Experience

Product Designer

TIFFOSI

Montevideo, UY

January 2024 - Present

I am the only product designer creating a responsive e-commerce app; I design all of the user experience and visual designs. I'm leading the team from end-to-end, including persona creation, user research and usability tests. I work closely with the CEO to develop the product vision and strategy.

Co-Founder & Designer

redban

Montevideo, UY

March 2023 - Present

I created the product concept and recruited co-founders. I designed all of the user experience and visual designs for a responsive app. I'm leading the team from end-to-end, including persona creation, user research, usability tests, branding and marketing; also developing the product vision and strategy. I am the only product designer.
