

140 Clubs & 13,500 Members, One Connected Platform

Sask Volleyball

How Saskatchewan's provincial volleyball association brought registration, payments, and communication onto one platform.

13,500

Members registered

140

Connected clubs

375

Teams on the app

~9,800

Active app users

The Challenge

Sask Volleyball supports a large, province-wide community spanning indoor competitive, indoor recreational, and beach volleyball. Coordinating that many members, clubs, and programs created friction across registration, payments, and communication.

- **Registration and retention** – getting thousands of players, coaches, and officials registered properly, and keeping them active, was the single biggest challenge.
- **Many programs and seasons** – membership fees and sanctioned-event registration spanned the competitive indoor calendar through summer beach.
- **Fees across many clubs** – collecting and reconciling payments across a network of independent clubs was cumbersome to manage centrally.
- **Communication at scale** – reaching a large, dispersed group of members and families with timely messages was difficult.
- **Cost pressure** – the previous provider carried higher costs than the organization wanted to pass along to clubs and members.

Why Sask Volleyball Chose TeamLinkt

- ✓ **A low-risk starting point** – began in 2019 with the free team app.
- ✓ **Genuinely easy to use** – intuitive, flexible setup, configured their way.
- ✓ **Communication that scales** – messaging large groups is fast and simple.
- ✓ **Support that shows up** – a responsive team helped build their first forms.
- ✓ **Centralized, club-level collection** – parent-child accounts collect through clubs.
- ✓ **Lower cost** – meaningful savings versus the previous provider.

WHAT THEY USE IT FOR

Member registration and fee collection across all programs, sanctioned-event registration, the free team management app, and group communication – all through a parent-child account structure connecting 140 clubs.

The Implementation Path

The partnership grew in stages – starting with a free, low-commitment tool and expanding into full province-wide registration and payments.

1 FALL 2019

Free team management app

Sask Volleyball partnered with TeamLinkt to promote the free team app to clubs and teams across the province – an easy way to organize teams and communicate.

2 2024 EXPANSION

Registration & payments

The organization expanded to TeamLinkt for registration and payment collection – membership fees and sanctioned-event registration – across indoor and summer beach programs.

3 2025-2026

Province-wide scale

Today, Sask Volleyball runs registration for 13,500 members through 140 connected clubs using the parent-child structure, with 375 teams and ~9,800 active app users.

The Results & Payoff

Registration – previously the biggest challenge – is now much less of a hassle, and switching over was straightforward with TeamLinkt's hands-on setup help.
