OBJECTIVE

I'm a results-driven Graduate with a B.Tech in Electronics and Communication Engineering. Proficient in front-end and back-end development using Python, Django, and Flask. Experienced in web development, version control, and database management. Developed applications including an Online Library Management System. Committed to delivering high-quality solutions and collaborating effectively within cross-functional teams.

EDUCATION

Bachelor of Technology, Kakatiya University 2019-2023
Completed Graduation in Electronics and Communication Engineering and Secured a 7.28 CGPA [69%].

SKILLS

Programming Languages	Python
Web Development	Django, HTML, CSS, JavaScript
Software Development	Object-Oriented Programming(OOPs), Clean Coding
Version Control and Collaboration	Git, GitHub, Cross-Functional Collaboration, Problem-Solving
Database and Other Technologies	SQL, UI/UX Design, Continuous Learning

PROJECTS

Online Library Management System ([Click Here](#))

- **Description:** Developed a web-based application using Django that allows users to search for, borrow, and return books.
- **Key Features:** Developed a web-based Online Library Management System using Django, featuring robust user authentication and authorization to ensure secure access, comprehensive book search functionality with advanced filtering options, and an efficient borrowing and returning system that includes due date tracking to manage book loans effectively.
- **Technical Skills Demonstrated:** Python, Django, HTML, CSS, JavaScript, SQL, Git, Object-Oriented Design.

Personal Finance Tracker ([Click Here](#))

- **Description:** Created a personal finance tracking tool using Flask to help users manage their income and expenses.
- **Key Features:** Created a Personal Finance Tracker using Flask, which includes a comprehensive dashboard displaying income, expenses, and savings, category-wise expense tracking for detailed financial management, and data visualization features to provide clear financial insights.
- **Technical Skills Demonstrated:** Python, Flask, JavaScript (for charts), SQL, Unit Testing, Agile Methodologies.

CERTIFICATIONS

- Certified as Full Stack Web developer. [Check Here](#)
- Introduction to Python Programming. [Check Here](#)

HOBBIES

- Exercise
- Cooking
- Contributing for OpenSource Projects
- Reading Self-Help Books
