SOCIAL NETWORK

Established in 2001, Go2Sign Printing Inc. has built a reputation for exceptional quality and outstanding customer service. We offer a wide range of signage solutions, including acrylic, aluminum, and stainless steel signages, as well as LED, neon, and other signage materials. Our commitment to exceeding expectations has earned the trust of businesses across various industries, including stores, restaurants, and corporate clients. Let Go2Sign Printing Inc. be your partner in creating impactful and long-lasting signage.

About Us

Our mission is to deliver innovative and high-quality signage solutions that enhance brand visibility and create lasting impact. We are committed to combining skilled craftsmanship with premium materials to ensure that every project meets the highest standards of durability and design. Through exceptional service and dependable after-sales support, we strive to build long-term relationships with our clients and help businesses across the Philippines communicate their brand effectively.

MISSION

To be a leading signage fabrication company in the Philippines, recognized for our expertise, commitment to quality, and customer-focused approach. We aim to continuously innovate and set new standards in the signage industry, expand our reach nationwide, and empower businesses to showcase their identity through outstanding visual displays.

PRODUCT SPECIFICATION

Item	P2.0
Pixel Pitch	2.00mm
Module Size	320*160mm
Display Resolution	344*1032
LED Encapsulation	SMD 1515
Pixel Density (pixel/ screen)	355008
Display Size	640*1920mm
Cabinet Material	Sheetmetal, die-casting aluminum
Frame Color	Black (default)
Weight(kg/pcd)	40
Brightness	850cd/sqm
Drive Mode	1/43s can
Optimum Viewing Angle	160°(V), 160(H)
Display Color	4400 billion
Grayscale	16bit
Refresh Frequency	1920Hz/3840Hz
Contrast	3000:01:00
Opera Tig Power	AC110V-240V, 50-60Hz
Imputy Oltage(W/screen)	310
Average Power(W/screen)	100
Display mode	Synchronous Control
Control Mode	Wifi Network
Support Video Files	MPEG/H.264
Operating Temperature	-10 C - + 60 C
Lifespan	100,000 hours
