped lead the animation efforts on the team creating assets as well as beginning/finishing the animations of several of the projections.

Basically Amazing

September 2023 - December 2023

Tasked with taking an ordinary object and showcasing why it is amazing, I designed a working 3D model of a pinball machine and built a website to accompany it, explaining the machine's history and functionality.

Creative Collision

October 2023

Created a 30-second animation within a tight 3-day timeframe, interpreting the prompt "reset." Led a diverse team of five students, that included freshman New Media Design majors and master's students in the VCD program.

Title Sequence

December 2022

Utilizing AfterEffects, I created an opening credits sequence for a movie within a two-week time frame, resulting in a final piece that extended over a minute.

EXPERIENCE

Bartender M.Special, Goleta CA

June 2024 - Current

English Teacher, Busan South Korea

June 2022 - August 2022

Instructed a diverse range of students aged 14 to 50 in English, covering both everyday conversations and comprehensive lessons on grammar & vocabulary.
